ALABAMA, North Central

Marengo County

3.6 NNE Dixons Mills to 5.5 SW Hugo	13	1235CST 1247CST	7.1	450	0	0	40K	0	Tornado (F1)
--	----	--------------------	-----	-----	---	---	-----	---	--------------

A weak tornado first touched down just east of US 43 about 3.6 miles north-northeast of Dixons Mills and traveled north-northeast across mostly rural, wooded areas. The tornado path ended just north of Octagon near the intersection of CR 33 and CR47. Numerous trees were downed along the path. Two parallel power lines owned by Alabama Power Company were damaged near the spot where the power lines crossed CR 30. Several outbuildings (barns and storage sheds) were destroyed. One brick home in the path of the tornado sustained shingle damage. Beginning: 32 06.556/87 46.522 End: 32 12.650/87 45.350

Perry County

.6 SW Uniontown to 1 NNW Uniontown	13	1338CST 1341CST	1.5	50	0	0	110K	0	Tornado (F1)
---------------------------------------	----	--------------------	-----	----	---	---	------	---	--------------

A small tornado touched down just southwest of Uniontown in an open area and traveled north-northeast across the western portions of Uniontown. The tornado ended just north-northwest of Uniontown in an open area. The tornado tore shingles off several houses in the southwest section of Uniontown in addition to downing trees and power lines. The tornado did similar damage to residential structures in the northwest portion of Uniontown. A one-story apartment complex lost a portion of its roof. Several trees fell on homes and blocked residential streets. Beginning: 32 26.587/87 31.219 End: 32 27.857/87 30.951
