Subject: Re: Thank you!

Hi Terri,

Sorry about the confusion regarding the transferred tracts, I must have misunderstood Ken when I spoke to him prior to sending you the information. Yes, A-12 was transferred on 2/21/02. A-5 was broken into three different tracts: A-5-1, A-5-2 and A-5-3. A-5-1 is expected to be transferred however, both A-5-2 and A-5-3 have both been deferred. Hope this helps.

Marjorie-

Marjorie - Happy New Year! Hope you had a restful vacation. Got the CD with the LANL boundary (.shp file) on it. Thank you very much. Your attached note said that tracts A-12 and A-5-2 have been deferred and may not be transferred after all. I also had A-5 listed as deferred. But I have A-12 as **already transferred** (2/21/02).

<<LT Schedule 04.xls>>

I have attached the Excel file we were given by Ken Rea (khrea@lanl.gov, 505-665-8969), Project Leader for Land Transfer. Can you confirm that A-12 (LAAO east) was NOT transferred in 02? Thanks!
