SUPPLEMENTARY INFORMATION: This investigation was instituted on September 18, 2007, based on a complaint filed by Pass & Seymour, Inc. (“Pass & Seymour”) of Syracuse, New York. The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. § 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain ground fault circuit interrupters

and products containing the same by reason of infringement of certain claims of U.S. Patent Nos. 5,594,398; RE38,293; 7,154,718; 7,164,564; 7,212,386; and 7,256,973. The complaint named 15 respondents.

On April 21, 2008, Pass & Seymour filed a motion for summary determination that it has satisfied the economic prong of the domestic industry requirement. The Commission investigative attorney filed a response in support and respondents Shanghai ELE Manufacturing Co., Cheetah USA Corp., Colacino Electric Supply, Inc., and Orbit Industries, Inc. filed a “Notice of Non-Opposition” stating that they did not oppose finding that the economic prong has been satisfied. No other responses were filed.

On May 23, 2008, the ALJ issued the subject ID, granting Pass & Seymour’s motion. No petitions for review were filed. The Commission has determined not to review the subject ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in sections 210.18 and 210.42 of the Commission’s Rules of Practice and Procedure (19 C.F.R. §§ 210.18, 210.42).

By order of the Commission.
