CHALENG 2007 Survey Results Summary

VISN 10

Site: VAMC Chillicothe, OH - 538

Note: CHALENG data is collected from two surveys. The CHALENG Point of Contact (POC) Survey is a self-administered questionnaire completed by the local VA homeless veteran coordinator. The CHALENG Participant Survey is completed by federal, state, county, city, non-profit and for-profit agency representatives, as well as local VA staff and homeless veterans themselves. Data was collected in the summer/fall of 2007.

A. Homeless Veteran Estimates (CHALENG Point of Contact Survey):

1. Estimated Number of Homeless Veterans: 90

2. Estimated Number of Veterans who are Chronically Homeless: 33

The federal Interagency Council on Homelessness defines chronic homelessness as follows:

> A person experiencing chronic homelessness is defined as an unaccompanied individual with a disabling condition who has been continuously homeless for a year or more or has experienced four or more episodes of homelessness over the last three years. A disabling condition is defined as a diagnosable substance abuse disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions (Federal Register Vol. 70, No. 53, March 21, 2005, page 13588; http://www.hud.gov/offices/adm/grants/nofa05/gensec.pdf).

We used the following formula to obtain this number:

> Estimated number of homeless veterans in service area **x chronically homeless rate:** percentage of individuals who have been homeless for a year or more or had at least four homeless episodes during the past three years AND have a mental health or substance abuse disorder). (Note: # of homeless veterans in the service area comes from 2007 CHALENG POC survey. "Chronically homeless rate" comes from FY 2007 homeless veteran intake data provided by the VA Northeast Program Evaluation Center. [Special thanks to Dr. Wes Kasprow, NEPEC investigator for providing this data.])

Our estimate is conservative. It DOES NOT also include veterans who do not have a substance abuse/mental health disorder but do have a disabling medical condition (VA does record information on medical conditions but not on whether the condition is "disabling").

B. Families, Housing, and Action Plans (CHALENG Point of Contact Survey)

1. Number of Homeless Veteran Families (veterans with minor dependents) Served in FY 2007 by local VA homeless program: 2

2. Housing Inventory

Housing Inventory	Beds*	# of additional beds site could use
Emergency Beds	180	230
Transitional Housing Beds	55	25
Permanent Housing Beds	33	50

***These are the number of beds that veterans can access, including both veteran-specific and non-veteran specific.**

3. CHALENG Point of Contact Action Plan for FY 2008*

Emergency (immediate) shelter	We continue to identify strategies for meeting this need, including the possibility of developing a veterans shelter. A local community agency re-opened a shelter that had been closed.
Long-term, permanent housing	Several local agencies are applying for HUD Shelter Plus Care vouchers.
Halfway house or transitional living facility	One new VA Grant and Per Diem program was funded in FY 2007. It is possible some other providers may be contracted to provide transitional housing.

***The Action Plan outlines proposed strategies the local VA program and its community partners will use to address its priority needs in FY 2008.**

3. CHALENG Point of Contact Action Plan for FY 2008*

Long-term, permanent housing	A new permanent housing program will open January 2008 and house 25-30 homeless veterans. We will continue to collaborate with community on "Housing First" projects and continue VA representation on local HUD Shelter Plus Care advisory board.
Re-entry services for incarcerated veterans	VA will continue to: collaborate with VA incarcerated veterans specialist; participate in local re-entry task force; advocate with landlords and employers; facilitate groups that assist ex-offenders; and provide supportive services to recently-released veterans.
Help with transportation	VA will continue to collaborate with county veterans service commission to get bus tickets, and advocate with local transit authority and other groups for assistance.

A disabling condition is defined as a diagnosable substance abuse disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions (Federal Register Vol. 70, No. 53, March 21, 2005, page 13588; http://www.hud.gov/offices/adm/grants/nofa05/gensec.pdf).

We used the following formula to obtain this number:

> Estimated number of homeless veterans in service area **x chronically homeless rate:** percentage of individuals who have been homeless for a year or more or had at least four homeless episodes during the past three years AND have a mental health or substance abuse disorder). (Note: # of homeless veterans in the service area comes from 2007 CHALENG POC survey. "Chronically homeless rate" comes from FY 2007 homeless veteran intake data provided by the VA Northeast Program Evaluation Center. [Special thanks to Dr. Wes Kasprow, NEPEC investigator for providing this data.])

Our estimate is conservative. It DOES NOT also include veterans who do not have a substance abuse/mental health disorder but do have a disabling medical condition (VA does record information on medical conditions but not on whether the condition is "disabling").

B. Families, Housing, and Action Plans (CHALENG Point of Contact Survey)

1. Number of Homeless Veteran Families (veterans with minor dependents) Served in FY 2007 by local VA homeless program: 0

2. Housing Inventory

Housing Inventory	Beds*	# of additional beds site could use
Emergency Beds	204	30
Transitional Housing Beds	93	80
Permanent Housing Beds	85	25

***These are the number of beds that veterans can access, including both veteran-specific and non-veteran specific.**

3. CHALENG Point of Contact Action Plan for FY 2008*

CHALENG 2007 Survey Results Summary

VISN 10

Site: VAOPC Columbus, OH - 757, (Grove City, OH)

Note: CHALENG data is collected from two surveys. The CHALENG Point of Contact (POC) Survey is a self-administered questionnaire completed by the local VA homeless veteran coordinator. The CHALENG Participant Survey is completed by federal, state, county, city, non-profit and for-profit agency representatives, as well as local VA staff and homeless veterans themselves. Data was collected in the summer/fall of 2007.

A. Homeless Veteran Estimates (CHALENG Point of Contact Survey):

1. Estimated Number of Homeless Veterans: 110

2. Estimated Number of Veterans who are Chronically Homeless: 33

The federal Interagency Council on Homelessness defines chronic homelessness as follows:

> A person experiencing chronic homelessness is defined as an unaccompanied individual with a disabling condition who has been continuously homeless for a year or more or has experienced four or more episodes of homelessness over the last three years. A disabling condition is defined as a diagnosable substance abuse disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions (Federal Register Vol. 70, No. 53, March 21, 2005, page 13588; http://www.hud.gov/offices/adm/grants/nofa05/gensec.pdf).

We used the following formula to obtain this number:

> Estimated number of homeless veterans in service area **x chronically homeless rate:** percentage of individuals who have been homeless for a year or more or had at least four homeless episodes during the past three years AND have a mental health or substance abuse disorder). (Note: # of homeless veterans in the service area comes from 2007 CHALENG POC survey. "Chronically homeless rate" comes from FY 2007 homeless veteran intake data provided by the VA Northeast Program Evaluation Center. [Special thanks to Dr. Wes Kasprow, NEPEC investigator for providing this data.])

Our estimate is conservative. It DOES NOT also include veterans who do not have a substance abuse/mental health disorder but do have a disabling medical condition (VA does record information on medical conditions but not on whether the condition is "disabling").

B. Families, Housing, and Action Plans (CHALENG Point of Contact Survey)

1. Number of Homeless Veteran Families (veterans with minor dependents) Served in FY 2007 by local VA homeless program: 4

2. Housing Inventory

Housing Inventory	Beds*	# of additional beds site could use
Emergency Beds	210	40
Transitional Housing Beds	27	15
Permanent Housing Beds	30	100

***These are the number of beds that veterans can access, including both veteran-specific and non-veteran specific.**

3. CHALENG Point of Contact Action Plan for FY 2008*

Help with transportation	Need to identify and obtain resources in the community which can provide transportation.
Re-entry services for incarcerated veterans	VISN re-entry coordinator will outreach to incarcerated veterans and collaborate with our homeless staff.
Dental Care	We will look at providing referrals to low-cost dental services in the community.

***The Action Plan outlines proposed strategies the local VA program and its community partners will use to address its priority needs in FY 2008.**
