

Deschutes National Forest, Sisters Ranger District, Summer Trail Conditions

Last Updated: 8/27/2008

Trail Name	Trail Number	Trail Length miles	Wilderness miles	Length Non-Wild	** Primary Use	Maint Priority	* % Logged out?	Est % Snow Covered	Comments: Estimated log out date, non-maintained trails, advisories, restrictions, for further information, etc.
BALANCING ROCKS		0.3	0	0.3	Barrier F	1	100%	Snofree	Newly constructed barrier free access trail in spring, '07
BLACK BUTTE	4026	2	0	2	Hiker	1	100%	Snofree	
BLACK BUTTE STABLES	4044	10	0	10	Horse	2	???	Snofree	
BLACK CRATER	4058	3.8	3.7	0.1	Hiker	2	0%	Patchy	Hwy 242 opened. Black Crater and Lava Camp TH are also open but use caution in Black Crater TH as hazard trees have not yet been removed.
BRUSH CREEK	4004	4.5	4.3	0.2	Horse	5	0%	Snofree	Very heavy blowdown, not recommended. Possible decommission due to low use and high maintenance
BUTTE LOOPS	4093	23	0	23	Biker	3	???	Snofree	
CABOT LAKE	4003	15.1	15	0.1	Horse	2	50%	Snofree	Snowdrifts remain in Patsy Lk area
CAMP LAKE	4074	5	5	0	Horse	1	80%	Snofree	
CAMP SHERMAN "H"	4095	2.3	0	2.3	Hiker	1	0%	Snofree	
CANYON (GLACIER) CK	4010	1.8	-	0.1	Hiker	1	100%	Snofree	
DARK LAKE	4032.1	1.5	0	1.5	Hiker	1	???	Snofree	
DEE WRIGHT	4105	0.5	0	0.5	Barrier F	1	0%	Snofree	Hwy 242 opened. Black Crater and Lava Camp TH are also open but use caution in Black Crater TH as hazard trees have not yet been removed.
DEMARIS LAKE	4074.1	0.8	0.8	0	Horse	1	100%	Snofree	
DRY CREEK	4050	4.6	4.5	0.1	Horse	6	0%	Snofree	May have heavy blowdown after fire of '07 effecting 50% of trail, possible hazardous burned snags.
EAST METOLIUS RIVER	4020	10	0	10	Hiker	1	60%	Snofree	Needs mod brushing. Light blowdown on upper section.
GREEN LAKES	17	15	15	0	Horse	1	10%	Snofree	Moderate blowdown reported on north section, including one tree located just south of Scott Pass trail reported to completely block stock travel either north or south.
GREEN RIDGE	4025	9.1	0	9.1	Horse	4	0%	Snofree	
HEAD OF JACK CREEK	4016	0.8	0	0.8	Hiker	1	100%	Snofree	
HEAD OF METOLIUS RIVER	4022	0.2	0	0.2	Barrier F	1	100%	Snofree	
JEFFERSON LAKE	4001	9.2	9.1	0.1	Horse	4	100%	Snofree	Snowdrifts remain in Patsy Lk area, persistent bear interested in human activity at Jefferson Lk reported early July, hang food and keep camp clean
JEFFERSON LAKE	4001.1	0.75	0.75	0	Horse	4	0%	Snofree	Trail overgrown and impossible to follow, trail is gone.
LAVA CAMP LAKE	4060	0.5	0.4	0.1	Horse	1	0%	Snofree	Hwy 242 opened. Black Crater and Lava Camp TH are also open but use caution in Black Crater TH as hazard trees have not yet been removed.
LITTLE THREE CREEK LAKE	4076	1.1	1.1	0	Horse	1	80%	Snofree	
MEADOW LAKE (atv/mtb)	4048	4.6	0	4.6	Biker	3	0%	Snofree	
METOLIUS-WINDIGO	99	37.6	0	37.6	Horse	3	10%	Snofree	Sections of serious erosion, brush, blowdown, mostly cleared near Roaring Springs
MILLICAN CRATER	4066	4.6	4.5	0.1	Horse	1	0%	Snofree	
MINTO LAKE	4006	4.2	3.1	1.1	Horse	2	0%	Snofree	Bear Valley section, serious erosion, moderate to heavy blowdown, mid sec. poorly defined tread. <b>Not recommended for horse travel.</b>
MINTO PASS TIE	4015	0.4	0.4	0	Horse	1	0%	Snofree	
NORTH MATHIEU LAKE	4062	1.3	1.3	0	Horse	1	0%	Snofree	
PACIFIC CREST	2000	40	15	25	Horse	1	10%	Snofree	Moderate to possibly heavy blowdown on some sections. Hwy 242 fully open..
PARK MEADOW	4075	6.3	3.3	3	Horse	1	100%	Snofree	Bridges across Whychus and Park Creeks have been removed due to snow damage. Whychus is a wet ford crossing and Parks has stepping stones.

\* Percentage logged out is an estimate. Even at 100%, additional trees may have fallen after the trail was cleared.

\*\* This column notes the type of use the trail is designed and maintained for. For use restrictions see comments.
