

Department of Veterans Affairs

VA proudly announces its partnership with the Department of Defense's Computer/Electronic Accommodations Program (CAP).

CAP works with agencies to help ensure inclusion and productivity for employees with visual, hearing, and dexterity disabilities. CAP supports your plan for new employees by providing accommodations, thus eliminating employment hiring barriers.

CAP supports Executive Order 13163, which focuses on the need to hire and advance individuals with disabilities at all levels and occupations in the Federal workforce, as well as Executive Order 13164, which requires Federal agencies to establish procedures to facilitate the provision of reasonable accommodations.
