

NORTHERN ROCKIES AGENCY ADMINISTRATORS

May 28, 2008

To: Agency Administrators and Fire Managers

Enclosed is the “Community and Structure Fire Protection Guidelines for the Northern Rockies 2008”. This document was prepared jointly between the Northern Rockies and the Great Basin and has been adopted by all agencies within those two Geographic Areas. This document will be your guidance for making decisions regarding community and structure fire protection for the 2008 fire season. If you have questions please contact your respective agency representative to the Northern Rockies Coordinating Group.
