

# Accelerating Discovery

The 2000s

A decade of innovation

Convened panels of experts to identify ways to improve information access using cutting-edge technologies

Developed first one-stop Web search portal for U.S. government science and first search portal for global science

Celebrated renaming of city street for new address, 1 Science.gov Way

Pioneered numerous innovations to help users retrieve the right information at the right time

Created first tool for one-stop Web search of key DOE databases
