

This **original tax statement** is issued by the U.S. Railroad Retirement Board (RRB) and contains information you will need to determine if any of the railroad retirement payments made to you in 2008 are taxable. You must use the amounts from both tax statements to determine your total taxable RRB income. Payments and repayments resulting from railroad retirement annuity adjustments are shown on your tax statements and may be fully or partially taxable. This is true whether adjustments result in net amounts due or net overpayments which you are asked to repay, and whether any overpayments are recovered or waived. All the information shown on the tax statements is sent to the United States Internal Revenue Service (IRS). You may receive more than one tax statement for 2008. When only one type of tax statement pertains to you, the other tax statement type is void (blank) and contains the caption **"THIS FORM IS NOT REQUIRED FOR YOUR 2008 TAXES."** If you have questions about this form call your nearest RRB field office. To obtain the address and phone number of your nearest RRB field office, call the RRB at 1-800-808-0772 and select option "5". You may also visit the RRB to obtain free RRB forms and publications on the Internet at <http://www.rrb.gov>. If you received social security benefits in 2008 that were paid by the RRB, you will receive a Form SSA-1099 and Notice 703 from the Social Security Administration (SSA). If you do not receive the SSA forms, contact your nearest SSA office or call the SSA at 1-800-772-1213. You may also visit the SSA on the Internet at <http://www.ssa.gov>.

Box 3 - Employee Contributions - This is the amount of railroad retirement payroll taxes paid by the employee that **exceeds** the amount that would have been paid in social security payroll taxes if the employee's railroad service had been covered under the Social Security Act. The IRS considers the employee contribution amount (EEC) an employee's cost or investment in any contributory [Non-Social Security Equivalent Benefit (NSSEB) and Tier 2] amounts paid. Any EEC amount shown is the entire amount attributable to a railroad account number and must **be shared by all annuitants eligible to use it.** The amount shown is the **latest** amount reported which may have increased or decreased from a previous Form RRB-1099-R. A change in the EEC amount may affect the nontaxable portion of your contributory amounts paid. You may need to recompute the nontaxable amount and/or file original or amended income tax return(s) using the EEC amount reported on this Form RRB-1099-R. **If this box is blank, it means that your contributory amount paid and total gross paid are fully taxable. Refer to IRS Publication 575, Pension and Annuity Income, and IRS Publication 939, General Rule for Pensions and Annuities.** For more information on the tax treatment and how to use the employee contribution amount, expected return, and the IRS actuarial tables **contact the IRS or your tax preparer for assistance**

Any NSSEB and Tier 2 repayments made in 2008 for an earlier year or for an unknown year are shown in Box 8. The contributory amount paid (NSSEB and/or Tier 2 payments) may be partially taxable or fully taxable depending on the presence and use of the employee contribution amount. The amount in Box 4 is the total **contributory pension** paid for 2008 and may be used under the General Rule provisions to compute a nontaxable portion of NSSEB and Tier 2 payments. For more information on the tax treatment of the contributory amount paid, see **IRS Publication 575, Pension and Annuity Income and/or IRS Publication 939, General Rule for Pensions and Annuities.**

Box 5 - Vested Dual Benefit - This is the gross amount of VDB paid in 2008, **less** any VDB repayments made in 2008 that are attributed to 2008. Box 10 - Federal Income Tax Withheld - This is the amount of U.S. Federal income tax withheld from your SSEB payments in 2008. This total is based on the amount of SSEB tax withholding requested on **IRS Form W-4V, Voluntary Withholding Request.** Include this amount on your tax year 2008 income tax return as taxes withheld. In these cases, the tax withholding amount is applied to the SSEB since that is your only taxable regular annuity component.**
