

v. Trans World Airlines, Inc., 504 U.S. 374, 378 (1992); *American Airlines, Inc. v. Wolens*, 5113 U.S. 219 (1995). This broad view has most recently been reaffirmed in *Rowe v. New Hampshire Motor Transport Assoc.*, ___ S. Ct. ___, 2008 WL 440686, U.S., February 20, 2008 (No. 06–457).

For the foregoing reason, any State or local rules addressing, or related to, the services offered by air carriers are already preempted under the ADA. In addition, if the proposed rule addressed in the ANPRM is finalized, it is likely that the final rule would also separately preempt any such State or local regulations under other provisions of law. We need not further address any other grounds for preemption, particularly at the ANPRM stage, since, as explained above, States and localities are already precluded from regulating in this area.

Issued this 3rd day of March, 2008, at Washington, DC.

Michael W. Reynolds,

Acting Assistant Secretary for Aviation and International Affairs.
