Re: *UCB Pharma Inc./Keppra*, FTC File No. 081-0031

Dear Mr. Brockmeyer:

The Federal Trade Commission's Bureau of Competition conducted a nonpublic investigation to determine whether your client, Mylan Laboratories, Inc., had engaged or was engaging in, unfair methods of competition in or affecting commerce in violation of Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45, as amended, with respect to the sale of Keppra or its generic equivalents.

Upon reviewing this matter, it now appears that no additional action is warranted by the Commission at this time. Accordingly, the investigation has been closed. This action is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

Sincerely yours,
