## America's Workforce Network

America's Workforce Network (AWN) is the nationwide system of workforce development organizations that provide information and services to help individuals manage their careers and employers find skilled workers. Through America's Workforce Network, many programs help businesses find qualified workers and help job seekers and workers obtain employment and training services to advance their careers. These services include skills training and placement services for adults, dislocated workers, and youth; finding and certifying qualifying employees; income maintenance services; and employer incentive programs.

Partners in America's Workforce Network include all levels of government, business, labor, and local communities. By linking many components of the workforce investment system, customers have easy access to a broad range of services. Services of America's Workforce Network members may be obtained at One-Stop Centers throughout the country. The location of One-Stop Centers and basic information may be accessed by calling the toll-free telephone help line at 1-877-US2-JOBS (1-877-872-5627), TTY users may dial 1-877-TTY-JOBS (1-877-887-5627), and Internet users can gain access through America's Service Locator at [www.servicelocator.org](http://www.servicelocator.org).
