Re: *In the Matter of Wright Medical Technology, Inc.*
Docket No. C-3564

Dear Mr. Hood:

This letter responds to the September 8, 2003, Petition ("Petition") of Wright Medical Technology, Inc. ("Wright") requesting that the Commission Reopen and Modify the Order and Eliminate the Prior Approval Provision of the Order. The application was placed on the public record for comments until October 15, 2003, and no comments were received.

After consideration of the Petition and other available information, the Commission has determined to approve the Petition. In according its approval, the Commission has relied upon the information submitted and representations made in connection with Wright's Petition, and has assumed them to be accurate and complete. Because there remain no obligations on the part of Wright after the Commission reopened and eliminated the prior approval provision, the Commission also set aside the order.

By direction of the Commission.

Donald S. Clark
Secretary
