Dear F.T.C. —

I oppose any changes in  
 the "MADE IN U.S.A." law.

These proposed changes will  
 make it virtually impossible

for Americans to know

what products are truly  
 made in this country.

THIS is an attempt by  
 countries that have moved

out of the country to  
 pass off their goods as

FOREIGN

made in U.S.A. THANK YOU.
