EDVA Internet Site

Anyone can use the EDVA Internet site to do the following:

- View, print, or download the most recent version of the *E-Filing Policies and Procedures*;
 - Self-train on an online ECF tutorial;
 - View ECF class schedules; and
 - Register for ECF (provided the mandatory certification requirements are met).
-

ECF Capabilities

Filing users can use the Court's ECF system to perform the following functions:

- Electronically file documents,
 - Link to PACER to view official docket sheets and documents associated with cases, and
 - View various reports for cases that were electronically filed.
-

Getting Started: ECF Definitions

Overview This section defines the following basic terms associated with electronic case filing:

- Electronic Case Files System (ECF),
 - Documents,
 - Filing user,
 - PDF,
 - PACER, and
 - Notice of Electronic Filing (NEF).
-

Electronic Case Files System (ECF) The *Electronic Case Files system (ECF)* refers to the courts' automated system that receives and stores documents filed in electronic form. The program is part of the CM/ECF (Case Management/Electronic Case Files) software which was developed for the Federal Judiciary.

Documents *Documents* can be any of the following:

- Pleadings,
 - Memoranda,
 - Briefs,
 - Exhibits,
 - Orders,
 - Transcripts of depositions actually used in support of motions or at trial, and
 - All other writings filed in the Court's case filed by the parties or the Court.
-

Filing User A *filing user* is an individual who has a Court-issued login and password that allow the individual to file documents electronically in ECF.

Continued on next page

Getting Started: ECF Definitions, Continued

PDF

PDF stands for *Portable Document Format*. Portable Document Format means that the document's format is device-independent, resolution-independent, and fixed-layout. The document can be viewed as created, regardless of the software that created it, because PDF files do not encode information that is specific to the application software used to create the document.

There are two types of PDF documents:

- Electronically converted PDF documents are created from word processing documents (MS Word, WordPerfect, etc.) using Adobe Acrobat or similar software. Electronically converted PDF documents are text searchable, and their file size is small.
- Scanned Image PDF documents are produced by putting paper documents through an optical scanner. Scanned image PDFs are not text searchable and have a large file size.

Ideally, therefore, whenever possible, filing users should create PDF documents through electronic conversion rather than through scanning.

PACER

PACER (Public Access to Court Electronic Records) is an automated system that allows access to case records over the Internet. Through PACER, an individual can view, print, and download court docket information.

Notice of Electronic Filing (NEF)

A *Notice of Electronic Filing (NEF)* is a notice automatically generated by the CM/ECF system at the time a document is filed with the system.

The NEF gives the following information:

- The time of filing,
 - The name of the party and attorney filing the document,
 - The type of document,
 - The text of the docket entry,
 - The name(s) of the party and/or attorney receiving the notice, and
 - Electronic links (hyperlinks) to the filed document and the docket report.
-

Getting Started: System Requirements and PACER Registration

System Requirements

The hardware and software needed to electronically file, view, and retrieve case documents are as follows:

- A personal computer running a standard platform such as Windows or Macintosh.
- A word processing software, such as WordPerfect or Microsoft Word.
- An e-mail account.
Note: Make sure that our CM/ECF address (cmecf@vaed.uscourts.gov) will get through your e-mail spam filter, or you won't receive Notices of Electronic Filing (NEFs).
- Adobe Acrobat software or some other compatible software to convert documents from the format of their native application to portable document format (PDF).
- An Internet service provider and web browser. ECF has been certified to work with Mozilla Firefox versions 1.5 or higher and Internet Explorer 5.5 or higher. The system may work with other browsers, but the Court will not be able to offer any support to people who use other browsers.
- A scanner to convert paper documents not in a word processing format (e.g., medical records filed as exhibits to a document) to a digital format for electronic filing in the Court's ECF system.

Note: Scanners should be used ONLY when a document cannot be electronically prepared with word processing software and converted to PDF. Documents for ECF should be scanned at a resolution of 200 to 240 dpi. Scanning at resolutions greater than 240 dpi tends to clutter the electronic transfer with unwanted markings and print. All documents should be scanned with a "black and white" setting unless otherwise ordered by the court.

PACER Registration

Before you can register as an EDVA filing user, you must have a PACER account. With a PACER account, you can view filed documents and use the Query and Report features of the ECF system.

To register for a PACER account, you can either

- Call the PACER Service Center at 800-676-6856 or 210-301-6440 or
 - Go to the PACER web site at <http://pacer.psc.uscourts.gov>.
-

Getting Started: Registration, Mandatory Certification, and Passwords

Mandatory Certification and Registration

Registering to use the Court's ECF system is free and is available through the EDVA Internet site at www.vaed.uscourts.gov.

However, as part of the registration process, registrants must first print out, complete, and sign a mandatory ECF Certification Form that indicates that they

- Are members in good standing of the bar of this Court or are attorneys with the U.S. Attorney's Office and
- Have met one of the following conditions:
 - They have passed the EDVA ECF online policies and procedures quiz, or
 - They have attended a live class at one of the three courthouses.

Registrants must then mail or deliver the original, signed ECF Certification Form and a photocopy of a government-issued photo id to the following address: ECF Certification, U.S. District Court, EDVA, Clerk's Office, 401 Courthouse Square, Alexandria, VA 22314-5798.

Note: Facsimile or PDFed versions of the ECF Certification Form are not acceptable.

Registrants can then complete and submit the registration form online.

Note: Counsel who are not members of the EDVA bar must associate with local counsel who are registered filing users in ECF. Pro hac vice attorneys may not register as ECF filing users.

Logins and Passwords

After you have completed and submitted the online registration form and the clerk's office has received your original, signed ECF Certification Form and photocopy of your photo id, the system will send you an e-mail containing your EDVA ECF login and password. It is your responsibility to safeguard your login and password once you receive it.

Note: Once you have registered, you will start receiving NEFs for any case in which you are the counsel of record.

Getting Started: Registration, Mandatory Certification, and Passwords, Continued

Login and Password Security

Filing users' login and password constitute their official signature on all documents filed using that login and password.

Filing users must therefore do the following:

- Safeguard their login and password.
- Protect their login and password from unauthorized use.
- Notify the clerk's office immediately if they discover that someone has used their login and password without permission.

Note: One way to check for unauthorized use is to check the bottom left corner of the main ECF program screen, which indicates the last date logged into the system. If you believe that your last login date and time are incorrect, or suspect that an unauthorized party is using your login and password, you should immediately notify the clerk's office by calling the appropriate ECF help desk phone number.

Changing the Password

Once you receive your login and password, you can change your password to one easier to remember by taking the following steps:

Step	Action
1	Log into ECF.
2	Click on <i>Utilities</i> on the upper right side of the screen.
3	Click on <i>Maintain Your Account</i> .
4	Click on the <i>More User Information</i> button at the bottom of the screen.
5	Enter your new password in the password box, then click on <i>Return to Account screen</i> .
6	Click on the <i>Submit</i> button.
7	Click on the <i>Submit</i> button on the next screen.
8	Click on the <i>Logout</i> button.

Note: You may now log back in using your new password. It is very important that you record your new password and keep it in a safe place. The clerk's office does not maintain a record of your password. If you forget your password, the CM/ECF system has to issue you a new one.

Continued on next page

Getting Started: Registration, Mandatory Certification, and Passwords, Continued

Receiving a New Password

If you forget your password, to receive a new password, you must do the following:

- Click on the *Forgotten Password* button on the CM/ECF page of the EDVA Internet site at www.vaed.uscourts.gov.
- Fill out and submit the online form. Once you have submitted the form, your ECF password will be reset, and your login and new password will be e-mailed to you.

Note: The information you provide on the *Forgotten Password* form must be an exact match with the information already in the system in order for your password to be reset.

Delegation of Authority to Use Login and Password

Attorneys may allow a secretary, paralegal, or other person in their office to use their login and password to file documents on their behalf.

However, attorneys should remember that

- their login and password constitute their signature, regardless of whether they personally use the login and password or delegate that authority to someone else.
 - they are responsible for safeguarding and protecting their login and password at all times.
-

Getting Started: Training

Mandatory Certification

Attorneys must certify that they have acquired knowledge about ECF and EDVA's ECF policies before they can register to e-file in EDVA.

Attorneys can meet this mandatory certification requirement in one of two ways:

- By passing the EDVA online policies and procedures quiz or
 - By attending a live class at one of the three courthouses.
-

Online Tutorial

The online tutorial is designed for attorneys and law firm staff interested in learning how to use the CM/ECF system. It contains guided practice and simulated CM/ECF screens and actions. The menus and screens in the tutorial are designed to give you a feel for how the system works. They do not look and work exactly like EDVA's CM/ECF system functions. The tutorial uses simulated CM/ECF screens -- users do not upload files to the Court's server.

The tutorial is divided into four modules, each of which contains sections that guide you through specific CM/ECF functions for civil and criminal filings. The tutorial is self-paced: at any point, you can bookmark your place and return when it is convenient for you. The entire tutorial takes about one hour to complete.

The online tutorial may be found on the PACER web site at <http://pacer.psc.uscourts.gov/cmecf/dc/>.

Online Quiz: Overview

The EDVA online policies and procedures quiz, along with details about taking and passing the quiz, may be found through EDVA's CM/ECF training page on its Internet site at www.vaed.uscourts.gov. The quiz consists of 25 multiple choice questions and may be taken open-book.

Live Classes: Overview

Attorneys wishing to take a live class may register for a class in any of the three courthouses. Both a beginning and advanced version of the class will be offered, and attorneys will be placed in whichever level of class is more comfortable for them, based on their responses to the *Comfort Survey* (see below).

For more information about training dates and scheduling, please check the EDVA CM/ECF *Live Classes* page on the Internet site at www.vaed.uscourts.gov.

The beginning class will run approximately three hours and is worth 3.0 hours of CLE credit. Class material will include the following:

- Orientation on converting word processed documents to PDF and filing and locating documents electronically;
- Information on the EDVA's *E-Filing Policies and Procedures*; and
- Practice on simulated cases.

The advanced class will run approximately two hours and is worth 2.0 hours of CLE credit. Class material will include the following:

- Information on the EDVA's *E-Filing Policies and Procedures* and
- Practice on simulated cases.

Note: Only those attorneys who attend a live class will receive CLE credit. CLE credit will not be given to those who pass the EDVA online quiz.

Live Classes: Comfort Survey

Attorneys wishing to take a live class should complete the *Comfort Survey* found on EDVA's CM/ECF live classes page at www.vaed.uscourts.gov to determine whether to register for the beginning or advanced level class.

Getting Started: PDF and Document Size Requirements

PDF Software

Filing users must have PDF capability both to view and to create electronically filed documents.

To view documents that have been electronically filed with the clerk's office, filing users must install PDF conversion software.

To create documents in PDF, filing users must have software that converts electronic files from any application to Portable Document Format (PDF). All new documents prepared for ECF cases must be converted to PDF before they are entered into ECF or transmitted to the Court.

Note: The ECF system may reject non-text PDFs. If you attempt to attach such a PDF, the system will give you an error message stating that your document is not a valid PDF.

Converting Documents to PDF

Converting documents to PDF requires special software (e.g., Adobe Acrobat Writer, later versions of WordPerfect, or another word-processing application with built-in PDF conversion capabilities).

To learn more about converting documents to PDF, go to the computer-based training module at <http://pacer.psc.uscourts.gov/ecfcbt/dc/ccenvtpdf/>.

Viewing a PDF Document

Once you have converted a document to PDF, you should view it as a PDF document to ensure that the conversion worked correctly and that you converted the correct document.

To view a PDF document, take the following steps:

Step	Action
1	Open Adobe Acrobat or Acrobat Reader.
2	Select <i>File</i> on the menu bar and choose <i>Open</i> from the drop-down window.
3	Click on the location and file name of the PDF document you wish to view.
4	Click on the <i>View</i> menu for other options for viewing the displayed document. Choose the option that best suits your viewing needs.

Getting Started: PDF and Document Size Requirements,

Continued

Document Size Requirements

- Only PDF documents will be accepted by the system, and each PDF document filed electronically must be no larger than 5.0 megabytes (5,000 kilobytes or about 100 pages).
- Any documents larger than 5.0 megabytes will be automatically rejected by the system.
- If you have a document or filing, including attachments, larger than 5.0 megabytes but less than 15 megabytes, you can break that document or filing into smaller PDF documents, each one of which is less than the 5.0 megabyte limit. You can file those smaller PDF documents together as one event, with your pleading as the main document and the remaining documents as separate attachments to the main document.
- If your total filing, including attachments, is larger than 15 megabytes (about 300 pages), then split your filing into submissions of no larger than 15 megabytes each. File each submission, using the table below to guide you in filing the second and any other submissions.

Documents Over 15 MB

Take the following steps to file documents that are larger than 15 megabytes:

Step	Action
1	Break your document or filing, including attachments, into smaller PDF documents of no more than 5.0 megabytes each and into submissions of less than 15 megabytes each.
2	File the first submission as usual (as a main document with attachments).
3	Create a formal document entitled <i>Notice of Submission of</i> (fill in what you are submitting) that includes a Certificate of Service. Both the <i>Notice of Submission</i> and the Certificate of Service for the <i>Notice of Submission</i> should have the filing user's (your) complete nine-element signature block.
4	File the <i>Notice of Submission</i> document using the event <i>Notice (other)</i> found under the category <i>Notices</i> and, when prompted by the system, link this Notice event to your original filing (first submission).
5	Modify the text of the docket event in the white text box to include a description of what you are submitting (e.g., Exhibits D-F) that matches the title of your <i>Notice of Submission</i> document.
6	Upload the smaller PDF documents as attachments to the <i>Notice of Submission</i> .

Policies and Procedures

Overview Effective March 26, 2007, all new cases must be filed using ECF, including these associated documents:

- Proceedings,
- Motions,
- Memoranda of law, and
- Other documents.

Exceptions are to be filed on paper and include the following:

- All documents for cases filed prior to March 26, 2007.
 - All cases' initial documents, including the complaint and issuance and service of the summons. These paper documents will be scanned by clerk's office staff.
 - All the civil and criminal case exceptions delineated below.
-

Official Court Record The official Court record is the electronic file maintained on the Court's servers.

Note: The clerk's office will dispose of paper documents that have been scanned and docketed.

Sealed Documents Sealed documents are exempt from electronic filing and therefore must be filed on paper in a sealed envelope marked "Under Seal" in accordance with Local Civil Rule 5 and Local Criminal Rule 49.

Filing users who wish to motion the Court to seal a document or case must do the following:

- File the motion and the required non-confidential supporting documentation electronically.
 - Submit to the clerk's office in a sealed envelope the document to be sealed, as instructed in Local Civil Rule 5 and Local Criminal Rule 49.

Redaction of Personal Identifiers

Pursuant to the Local Rules of this Court and the E-Government Act of 2002, filing users must redact the following kinds of information before filing a document either electronically or on paper:

- Social Security Number,
- Minor name,
- Birth date,
- Account number, and
- Home addresses.

For more information, please refer to Local Civil Rule 7, Local Criminal Rule 47, and the [Guide to Redacting Personal Identifiers](#) which was made available by the Court in 2005 when the aforementioned Local Rules were amended.

The easiest and best way to redact a document is to print it, mark through the personal identifiers, and then scan the document to PDF. If you choose to electronically redact a document, please be aware that you may need to take extra steps to insure that personal identifiers remain redacted. Please see the links below for additional information.

Entry of Orders and Judgments

Orders and judgments entered or issued by the Court will be filed in accordance with these *E-Filing Policies and Procedures*. Such filing shall constitute entry on the docket kept by the clerk under Fed.R.Civ.P. 58 and 79 and Fed.R.Crim.P. 55.

All signed orders and judgments will be electronically filed and entered on the docket by the clerk's office. Orders and judgments bearing the electronic signature of a judge shall have the same force and effect as if the judge had affixed a signature to a paper copy, which had been entered on the docket in a conventional manner.

Filing users should submit proposed and consent orders as follows:

- Proposed orders should be submitted as PDF attachments to the motion.
- Consent orders should be submitted on paper, as outlined in the Civil and Criminal Exceptions above and in the block below.

Consent Orders

Consent orders are not filed until a judge has signed them. Therefore, consent orders are exceptions to electronic filing for the filing user and will be electronically filed by the clerk's office once a judge has signed them.

Take the following steps when presenting a consent order to the Court:

Step	Action
1	Circulate the consent order for endorsement amongst counsel or parties to the case.
2	Submit the endorsed consent order on paper to the clerk's office.

Note: Once the consent order is signed by a judge, clerk's office staff will scan the consent order and electronically file the scanned version. The electronic consent order will become the original version, and the endorsed paper consent order will be destroyed.

Continued on next page

Policies and Procedures, Continued

Notice of Court Orders and Judgments Immediately following the entry of an order or judgment on the docket, the CM/ECF system will transmit to filing users in the case, in electronic form, a Notice of Electronic Filing (NEF). Electronic transmission of the NEF, with a hyperlink to the document, constitutes the notice required by Fed.R.Civ.P. 77(d) and Fed.R.Crim.P. 49(c). To the extent that notice is required, the clerk will give notice in paper form to people who are not registered ECF filing users.

Signatures: Judges A judge signs a document by either (a) writing his or her signature in the traditional manner or (b) affixing or causing to be affixed the mark “/s/” above or beside the judge’s name on the document. A judge can sign any document in either manner, and the judge’s signature is effective immediately upon so doing for purposes of the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, the Local Rules of this Court, and any other purpose for which a signature is required in connection with proceedings before this Court.

Then, when the judge has caused a signed document to be converted into an electronic file in PDF format and docketed by the Clerk, the representation of the judge’s handwritten or printed signature in the court’s database becomes the judge’s signature for that document for all purposes thereafter.

Signatures: Filing Users The user login and password required to submit documents to the ECF system serve as the filing user’s signature on all electronic documents filed with the Court. They serve as a signature for purposes of Fed.R.Civ.P. 11, all other Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, the Local Rules of this Court, and any other purpose for which a signature is required in connection with proceedings before the Court.

Therefore, it is the filing users’ responsibility to safeguard their login and password.

Note: No filing user or other person may knowingly permit or cause to permit a filing user’s password to be used by anyone other than an authorized agent of the filing user.

Policies and Procedures, Continued

 - Attorney for [party name]
 - Firm name,
 - Firm address,
 - Telephone number,
 - Fax number, and

-

**Signatures:

Users**

Filing users who are electronically filing a document for a non-filing user (e.g., a defendant in a criminal case or an affiant) will electronically file such documents in the following way:

- Obtain the non-user’s actual signature on a paper version of the document.
 - Scan and file the document electronically.

 - Create an electronic version of the document with the filing user’s regular signature block, as well as a typed signature block for all other parties/signatories.
 - PDF the electronically signed version of the document.
 - File electronically the electronically signed document.
 - Retain the signed authorizations for the duration of the case, including any period of appeal.

Technical Failures

The Court considers the CM/ECF system subject to a technical failure on a given day if the system is unable to accept filings for longer than three continuous hours during the clerk's office hours of 8:30 a.m. – 5:00 p.m. that day.

If the Court concludes that the system has experienced a technical failure, the following would occur:

- A party whose filing was untimely as the result of a technical failure of the Court's CM/ECF system could seek appropriate relief from the Court.
- The court may require that filings be made via paper during a system outage.
- Known system outages and filing instructions will be posted on the EDVA Internet site, if possible.

Note: Problems on the filing users' end, such as problems with the filing users' phone lines, Internet Service Provider (ISP), hardware, or software, do not constitute a technical failure under the *ECF Policies and Procedures*, nor excuse an untimely filing. **Filing users who experience technical failures on their end are still expected to file both timely and electronically.**

Electronic Filing and Service of Documents

Electronic Filing Electronic transmission of a document to ECF in accordance with these procedures, together with the transmission of a Notice of Electronic Filing (NEF) from the Court with a hyperlink to the electronically filed document, constitutes filing of the document for all purposes of the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, and the Local Rules of this Court.

Filing Deadline Filing must be completed before midnight, Eastern Standard Time or Daylight Savings Time, whichever is in place at the time a filing is effected, in order to be considered timely filed that day. However, if time of day is of the essence, the assigned judge may order a document filed by a certain time. Filing a document electronically does not alter the filing deadline for that document.

Note: The time of filing is not when the process of filing the document is begun, but when the NEF is generated.

Notice of Electronic Filing (NEF) As Proof of Filing A document filed electronically is deemed filed on the date and time stated on the Notice of Electronic Filing (NEF), so you should print out or store electronically a copy of the NEF as proof of filing. (See page 51 for [instructions on how to save a NEF.](#))

Note: E-mailing a document to the clerk's office or to the assigned judge does not constitute filing of the document, nor does simply submitting a document via the CM/ECF system. A document is not filed until the system generates a NEF with a hyperlink to the electronically filed document.

Official Record The official record is the electronic recording as stored by the Court, whether the document has been filed electronically or filed on paper and scanned into the system.

Note: The filing party is bound by the document as filed.

Service by Electronic Means Like Service by Mail In accordance with the Fed.R.Civ.P.6(d) and Fed.R.Crim.P.45 (c), service by electronic means is treated the same as service by mail: when a party may or must act within a specified time after service and service is made under Rule 5(b) (2)(C), (D), (E), or (F), three days are added after the period would otherwise expire under Rule 6(a).

Docket Entry Creation and Modification

When a filing user files a document, the system creates a docket entry that uses the information provided by the filing user. Clerk's office staff will, where necessary and appropriate, modify the docket entry description to comply with quality control standards.

Filing in the Wrong Case or Attaching an Incorrect PDF

In the event a filing user electronically files a document in the wrong case or attaches an incorrect PDF document, the clerk of court, or a designee, is authorized to strike the document from the record. If a document is removed, a NEF will be sent to all parties in the case.

Consent to Electronic Service

By participating in the electronic filing process, the parties consent to the electronic service of all documents and will make available electronic mail addresses for service. Upon the filing of a document by a filing user, an e-mail message containing the NEF, with a hyperlink to the electronically filed document, will be automatically generated by the ECF system and sent via electronic mail to the e-mail addresses of all parties who have registered in the case.

Note: Recipients of the e-mailed NEF get ONE free look at the linked document within the NEF. This free look expires after the recipient has clicked on the link or after 15 days have elapsed from receipt of the NEF. Further looks at the document must be taken through PACER. Therefore, recipients are encouraged to print out and/or electronically save the document during the free look.

Service of Documents to Non-Filing Users

A party who is not a registered filing user is entitled to a paper copy of any electronically filed document, as well as of the NEF that constitutes proof of filing. Therefore, filing users must provide non-filing users, including terminated parties or attorneys, if appropriate, with a paper copy of the document and a copy of the NEF, pursuant to Fed.R.Civ.P. 5(b) and Fed.R.Crim.P. 49(b). The service of a paper copy of the document and of the NEF is only necessary for documents filed by the filing user.

Filing Documents That Require Leave of Court

If the filing of an electronically submitted document requires leave of Court, such as an amended complaint, filing users should attach the proposed document to the motion requesting leave to file. If the Court grants the motion, the filing user should then electronically file the document.

Motions to Intervene in a Civil Case

Motions to intervene must be granted by the Court before filing users can file any documents other than the motion itself and any supporting memoranda. Filing users should attach any proposed documents to the motion to intervene. If the Court grants the motion, the filing user should then electronically file documents.

Note: The filing user is required to add the intervening party as a movant during the process of electronically filing the motion (See *Filing Procedures: Adding/Creating a New Party* in the *E-Filing Policies Procedure Manual*).

Service of Process

A certificate of service must be included with all documents filed electronically. Such a certificate must indicate that service was accomplished pursuant to the Court's electronic filing procedures and that the document filed was sent via U.S. mail to any non-filing users. The certificate of service should have the filing user's full nine-element signature block at the bottom of the page. (For further guidance, see the sample Certificate of Service on the following page and the Internet tip sheet on [preparing certificates of service](#).)

In accordance with Fed.R.Civ.P.6(d), service by electronic means is treated the same as service by mail: when a party may or must act within a specified time after service and service is made under Rule 5(b) (2)(C), (D), (E), or (F), three days are added after the period would otherwise expire under Rule 6(a).

Electronic Transcripts

Introduction

Effective March 1, 2009, court transcripts that are transcribed for any trial or hearing occurring after March 1, 2009, in an electronic case is available electronically. To ensure that personal identifiers are not revealed in such transcripts the following procedures must be followed.

90-Day Restriction Period

Once a transcript for a trial or hearing occurring after March 1, 2009 in an electronic case is ordered and paid for it will be electronically filed, but will not be remotely available to the general public or any attorney who has not paid for it, for 90 days from the date the transcript is filed. Attorneys and members of the public may purchase a transcript from the court reporter during the 90-day period and any time thereafter.

During the 90-day restriction period:

- Public access to view an electronic transcript will be restricted to the public terminals at the Alexandria, Richmond, Norfolk, and Newport News courthouses.
- Remote electronic access to an electronic transcript will be available only to attorneys who have purchased the transcript from the court reporter.
- No copies of the transcript will be made for attorneys or the general public by clerk's office staff.
- Counsel and pro se litigants are required to review an electronically filed transcript to ensure it does not contain any of the personal identifiers referenced in the E-Government Act and to file proper requests for redaction if an identifier is found.

The transcript will be electronically available remotely through PACER after the 90-day restriction period unless the restriction period is extended by court order.

Continued on next page

Electronic Transcripts, Continued

Review for Redaction

Attorneys of record must review the transcript for redaction purposes and electronically file a *Redaction Request* within thirty (30) calendar days of the filing date of the transcript if redaction is necessary.

Pro Se litigants must review the transcript for redaction purposes and file, on paper, a *Redaction Request* within thirty (30) calendar days of the filing date of the transcript if redaction is necessary.

If no *Redaction Request* is filed, the transcript will be made remotely electronically available without redaction at the end of the 90-day restriction period.

Redaction Request

The *Redaction Request* should state where the personal identifier appears in the transcript by page and line number and the manner in which the information is to be redacted. For example, if a party wants to redact a Social Security Number appearing on page 12, line 9 of the transcript, the statement would read: Social Security Number on page 12, line 9 should be redacted to read xxx-xx-6789.

Because the *Redaction Request* will not be sealed it MUST NOT quote the personal identifier, rather it should refer to the identifier generically (i.e., Social Security Number, date of birth, etc.).

Only the personal identifiers listed below are subject to a *Redaction Request*, and the redaction should be performed as indicated in the “Redacted” portion of the chart below:

Personal Identifiers	Redacted
Social Security Numbers	To the last four digits.
Financial Account Numbers	To the last four digits.
Names of Minor Children	To the initials.
Dates of Birth	To the year.
Home Address	To the city and state.

Redacted Transcript

If a *Redaction Request* is filed, the court reporter will file a redacted transcript within 31 calendar days from the receipt of the *Redaction Request*, or longer if ordered by the court. The redacted transcript will be remotely electronically available at the expiration of the original 90-day restriction period. The originally filed unredacted transcript will remain sealed.

CJA Attorneys

Counsel appointed pursuant to the Criminal Justice Act may claim compensation, at the applicable rate, for the time spent reviewing the transcript and preparing a *Redaction Request*, as well as for costs associated with obtaining a copy of the transcript.

NOTE:

TO MINIMIZE REDACTIONS AND PREVENT HARMFUL DISCLOSURES OF PERSONAL DATA IDENTIFIERS, COUNSEL AND PRO SE LITIGANTS SHOULD NOT ELICIT SUCH INFORMATION DURING COURT PROCEEDINGS.

Two Choices on Each ECF Screen

Each ECF screen allows you to choose one of two buttons:

- *Clear* – Clears all characters entered in the box(es) on that screen.
 - *Next* or *Submit* – Accepts the entry just made and displays the next entry screen, if any.
-

Correcting a Mistake

You can correct a mistake any time before you commit a transaction. However, only clerk's office employees can make changes or corrections once a transaction has been committed.

Do **not** attempt to correct a mistake by using your *Back* browser button. We have learned that, about 15% of the time, using your *Back* browser button will mean that your document does not get attached to your filing, and you won't discover this problem until you get the NEF, which will not have a hyperlink to your filed document.

Therefore, to correct a mistake before you commit your transaction, simply click on the blue menu bar and begin filing your document again. This is the same as aborting your transaction (see below).

Note: To correct a mistake **after** committing a transaction, you must call the appropriate clerk's office help desk number between 8:30 a.m. and 5:00 p.m. and ask the clerk's office staff member who answers the phone to help you correct your mistake.

Aborting a Transaction

If you wish to abort a transaction entirely, simply click on any item on the main blue menu bar at any point before committing the transaction. The system will retain no memory of the steps you took before aborting.

Timing Out

If you are logged in to the ECF system, after 30 minutes of inactivity, the following will occur:

Stage	Description
1	The system will automatically time out.
2	When you start to type again, the system will take you back to the login screen.
3	When you login again, the system will give you an error message that reads as follows: <i>Warning: the account you entered is already logged in.</i>
4	The message will give you an option of clicking one of the two following choices: <ul style="list-style-type: none">• The <i>Continue login</i> button, which will allow you to continue filing in the same session. OR• The <i>Cancel</i> button, which will cancel the session and return you once more to the login screen. If you select the <i>Cancel</i> option before having committed your transaction, your transaction will be aborted.

Note: Only one person at a time may use the same account. If a second person attempts to login using someone else's account while that person is working in ECF, the first person will be automatically kicked out of the system.

Filing a Motion in a Civil Case: Entering the Case Number

Step 4a – Enter the case number in which the document is to be filed.

The case number format is as follows: *division: year-type-number* (e.g., *1:06-cv-690*), although you must type only a year and number when first prompted for a case number. The screen shot in the next block shows the case number entry screen and its examples of case number formats acceptable to the system.

The division number denotes the division in which the case is pending, as follows:

- Alexandria is 1,
- Norfolk is 2,
- Richmond is 3, and
- Newport News is 4.

The codes for the two civil case types are *cv* for civil cases and *mc* for miscellaneous civil cases.

Note: ECF defaults to the number for the last case in which you worked. Ensure that the proper case number is entered to avoid filing your document in the wrong case.

If the case number was:

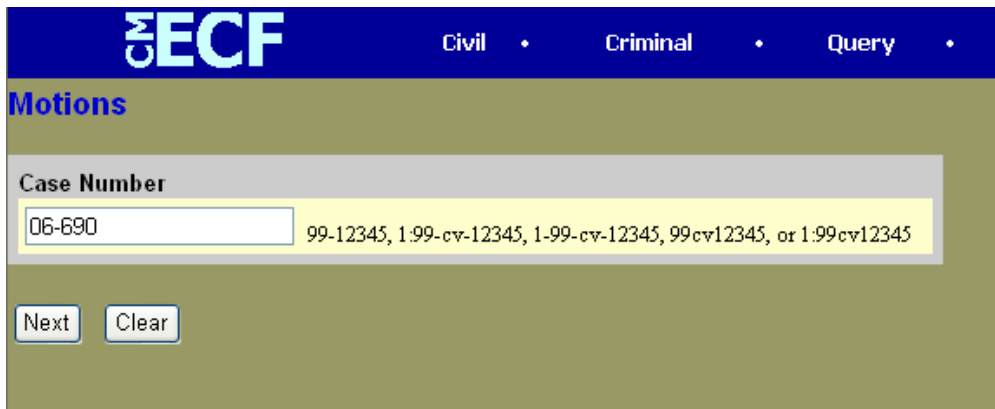

- Entered incorrectly, click on the *Clear* button to re-enter.
- Rejected by the computer as an invalid case number, click on the *Back* button on your browser menu bar to re-enter the number.

**Filing a Motion
in a Criminal
Case: Notice of
Electronic
Filing (NEF)**

ECF electronically transmits the NEF to the attorneys in the case who have supplied their e-mail addresses to the Court. Your transaction is complete once you have received the NEF, and the NEF is your proof of filing with the Court. Therefore, you should save either an electronic or a paper copy of the NEF.

To save a copy of the NEF either as an electronic record or as a paper document, see the chart below:

If you want to...	Then...
Save an electronic copy of the NEF	<ul style="list-style-type: none">• Select <i>File</i> on your browser's menu bar.• Select <i>Save Frame As...</i> from the drop-down window and complete the rest of the steps.
Print a copy of the NEF	Select Print on your browser's toolbar.

Note: The NEF also displays the names and addresses of individuals who will not be electronically notified of the filing. It is the filing user's responsibility to serve paper copies of the document and of the NEF to attorneys and parties who are not receiving electronic notification.

Multi-Part Documents

Introduction

Because individual pleadings and motion reliefs require different responses from the Court and from the CM/ECF system, filing users are strongly encouraged to create a separate document for each pleading or motion relief.

However, if a filing user prepares a single document containing more than one pleading or more than one motion relief, the filing user must file the document as many times as there are pleadings or motion reliefs.

More Than One Pleading

A filing user who prepares a single document that contains more than one pleading must file that document as many times as there are pleadings and use a separate entry for each filing.

For example, if filing one document that contains both the *Plaintiff's Response to Defendant's Motion to Dismiss* and the *Plaintiff's Motion to Amend Complaint*, the filing user would first file the document using the event *Response to Motion* – and link it to the *Motion to Dismiss*. Once the filing user received the NEF for the *Response* filing, the filing user would then file and attach the same document again, this time using the event *Motion* as a separate entry.

More Than One Motion for Relief

A filing user who prepares a single document that contains more than one motion for relief must file that document as many times as there are motions for reliefs and use a separate motion relief entry for each filing.

For example, if filing one document that contains a motion to dismiss, a motion for summary judgment, and a motion to compel, the filing user would file and attach the same document three separate times as three separate motion reliefs.

Filing Procedures – Linking Documents

Overview

Some documents are related to other documents. You will need to create a link between those related documents, so that the following can occur:

- the system knows to process the linked documents together (e.g., setting the same deadlines in regard to each document)
- the clerk's office knows which documents relate to which other documents and why you might be filing a particular document (e.g., when you are filing a response, you would link to the document to which you are responding), and
- readers of docket sheets can view the related documents (e.g., reading the motion for which a memorandum in support is filed).

The information below describes how to link related documents.

Linking Related Documents: Sample Screen Shot

When filing a document that may need to be linked to a previously filed document, you will be presented with the question, *Should the document you are filing link to another document in this case?*

See the sample screen shot below:

The screenshot shows the ECF (Electronic Case Filing) interface. At the top, there is a blue header with the ECF logo and navigation links for "Civil", "Criminal", and "Query". Below the header, the page title is "Other Documents" in blue. Underneath, there is a link to a case: "1:06-cv-00690-CMH-LO Nelson v. Norris et al". The main content area is a form with a question: "Should the document you are filing link to another document in this case?". There is an unchecked checkbox next to this question. Below the question, there are two rows of input fields. The first row is labeled "Filed" and the second row is labeled "Documents". Each row has two input fields separated by the word "to". At the bottom of the form, there are two buttons: "Next" and "Clear".

Error Correction and Quality Control

Correcting a Mistake: Before You Commit a Transaction

You can correct a mistake any time before you commit a transaction by simply starting the filing process again. However, only clerk's office employees can make changes or corrections once a document has been transmitted.

Note: Do **not** attempt to correct a mistake by using your *Back* browser button. We have learned that, about 15% of the time, using your *Back* browser button will mean that your document does not get attached to your filing, and you won't discover this problem until you get the NEF, which will not have a hyperlink to your filed document. Therefore, to correct a mistake before you commit your transaction, simply click on the blue menu bar and begin filing your document again.

Correcting a Mistake: After You Commit a Transaction

If you realize, after you have committed a transaction, that you have made a mistake, do the following immediately:

- File the correct document or the corrected document, when appropriate.
- Call the appropriate clerk's office help desk phone number (between the hours of 8:30 a.m. and 5:00 p.m.).

Continued on next page

Error Correction and Quality Control, Continued

Common Mistakes

Here is a list of ten common mistakes for which you should check before transmitting a document:

- Should this document be filed electronically, or is it one of the exceptions that should be filed on paper?
- Have you chosen the correct event?
- Have you filed in the correct case?
- Have you used the correct case caption on your document?
- Have you included a complete signature block?
- Have you redacted any personal identifiers in your PDF?
- Does your PDF have all the document's pages?
- Is the PDF or scanned document legible?
- Is the document you are filing the right one?
- Have you attached the correct documents, if any?

Note: Once you have transmitted your document, be sure to do the following:

- Save a copy of the NEF.
 - Serve via U.S. mail any non-filing users in the case with a paper copy of the document and of the NEF.
-

Quality Control

The EDVA will be implementing a quality control program, in which all docket entries made by filing users will be checked.

When clerk's office staff members discover errors or when filing users call the help desk to notify clerk's office staff members of errors, clerk's office staff members will do the following:

- Notify the filing user by e-mail that the filing user has made an error (when clerk's office staff members discover the error).
 - Correct the error or instruct the filing users to correct the error.
 - Docket a *Notice of Correction* that will
 - appear as an entry on the docket sheet,
 - indicate what the error was and how it was corrected, and
 - send out NEFs to all filing users in the case.
 - Send out paper copies of the NEF to all non-filing users in the case.
-
