1. *The title of the information collection:* 10 CFR Part 52, "Early Site Permits (ESP); Standard Design Certifications; and Combined Licenses for Nuclear Power Plants".

2. *Current OMB approval number:* 3150-0151.

3. *How often the collection is required:* On occasion and every 10 to 20 years for applications for renewal.

Part 52 also establishes requirements for renewal of those approvals, permits, certifications, and licenses; amendments to them; exemptions from certifications; and variances from early site permits.

NRC uses the information collected to assess the adequacy and suitability of an applicant's site, plant design, construction, training and experience, and plans and procedures for the protection of public health and safety.
