### Questions and Answers

*When is the Environmental Education Center going to be built at Pee Dee?*

When funding is obtained.

*Can you hunt and fish on the refuge?*  
Yes, during the special seasons, with the required permits.

*Is the refuge open to the public?*

Yes. The purpose of the refuge is to protect wildlife habitat and provide outdoor public use opportunities including hunting, fishing, wildlife observation, photography, environmental education and interpretation.

*Why don't we see any wild animals?*

The animals are wild and live in their natural habitat.

*What is a refuge?*

Pee Dee is one of over 500 refuges in the United States established for the preservation of wildlife and habitat.
