This brochure is only intended to provide general regulatory information for passenger operations. It is not intended to be a substitute for the Federal Motor Carrier Safety Regulations.

Licensing and Insurance Requirements for For-Hire Motor Carriers of Passengers

PARTS 365 & 387

Licensing and Insurance Requirements for For-Hire Motor Carriers of Passengers

PART 387 - FINANCIAL RESPONSIBILITY APPLICABILITY:

For-hire motor carriers of passengers operating commercial motor vehicles (CMVs) in interstate or foreign commerce must have at least the minimum amount of insurance required by law.

These regulations DO NOT apply to:

- A motor vehicle transporting only school children and school personnel to and from school;
- A motor vehicle providing taxicab service and having a seating capacity of less than 7 passengers and not operated on a regular route or between specified points;
- A motor vehicle carrying less than 16 people in a single daily round trip commuting to and from work;
- A motor vehicle operated by a motor carrier under contract providing transportation of pre-primary, primary, and secondary students for extracurricular trips organized, sponsored, and paid by a school district; and,
- A motor vehicle designed and used to transport 8 or less passengers (including the driver) that does not otherwise meet the definition of a CMV (refer to section 390.5 for a complete CMV definition).

For-Hire Carriers Schedule of Limits of Public Liability

VEHICLE THAT IS DESIGNED OR USED TO TRANSPORT 16 OR MORE PASSENGERS (including the driver)
\$5,000,000 Insurance required

VEHICLE THAT IS DESIGNED OR USED TO TRANSPORT 9 TO 15 PASSENGERS (including the driver)
\$1,500,000 Insurance required

Minimum levels of financial responsibility are determined by highest seating capacity of any vehicle operated by an interstate for-hire motor carrier of passengers.

QUESTIONS THE CARRIERS SHOULD ASK THEMSELVES

1. Do I offer interstate transportation to passengers for a commercial purpose
2. Am I compensated, either directly or indirectly, for the transportation service provided?
3. Is the transportation generally available to the public at large?

If you answered "Yes" to all of the above questions, you are for-hire.

PART 365 – INTERSTATE OPERATING AUTHORITY RULES

A for-hire passenger carrier is a person or company that provides transportation of passengers for compensation. You can be a for-hire passenger carrier regardless of whether: (1) you are compensated directly or indirectly for the transportation service provided; (2) the compensation is paid or not paid by the passengers; or (3) you have a non-profit status. If you are operating commercial motor vehicles in interstate commerce as a for-hire motor carrier of passengers, you must obtain interstate operating authority unless you operate within a commercial zone or are otherwise exempted.

Authorized for-hire motor carriers are issued an MC number by the Federal Motor Carrier Safety Administration (FMCSA). Information about commercial zone exemptions and other types of exemptions can be found at 49 CFR Part 372. If you are transporting only school children and teachers to or from school, you are not required to obtain interstate operating authority. Form OP-1(P), Application for Motor Passenger Carrier Authority, must be completed, filed, and approved before you can transport passengers by commercial motor vehicle in interstate commerce. You must (1) complete and file Form OP-1(P) along with the filing fee (\$300 for each type of authority you are requesting); (2) have your insurance company file with FMCSA appropriate insurance forms for the vehicles you will be operating; and (3) submit or have a process agent service submit Form BOC-3, Designation of Process Agent.

Passenger carriers that are Federal Transit Administration Grant Recipients (Transit Benefit Operators) under 49 U.S.C. §§ 5307, 5310, or 5311 are required to maintain liability insurance at the highest level required for any of the States in which they operate. These passenger carriers must complete and file Form OP-1(P), but the \$300 filing fee is waived.

This brochure is intended to be a general overview of the licensing (operating authority) and insurance (financial responsibility) requirements. Please consult 49 CFR parts 365, 372, and 387, and 49 USC chapters 135 and 139 for specific information.
