## Line 1 - Gross Household Income

Enter your gross household income on line 1. Your gross household income is all the income received, taxable and nontaxable, by all individuals who live in your household. In addition to federal adjusted gross income, the following are examples of items which are included in household income:

- Inheritances
- Pension and annuity income (this includes railroad retirement and veteran's disability benefits)
- Any capital gains that you excluded from your Montana adjusted gross income such as the gain from the sale of your primary residence
- Alimony and support payments
- Nontaxable strike benefits
- Cash public assistance and relief
- Interest on federal, state, county, and municipal bonds
- All social security payments except those paid directly to a nursing home
- Federal income tax refunds including the 2008 federal economic stimulus package rebate
- State income tax refunds and elderly homeowner/ renter credits allowed

Some items above may involve a basis. If applicable, you may reduce your income by the basis. For example, if you paid \$5,000 for stock in a company, that is your basis. If you sell the stock for \$8,000, your household income only includes the gain of \$3,000 (\$8,000 sales price minus \$5,000 basis). Do not reduce your household income by any losses that you included in your federal adjusted gross income.

The following worksheet can be used to help you calculate your gross household income:

	Income Source	Amount
1.	Wages, salaries, bonuses, tips,	
	etc.	
2.	Business, partnership, rent,	
	royalties (do not include losses.)	
3.	Dividends, interest including	
	interest from federal, state,	
	county and municipal bonds	
	capital gains (do not include	
	capital losses.)	

4.	State and federal tax refunds.	
5.	Prior year 2EC refunds.	
6.	Alimony, public assistance, unemployment.	
7.	Pension, annuities, IRA distributions, benefits from railroad retirement, public employee's retirement, veteran's disability and social security.	
8.	Income from any source or other household members not included above.	
9.	Add lines 1 through 8 and enter the total here and on Form 2EC, line 1. This is your Gross Household Income.
