

# 10 Ten Things AQMD is Doing to Help Clean the Air

**1 Eliminating** dirty diesels by requiring fleets of school buses, transit buses, street sweepers, trash trucks and airport taxis to phase in clean-burning vehicles.

**5 Conducting** special air monitoring studies in communities with the greatest air quality concerns.

**8 Continuing** to develop new regulations to further reduce pollution from all sources – from dry cleaners to oil refineries to cement plants.

**2 Responding** to residents' air pollution complaints through 1-800-CUT-SMOG.

**1-800-CUT-SMOG**

**6 Providing** more than \$100 million in state and local funding to help convert diesel tugboats, construction equipment and heavy-duty trucks to lower-emission and clean fuel models.

**9 Helping** fund research to develop zero-emission fuel cells, and hybrid technology to power cars, buses

and other vehicles.

**3 Conducting** Town Hall meetings and establishing the Clean Air Congress to solicit residents' air quality concerns that help shape clean air policy.

**4 Carrying** out Environmental Justice Initiatives to ensure cleaner air for all Southland residents.

**7 Co-sponsoring** research that helps us understand how air pollution impacts our health, especially for children, athletes and individuals with respiratory illnesses.

**10 Working** with clean air agencies worldwide to be part of a comprehensive solution to air pollution problems.
