ETC Instructions for Completing the Weekly AVR Calculations

Determine if you wish to survey and calculate AVR solely on the peak window employees, or if you would also like to claim the optional off-peak credit as well. If all employees were surveyed to capture both the peak and off-peak credit, then separate the surveys into three stacks:

- ❖ One stack for all those employees who reported for work only in the 6:00 - 10:00 a.m. window (peak).
- ❖ The second stack is for those who worked at anytime both in the peak window and outside of the window that week (mixed schedule); and
- ❖ The last stack of surveys would be everyone who works strictly outside the 6:00 - 10:00 a.m. window (off-peak) for the five days of the survey week.

1. Beginning with the "peak only" surveys, total the number of responses for each mode and for each day and enter the daily total in the appropriate boxes on the Weekly Employee Survey Summary Form.
2. Now add the mixed schedule survey information to the same Weekly Employee Survey Summary Form for those employees who worked in the peak. The mixed schedule must be the same five days as the peak.
 - ❖ For the days they worked in the peak, tabulate their mode as usual.
 - ❖ For the days worked in the off-peak, tabulate those totals on line "OO" Off-Peak. This way you are tabulating five answers for each person.
 - ❖ Total each row going across for the Total of the week.
 - ❖ Total each column going down per day for the Daily Total.
 - ❖ The Daily Total should match the total number of employees in the window which was reported on page 5. These totals will be used for your peak AVR calculation on page 7.
3. You must account for all missing surveys which would be considered as "no survey response (NSR)". Be sure and enter the daily total for each day.
 - ❖ If the response rate is 60-89%, put the totals in line NSR.
 - ❖ If the response rate was 90% or higher, put the totals in line DD.
4. Now for the third stack of surveys in the off-peak. Go through the same process for all of those employees who worked only in the off-peak and include the mixed schedule surveys. However, this time, use the Off-Peak Weekly Employee Survey Summary Form on page 42.
 - ❖ Count the mode that the employee chose while working the days in the off-peak. Then for the days they worked outside of the off-peak (or in the window) tabulate those responses on line "OO" Peak.
 - ❖ It's important to realize that you are tabulating five answers for each person.
 - ❖ The Daily Totals for the off-peak may represent more answers than what the true off peak number is. Don't worry about this yet, it will balance out later.

Instructions for Completing the Weekly Employee/Vehicle Calculation Form (Peak) on Pages 7-8:

5. Transfer the weekly totals from last column in the Weekly Employee Survey Summary Form to the corresponding category in Column I of the Weekly Employee/Vehicle Calculation Form.
6. Perform the operations indicated in Column II and enter the results there. For example: Total number of drive alone employee trips should be divided by 1; total number of employee trips made in "3 persons in vehicle" should be divided by 3; etc.
7. Add line NSR thru Z from Column 1 and enter total in line "ET". This number represents the total weekly employee trips. Add lines NSR thru W in Column II and enter total in line "TV". This number represents the total weekly vehicle trips.
8. Add ET + AA + BB + CC + DD + OO (if applicable) and enter result in line "EE", Column 1.
9. Enter the number of employees reporting within window in line "FF", multiply by 5, and enter result in line "GG". Number of employees in window (line "FF") must correspond with number given on page 5.
10. Be sure that line EE equals line GG.

Instructions for Completing the AVR Planning Form on Page 8:

11. Transfer the Total Employee Trips (ET) and Total Vehicle Trips (TV) from the Weekly Employee/Vehicle Calculation (Peak) form to the AVR Planning form, lines 1 and 2 respectively.
12. Divide line 1 by line 2 to calculate your AVR. Enter the results on line 3.
13. Transfer the totals from Off-Peak Weekly Summary Form on Page 42 and tabulate the results on the Weekly Vehicle Calculation Off-Peak on page 43. Then take the data from both the Peak Weekly Vehicle Calculation page 7 and the Off-Peak Weekly Vehicle Calculation page 43 and tabulate the adjusted AVR credit on Appendix C Page 44 and any other applicable appendices.

For specific information on how to calculate your AVR, please contact AQMD staff at (909) 396-3271.

2a. BASIC/SUPPORT STRATEGIES

Complete the information for the corresponding basic/support strategies that were previously chosen on page 11. Do not repeat the same strategy in more than one place. Please use the appropriate Frequency Codes whenever applicable for the strategies being implemented. The Frequency Code is defined as how often the employer is awarding the benefit or strategy.

*** Frequency Codes Table:**

D = Daily	B = Bi-monthly
W = Weekly	Q = Quarterly
M = Monthly	S = Semi-annually
A = Annually	O = Other (specify)
<input type="text"/>	

Commuter Choice Program - A monthly transportation fringe benefit used exclusively for regular direct commutes by public transit or vanpools from home to work, and does not exceed the average monthly commuting cost based on a 20-day month. Employers can pay for their employees to commute by transit or vanpool, up to a limit of \$110/month and get a tax deduction for the expense, or employers can allow employees to set aside up to \$110/month of pre-tax income to pay for transit or vanpooling. This amount of an employee's salary is not subject to income tax.

Flex Time Schedules - The employer permits employees to adjust their work hours in order to accommodate public transit schedules or rideshare arrangements. Please check the appropriate type of flex time offered and the flexibility in minutes. (Do not use this section unless flex time is linked to your rideshare program.)

<input type="checkbox"/> Grace Period	<input type="checkbox"/> Shift Flexibility	<input type="checkbox"/> 15 Minutes
<input type="checkbox"/> 30 Minutes	<input type="checkbox"/> 45 Minutes	<input type="checkbox"/> 60 Minutes
<input type="checkbox"/> Other (in minutes)	<input type="text"/>	

Does a written policy exist? Yes No

Guaranteed Return Trip - The employer provides eligible employees with a return trip (or to the point of commute origin), when a need for the return trip arises.

Check all that apply:

- Personal Emergency Situation
- Unplanned Business-related Activities
- Planned Business-related Activities
- Other (specify)

RULE 2202 - REGISTRATION FORM

YEAR:

SITE ID:

Guaranteed Return Trip will be provided by utilizing one or more of the following transportation modes or options:

<input type="checkbox"/> Employer Vehicle	<input type="checkbox"/> TMA/TMO Provided
<input type="checkbox"/> Supervisor or Fellow Employee	<input type="checkbox"/> Rental car
<input type="checkbox"/> Taxi	<input type="checkbox"/> Other (specify) <input type="text"/>

Personalized Commute Assistance – The employer provides personalized assistance such as transit itineraries, carpool matching and personal follow-up to employees.

Check all that apply:

- Organize Focus Group(s) or Task Force(s)
- Coordinate the Formation of Carpools/Vanpools
- Assist in Identifying Park & Ride Lots
- Assist in Identifying Bicycle and Pedestrian Routes
- Assist in Providing Personalized Transit Routes and Schedule Information
- Provide Personalized Follow-up Assistance to Maintain Participation in the Commute Program

Preferential Parking for Ridesharers - The employer provides eligible employees with preferential parking spaces to park their vehicles. These spaces shall be clearly posted or marked in a manner to identify them for carpool and vanpool use only.

- Number of Preferential Parking Spaces
- Minimum Number of Persons (per vehicle) Required to be Eligible
- Minimum Number of Days or % of Ridesharing Required to be Eligible
- Method of Vehicle Identification (i.e. tags, stickers, license plate No.)

RULE 2202 - REGISTRATION FORM

Parking Cash Out/Parking Management Strategies

The State's Parking Cash-Out Program, California Health & Safety Code, Section 43845, requires certain employers who provide subsidized parking for their employees to offer a cash allowance in lieu of a parking space.

The law applies to employers (public or private) who:

- employ at least 50 employees;
- have worksites in an air basin designated non-attainment for any state air quality standard;
- subsidize employee parking that they don't own;
- can calculate the out-of-pocket expense of the parking subsidies they provide; and
- can reduce the number of parking spaces without penalty in any lease agreements.

IF YOU ARE IMPLEMENTING PARKING CASH OUT, PLEASE PROVIDE THE FOLLOWING INFORMATION:

Date Parking Cash Out Program was implemented? _____

How many parking spaces fall under the parking Cash Out State requirement? _____

How many employees will receive subsidies instead of the parking space? _____ \$Amount per space: _____

Is there street parking or alternative parking close to your facility?

Yes	No	How Far? (miles)
-----	----	------------------

How is the program monitored?

On-Site Security	Card Reader	Honor System	Other

Please add pages if other details will help in explaining your site specific parking situation.

Points Program - Employees earn points for each day of participation in the employee commute reduction program. Points are redeemed for such rewards as time off, gift certificates, cash or merchandise.

Value of Point	Per # of Points	Frequency Code*	Eligibility Code**	Minimum Requirement***
\$				

Prize Drawings - The employer provides eligible employees with a chance to win prizes for participation in the employee commute reduction program.

Type of Prize	Average Value Per Prize	Number of Prizes	Frequency Code*	Eligibility Code**	Minimum Requirement***

Section IV - 3 Employee Commute Reduction Program Offset Option			
1. Enter the daily average number of employees reporting to work during the Peak Window of 6am-10am for a typical Monday through Friday period excluding those weeks which include a national holiday. This number can be obtained by dividing the number shown in Section IV-1, item E, Line ET, by 5.			
2. Enter the daily average number of vehicles reporting to work during the Peak Window of 6am-10am for a typical Monday through Friday period excluding those weeks which include a national holiday. This number can be obtained by dividing the number shown in Section IV-1, item E, Line TV, by 5.			
3. Subtract Line 2 from Line 1 and enter the result. This is the number of Creditable Commute Vehicle Reductions (CCVR) in the Peak Window.			
Emission Reduction Target (ERT) Calculation	VOC	NOx	CO
4. Enter the Employee Emission Reduction Factors with respect to the worksite's Performance Zone. (see Table 1 in Appendix B). Check one: Zone 1 <input type="checkbox"/> Zone 2 <input type="checkbox"/> Zone 3 <input type="checkbox"/>			
5. Multiply Line 1 times Line 4 and enter the results.			
6. Enter the Emission Factors for Vehicle Trip Emission Credits. (see Table 2 in Appendix B).			
7. Multiply Line 3 times Line 6 and enter the results. This is your VTEC calculated from Creditable Commute Vehicle Reductions (CCVR).			
8. Subtract Line 7 from Line 5 and enter the results. This is your EMISSION REDUCTION TARGET (ERT). STOP here if this amount is zero or a negative number, you are in compliance. If this amount is a positive number, proceed to either Line 9, and/or Line 10, and/or Line 13.			
Vehicle Trip Emission Credits (VTEC) from Emission/Trip Reduction Sources. Indicate the lbs. of VTECs in this area	VOC	NOx	CO
9. Emission Reduction Sources (such as Reg XVI, Reg XIII, Area Source Credits, Tug Boat Emission Reductions, or other AQMD approved emission reduction strategies).			
10. Trip Reduction Sources (such as other work-related trip reductions, VMT programs, parking cash-out, non-peak CCVR's, etc.). To determine non-peak CCVR, repeat steps 1-3 above for off-peak survey results. Divide the CCVR by 1.15. Enter adjusted CCVR here <input type="text"/> . Multiply adjusted CCVR by line 6 and enter results.			
11. Enter the sum of Lines 9 and Line 10.			
12. Subtract Line 11 from Line 8 and enter the results. This is your Net EMISSION REDUCTION TARGET (ERT). STOP here if this amount is zero or a negative number, you are in compliance. If this amount is still a positive number, proceed to Line 13.			
Vehicle Trip Emission Credits (VTEC) from AQIP to meet the balance ERT	VOC	NOx	CO
13. Air Quality Investment Program Option to Offset the ERT: Divide Line 12 by the corresponding Equivalent Emission Factor in Line 4. Use round numbers only. Enter results here.			
14. Multiply the highest number on Line 13 by \$60. This is the equivalent AQIP Fee to Offset your Net ERT. STOP here, you are in compliance.	\$ <input type="text"/>

RULE 2202 - REGISTRATION FORM

APPENDIX A – Average Vehicle Ridership Survey Form & Instructions

Employee Instructions for Completing the Average Vehicle Ridership Survey Form:

- 1. Employee Information:** Complete the Employee Information Section, including signature and date.
- 2. Time You Began Work:** Indicate the time you began work each day of the designated survey week and circle a.m. or p.m. as applicable. Also indicate your typical start time on those days that you are scheduled to work but you are absent from work. For example, if you ride with another person, on Monday, Tuesday, Wednesday, and Thursday but you are sick on Friday, check off line “C,” “2 persons in vehicle” and indicate the time you began working on each of those four days. Check off line “BB,” “Sick” and indicate what would have been your typical start time on Friday.
- 3.** Please be sure you make only one check mark for each day in rows “A” thru “CC” for the week of the survey. There should be a total of only five (5) check marks on the survey form for the entire five (5) day survey week.
- 4. Mode:** Check off line “A” if you drive to work alone in a passenger car, truck, or van. Check off line “B” if you drive to work alone in a motorcycle. Check off one row from line “C” to line “P” for each day of the week you ride in a vehicle occupied by two (2) to fifteen (15) persons. This indicates the number of persons traveling to work together for more than 50% of the total trip distance in each of the corresponding lines. Employees who work for different employers, as well as non-employed people, are included in this count as long as they are in the vehicle for more than 50% of the total trip distance.

For example, if you ride with another person, on Monday and Tuesday, check off line “C,” “2 persons in vehicle” on those two days. If, however, you ride with two other persons on Wednesday and Thursday, you should check off line “D,” “3 persons in vehicle,” on those two days. If you ride to work with three other persons, you should check off line “E,” “4 persons in vehicle,” for that day. If you ride to work in a 7-passenger van, but there are only 5 persons in the vehicle, you should check off line “F” “5 persons in vehicle”. Please always use the number of persons riding in the vehicle (occupancy), not vehicle capacity.
- 5. Bus:** Make a check mark on line “Q” for every day that you take a bus to work. You count as a bus rider if you travel to work by bus for more than 50% of the total trip distance.
- 6. Rail/Plane:** Make a check mark on line “R” for every day that you take rail to work. You can also use this line if you commute to work by plane. You count as a rail/plane rider if you travel to work by rail or plane for more than 50% of the total trip distance.
- 7. Walk or Bicycle:** Make a check mark on line “S” or “T” for every day that you report to work by walking or riding a bicycle respectively. You count as a walker/biker if you walk/bike to work for more than 50% of the total trip distance.
- 8. Zero Emission Vehicle:** Make a check mark on line “U” for every day that you commute to work in a zero emission vehicle (excluding Hybrid Vehicles). Do not check any other rows for that day. If you carpool in a zero emission vehicle, please check off line “U” on that/those day(s).
- 9. Telecommute:** Make a check mark on the day you telecommute. Telecommuting is defined as working at home, or at a telecommuting center during the entire day. Make a check mark on line “V” if you work at home, or if your commute to a telecommuting center results in a reduction of more than 50% of your commute distance between your home and your worksite.

RULE 2202 - REGISTRATION FORM

APPENDIX A – Average Vehicle Ridership Survey Form & Instructions

- 10. Noncommuting:** Make a check mark on line “W” to indicate the days you are either outside the SCAQMD jurisdiction (all of Orange County and the non-desert portions of Los Angeles, San Bernardino, and Riverside counties) to complete work assignments, or you generate no vehicle trips associated with arriving at the worksite (e.g., hospital employees, fire fighters, airline employees, etc.)
- 11. Compressed Work Week Day(s) Off:** Make a check mark on line “X” or “Y” or “Z” to indicate your compressed work week day off. Check this only if you were off during the survey week. Please include your typical start time on the day(s) you are on a compressed work week day(s) off.
- 3/36- work 3 days/12 hours each day; *2 days off*
4/40- work 4 days/10 hours each day; *1 day off*
9/80- work 9 days/80 hours; *1 day off in a 2 week period*
- 12. Other Days Off:** During the week of the survey, if you are on vacation, check “AA” for those days; if you are sick, check “BB” for those days. Please include your typical start time on the day(s) you were off. Check “CC” if you are absent from work for any of the following reasons (other than vacation or sick):
1. Jury duty
 2. Military duty
 3. Not scheduled to work on that day (other than compressed work day off)
 4. Maternity Leave
 5. Bereavement Leave
 6. Long term Medical/Disability Leave (LOA)

If you have any questions about how to properly complete the survey form, contact your designated Employee Transportation Coordinator _____ at _____.

2009	4.94	6.01	60.82
2010	4.44	5.43	55.23
2011	4.06	4.94	50.86
2012	3.72	4.50	46.65
2013	3.42	4.09	42.80
2014	3.16	3.74	39.51

RULE 2202 - REGISTRATION FORM

APPENDIX B – SUPPLEMENTAL WORKSHEETS & TABLES

PERFORMANCE ZONES

- A worksite's Performance Zone depends on its location.
- District's Source/Receptor Areas are shown in Attachment 3 of Rule 701 - Air Pollution Emergency Contingency Actions.
- **Zone 1** is the Central City Area of Downtown Los Angeles within the AQMD's Source/Receptor Area 1.
- **Zone 2** corresponds to the AQMD's Source/Receptor Areas 2 through 12, 16 through 23, and 32 through 35, excluding the Zone 1 - Central City Area.
- **Zone 3** corresponds to the AQMD's Source/Receptor Areas 13, 15, 24 through 31, and 36 through 38.

RULE 2202 - REGISTRATION FORM

APPENDIX B – SUPPLEMENTAL WORKSHEETS & TABLES

Introduction

The purpose of the Supplemental Worksheets is to assist the preparer in determining their CCVR (Creditable Commute Vehicle Reduction) Credits or VTEC (Vehicle Trip Emission Credits).

The use of the Worksheets is optional and is not required to be submitted with the Compliance Forms. However, the Worksheets and/or other supporting records must be kept at the worksite and be made available upon request to the AQMD or its representatives.

The employer may calculate their CCVR using any of the following:

- a. AQMD approved survey;
- b. Weighted average of the most immediate past three years of AVR data using the current year employee numbers (this option cannot be used in the ECRP Offset); or
- c. 1.1 AVR default using the current year employee numbers (this option cannot be used in the ECRP Offset); or
- d. Other AQMD approved method.

Notes:

1. The AQMD approved survey can be found in Appendix A.
2. Other AQMD approved methods must be approved in writing prior to submittal of the Compliance Forms.

RULE 2202 - REGISTRATION FORM

APPENDIX B – SUPPLEMENTAL WORKSHEETS & TABLES

SUPPLEMENTAL WORKSHEETS AQMD Approved Survey

By using the AQMD approved survey results, the peak CCVR is determined by the daily average of commute vehicle reductions based on the AVR.

Step 1: Enter in the table below the weekly employee trips from the survey data. Do the same for the weekly vehicle trips.

	Weekly Total Employee Trips (Line ET of Form IV-1)	Weekly Total Vehicle Trips (Line TV of Form IV-1)	
ET			TV

Step 2: Using the table below, subtract the Weekly Total Vehicle Trips (TV) from the Weekly Total Employee Trips (ET) and divide the result by 5 to obtain the daily amount of creditable commute vehicle reductions (CCVR). $[ET - TV] \div 5 = CCVR$

ET	
TV	
$[ET - TV] \div 5 =$ CCVR	

Step 3: Enter this number (CCVR) on line 2, Section III of the compliance forms, or alternatively, line 3, Section IV-3 of the compliance forms.

RULE 2202 - REGISTRATION FORM

APPENDIX B – SUPPLEMENTAL WORKSHEETS & TABLES

SUPPLEMENTAL WORKSHEETS Weighted Average

The weighted average is determined by using the survey data of the most immediate past three years. Do not use the arithmetic average of AVR. The weighted average CCVR is determined as follows:

Step 1

Enter in the table below the survey data of the weekly employee trips from the last three years and add. Do the same for the weekly vehicle trips.

Year 1	Weekly employee trips (line ET of form IV-1)		Weekly vehicle trips (line TV of form IV-1)	
	ET ₁		TV ₁	
Year 2	ET ₂		TV ₂	
Year 3	ET ₃		TV ₃	
Total	ET _T		TV _T	

Step 2

Using the calculated totals from Step 1, divide the total of column ET by the total of column TV.

ET _T	
TV _T	
ET _T ÷ TV _T = AVR _{Weighted}	

The result is AVR_{Weighted}.

Continue on to Step 3.

RULE 2202 - REGISTRATION FORM

APPENDIX B – SUPPLEMENTAL WORKSHEETS & TABLES

Step 3

Using the $AVR_{Weighted}$ calculated in Step 2, divide the current daily employee ($E_{Current}$) by the $AVR_{Weighted}$. This will result in the current daily vehicle trips ($TV_{Current}$).

$E_{Current}$	
$AVR_{Weighted}$	
$E_{Current} \div AVR_{Weighted} =$ $TV_{Current}$	

The current daily employee number ($E_{Current}$) may be established through payroll records in determining the number of employee reporting to work in the peak window.

Step 4

Calculate the CCVR using the information from Step 3 by subtracting the current daily vehicle trips ($TV_{Current}$) from the current daily employee ($E_{Current}$).

$E_{Current}$	
$TV_{Current}$	
$E_{Current} - TV_{Current} =$ $CCVR$	

This is the CCVR based on the weighted average of three years data.

Step 5

Enter this number on line 2, Section III of the Compliance Forms.

RULE 2202 - REGISTRATION FORM

APPENDIX B – SUPPLEMENTAL WORKSHEETS & TABLES

SUPPLEMENTAL WORKSHEETS Default AVR

Step 1

Determine the current daily employee number ($E_{Current}$). This is the number of employees reporting to work in the peak window. Enter this number in table below.

Step 2

Divide the current daily employee number ($E_{Current}$) by 1.1 and calculate the current daily vehicle trips ($TV_{Current}$).

$E_{Current}$	
$E_{Current} \div 1.1 = TV_{Current}$	

The current daily employee number ($E_{Current}$) may be established through payroll records in determining the number of employee reporting to work in the peak window

Step 3

Calculate the CCVR using the information from Step 2 by subtracting the current daily vehicle trips ($TV_{Current}$) from the current daily employee ($E_{Current}$).

$E_{Current}$	
$TV_{Current}$	
$E_{Current} - TV_{Current} =$ CCVR	

This is the CCVR based on the default average vehicle ridership.

Step 4

Enter this number on line 2, Section III of the Compliance Forms.

Compressed Work Week Day (s) Off

X. 3/36 work week	
Y. 4/40 work week	
Z. 9/80 work week	

ET. Employee Trips (Total NSR thru Z)	
--	--

TV. Total Vehicles (NSR through P)	
---	--

Other Days Off

AA. Vacation	
BB. Sick	
CC. Regular Day Off, Jury Duty, LOA, etc.	
*DD. NSR (90% or higher)	
**OO. Peak Trips (Mixed Schedule)	
EE. Total (ET+AA+BB+CC+DD+OO)	
***OO. Off-Peak	
Add Lines **OO Peak and ***OO Off-Peak	
Subtract Line above from Line EE	
Divide Line above by 5. This is the total number of employees in the Off-Peak	

*DD. No Survey Response for employers that have achieved a 90% or higher survey response rate.

**OO. Peak: See Section IV-1, G - ETC Instructions, on page 9.

***OO. Off-Peak: Enter the number from line OO. Off-Peak Trips of the Weekly Employee/Vehicle Calculation (Peak), found on page 7. See Section IV-1, G - ETC Instructions, on page 9.

****The total number of employees in the Off-Peak in this box should match the number reported on Section IV-1, on page 5, item B (Total Number of Employees Reporting to Work during the Off-Peak Period).

RULE 2202 - REGISTRATION FORM

APPENDIX C - AVR ADJUSTMENT OFF-PEAK CREDITS

YEAR: SITE ID:

APPENDIX C: AVR ADJUSTMENT OFF-PEAK CREDITS

Employers may receive additional credits from employee trip reductions that occur outside of the peak window. This credit may be calculated as follows:

$$AVR = \frac{E}{V - [CCVR \div 2.3]}$$

Where:

- E = Total number of weekly window employees in the peak window.
- V = Total number of weekly window vehicle trips in the peak window.
- CCVR= Weekly Creditable Commute Vehicle Reductions that occur outside of the peak window.
- 2.3= Discount factor.

1. Enter E - total number of weekly window employee trips in the peak window. (This number is found in Section IV-1, item E, Line ET, on page 7).	
2. Enter V - total number of weekly window vehicle trips in the peak window. (This number is found in Section IV-1, item E, Line TV, on page 7).	
3. Enter total number of weekly window employee trips* in the off-peak window. (This number is found in Appendix C, Line ET, on page 43).	
4. Enter total number of weekly window vehicle trips in the off-peak window. (This number is found in Appendix C, Line TV, on page 43).	
5. Subtract Line 4 from Line 3, and enter the result here.	
6. Divide Line 5 by 2.3 discount factor, and enter the result here.	
7. Subtract Line 6 from Line 2.	
8. Divide Line 1 by Line 7. This is the adjusted AVR for your worksite. Transfer this number to Section IV-1, Line 6 of the AVR Planning Form, on page 8.	

* This number may be calculated by surveying the off-peak employees using the same AVR survey forms found in Appendix A.

APPENDIX D

AVR Adjustment Reduced Staffing

RULE 2202 - REGISTRATION FORM
APPENDIX D - AVR ADJUSTMENT REDUCED STAFFING

YEAR:
 SITE ID:

APPENDIX D: AVR ADJUSTMENT REDUCED STAFFING

Employers may receive additional trip reduction credits from reduced staffing that occur during events such as school recesses/breaks, inventory, or temporary facility closures. This credit is not allowed for staff reductions resulting from actions such as layoffs, relocations, transfers, facility closures or temporary closures that are part of regularly scheduled facility vacations.

Reduced Staffing Survey Week: First day of survey _____ Last day of survey _____

Survey Response Rate: _____

$$AVR = \frac{En \times T}{[Vn \times Tn] + [Vr \times Tr \times 1.15]}$$

Where:

- En = Total number of weekly window employee trips during the normal operating schedule.
- T = Total number of annual operating workdays for the worksite; = Tn + Tr
- Vn = Total number of weekly window vehicle trips during the normal operating schedule (Section IV-1, Line TV, on page 7).
- Tn = Total number of normal operating days for the worksite.
- Vr = Total number of weekly window vehicle trip that occur during the reduced staffing schedule.
- Tr = Total number of days during the reduced staffing schedule.

1. Enter En - total number of weekly window employee trips during the normal operating schedule. (This number is found in Section IV-1, item E, Line ET, on page 7)	
2. Enter Tn - total number of normal operating days for the worksite.	
3. Enter Tr - total number of days during the reduced staffing schedule.	
4. Add Line 2 plus Line 3. Enter the result here.	
5. Multiply Line 1 by Line 4. Enter the result here.	
6. Enter Vn - total number of weekly window vehicle trips during the normal operating schedule. (This number is found in Section IV-1, item E, Line TV, on page 7.)	
7. Enter Vr - total number of weekly window vehicle trips that occur during the reduced staffing schedule.	
8. Multiply Line 2 by Line 6. Enter the result here.	
9. Multiply Line 3 by Line 7 by 1.15. Enter the result here.	
10 Add Line 8 plus Line 9. Enter the result here.	
11 Divide Line 5 by Line 10. Enter the result here. Transfer this number to Section IV-1, Line 6 of the AVR Planning Form, on page 8.

Transfer this number to Section IV-1, Line 6 on the AVR Planning Form, on page 8.

APPENDIX F

Multiple AVR Adjustments

APPENDIX F: AVR ADJUSTMENT

Multiple AVR Adjustments

Employers may combine the additional credits from Off-Peak Credits, Reduced Staffing, and Non-Regulated Sites.

- One credit adjustment must be completed before going on to the next.
- You may start the Multiple AVR Adjustment at steps A, B, or C.
- All survey data must be *weekly* employee and *weekly* vehicle trip survey numbers, not daily.

Multiple AVR adjustments should be calculated in the following sequence:	
A. Reduced Staffing Credit (Complete if applicable)	
1. Calculate the AVR for the Reduced Staffing credit and enter the resulting AVR	
2. Enter the number of Weekly Employees used in the Reduced Staffing credit calculation.	
3. Divide the AVR in Line 1 by the Weekly Employees in Line 2 and enter the result here. This is the new adjusted Vehicle-Trips. If you have no Off-Peak Credits skip to Line 7.	
B. Off-Peak Credits. (If you do not have Reduced Staffing Credit from above start with Line 6.)	
4. Enter the adjusted Vehicle Trips from Line 3 above in Appendix C Off-Peak Credit, Line 2.	
5. Continue to calculate the Off-Peak Credits.	
6. Enter the resulting number from Line 7 of the Off-Peak Credit calculation. This is the new Vehicle Trips from your adjustments.	
C. Non-Regulated Worksites	
7. Use the new Vehicle Trips from Line 6 above (or Line 3 if no Off-Peak Credits) as the Weekly Vehicle Trips for the primary worksite in Appendix E - Non-Regulated Sites adjustment calculation.	
8. Complete the calculation for the Non-Regulated Sites.	
9. Enter your adjusted AVR here and on Line 6 in Section IV-1, AVR Planning Form, on page 8.	

APPENDIX G

Employer Clean Fleet Vehicle Purchase/Lease Program

**RULE 2202 - REGISTRATION FORM
APPENDIX G - EMPLOYER CLEAN FLEET VEHICLE
PURCHASE / LEASE PROGRAM**

YEAR:
SITE ID:

APPENDIX G: Employer Clean Fleet Vehicles Purchase/Lease Survey Form

Rule 2202 Employee Commute Reduction Guidelines Section II-F(4) requires employers who have not attained the target AVR and who are purchasing, or leasing, passenger cars or light-duty or medium-duty trucks owned, or leased by the employer, to acquire Ultra Low Emission Vehicles (ULEV) passenger cars or light-duty trucks or better, or Super Ultra Low Emission Vehicles (SULEV) medium-duty trucks or better, as long as they have four (4) or more vehicles for company operations in the AQMD jurisdiction. To meet this requirement, please complete the information below.

Section I – Existing Fleet Information

Are you replacing any vehicles or increasing your fleet during your program compliance year?

Yes No Don't Know

If No, STOP here.

If Yes, please provide the information below:

How many fleet vehicles does your worksite have on-site?

- Passenger Cars
- Light Duty Trucks
- Medium Duty Trucks

How many vehicles are being added?

- Passenger Cars
- Light Duty Trucks
- Medium Duty Trucks

What is the disposition of the replaced vehicle(s)?

- Sold
- Scrapped
- Transferred to Another Location Outside AQMD
- Transferred to Another Location Within AQMD
- End of Lease
- Other (Please Explain Below)

How many vehicles are being replaced?

- Passenger Cars
- Light Duty Trucks
- Medium Duty Trucks

If you Don't Know, please complete and submit Section II of this Appendix for review by AQMD prior to purchasing or leasing the new vehicles. The new vehicles must meet either the ULEV or SULEV Standards specified in Rule 2202 ECRP Guidelines, Section II-F(4). This also applies if you know that you are replacing/increasing your fleet during your program compliance year, but you don't know at the time of submittal the type of vehicles to be purchased/leased.

Section II – Vehicles to be Replaced or Purchased/Leased

Beginning January 1, 2005, fleet operators of 4 or more vehicles shall procure ULEV or SULEV vehicles when adding or replacing vehicles to their vehicle fleet. For additional information, please refer to Employee Commute Reduction Program Guidelines.

To verify if the vehicles being purchased meet the required ULEV or SULEV Certification Standards, visit the California Air Resources Board (ARB) website at: www.arb.ca.gov/msprog/ccvl/ccvl.htm or www.arb.ca.gov/msprog/onroad/cert/cert.php, or directly call the ARB at (800) 242-4450.

General Information

Mobile Source Diesel PM/NO_x Emission Minimization Plan

RULE 2202 - REGISTRATION FORM
APPENDIX H – MOBILE SOURCE DIESEL PM/NO_x
EMISSION MINIMIZATION PLAN

YEAR:
 SITE ID:

APPENDIX H: Mobile Source Diesel PM/NO_x Emission Minimization Plan

Rule 2202 Employee Commute Reduction Guidelines Section II-F(5) requires the submittal of a mobile source diesel PM/NO_x emission minimization plan. To meet this requirement, complete the information below and the attached equipment inventory. These forms must be submitted every (3) three years on your established Employee Commute Reduction Program (ECRP) due date. A copy of this form must be maintained at the worksite.

Section I - General Information

Employer Name: _____
 Contact Name: _____ Title: _____
 Telephone: _____ Email: _____

Section II - 1,000 or More Window Employees

As of THE DATE of this submittal, this worksite has 1000 or more window employees. The total number of window employees at this worksite is _____.

If this box is checked complete section III.

Section III – On-Site Diesel Equipment Audit

This worksite does not operate any mobile diesel equipment at this location.

This worksite generates emissions from on-site, mobile diesel engines. A diesel engine equipment audit has been completed and is attached. Note: AQMD staff will review the audit information and may require the implementation of diesel PM/NO_x reduction strategies that are found technically feasible and meets the cost schedule provided on the reverse side of this form.

This worksite has previously submitted a Mobile Source Diesel Emission Minimization Plan. Date: _____

Instructions

Rule 2202 Diesel Emissions Minimization Plan
Equipment Inventory
(This applies to Off-Road equipment only)

Number of Vehicles. Complete all information for diesel-powered vehicles that operate at the facility, or provide service to multi-site facilities. This could include fork lifts, man lifts, riding lawnmowers, tractors, service vehicles, etc. Information on identical engines may be aggregated for each type of vehicle.

Vehicle Make and Model. For diesel-powered vehicles, list the vehicle manufacturer (e.g., Ford, Caterpillar) and the model (e.g., Dodge Ram).

Equipment Type. State the type of diesel powered equipment not licensed by the DMV to be used on public roadways (e.g. Tractor, Fork Lift, Man Lift, Riding Lawnmowers, etc.).

Engine Manufacturer. State the engine manufacturer (e.g., Cummins).

Engine Family Name. Engine Family Name is an 11 or 12 character alphanumeric identifier located on every engine via a durable label (for example, 3NVXL0365AFA). Occasionally, a character might be a period (such as 3SZXL03.1YNB).

Model Year. List the model year of the engine. If the vehicle's original engine has been replaced, give the model year of the new engine.

Engine Rating (bhp). List the engine's brake horsepower.

Fuel Type. State the type of fuel that is used in the engine (e.g., #2 diesel, ultra-low sulfur diesel, diesel emulsion, biodiesel, etc.).

Fuel Use. Estimate the annual fuel use (gallons per year) from annual vehicle mileage or from fuel meters, engine hour gauge or fuel records.

Air Pollution Control Equipment. Indicate "Yes" or "No" if the engine is equipped with either a particulate trap or an oxidation catalyst. If the engine utilizes emission control technologies, other than particulate traps or oxidation catalysts, provide a brief description of the control technology in the "Other" box. Examples include fuel additives and advanced emission control technologies, such as NOx catalysts.
