Michigan State University
B.S., Civil Engineering, 1970

Lake Michigan College
Associate Engineering, 1967

Experience

As President of the Westinghouse Savannah River Company (WSRC), Bob Pedde has the highest executive position at the Savannah River Site (SRS).

In his current assignment, Mr. Pedde provides executive leadership; assures that all safety, security and environmental regulations are strictly maintained; assures safe operation of all facilities; leads the site's community and government communications; and develops long-range strategic performance objectives that will maintain the facility as an integral part of our nation's nuclear defense capabilities.

Before he was appointed President in August 2001, Mr. Pedde served from September 1999 until August 2000 as Executive Vice President of WSRC. In this role, Bob Pedde provided executive assistance to the President in the day-to-day operation of the company. He had direct responsibility for

overseeing those organizations that provide site-wide responsibility for physical infrastructure support services, engineering and construction services, sitewide safeguard and security systems, operations training and assessments, and administrative services.

Bob Pedde has 30 years experience in two government-owned enterprises. At SRS, prior to being appointed Executive Vice President, he served as Vice President and General Manager, Defense Programs, from 1995 to 1999, where he maintained responsibility for the SRS tritium program.

Prior to that position, Mr. Pedde was Project Manager and later Program Manager of the Replacement Tritium Facility, and then Tritium Area Manager. He joined Westinghouse Savannah River Company in 1989 as Project Manager, P Reactor Restart.

From 1970 to 1989, Mr. Pedde held a series of engineering and management positions with the Tennessee Valley Authority, both at Knoxville and at the Watts Bar Nuclear Plant in Spring City, Tenn. His last position with TVA was Site Director of Watts Bar, where he was responsible for technical and administrative direction for all site activities.

Mr. Pedde serves on the Board of Directors for the Energy Facilities Contractors Group, the United Way of the CSRA, the Georgia Chamber of Commerce, the Augusta Metro Chamber of Commerce, and the South Carolina Manufacturers Alliance. He is a member of the Board of Trustees for the Heritage Academy and an active member of the First Presbyterian Church of Augusta where he serves as an officer.

Mr. Pedde lives in Martinez, Ga., with his wife, Linda, and daughter, Lauren.
