## SPECIAL EDITION

### NMMSS TRANSITION FROM NORCROSS, GEORGIA

### UPDATE TO PHONE NUMBERS FOR SAVANNAH RIVER OPERATIONS

As announced in the previous edition of the NMMSS News, NMMSS operations are transitioning from NAC International in Norcross, Georgia to the Office of Health, Safety and Security (HSS), DOE, Germantown, Maryland. During the transition, NMMSS will be operated from DOE Savannah River Site by Savannah River Nuclear Solutions (SRNS), the NMMSS upgrade developer and the continuity of operations backup site for NMMSS.

Methods of submitting data to Savannah River Site NMMSS Operations were provided in the previous Special Edition of the NMMSS News and are provided again below. **Note, however, that the SRNS phone numbers for data submission and questions regarding data submission will not be available until October 6, 2008 or later. During the interim, questions regarding data submission to Savannah River may be directed to Jerry O'Leary at (803) 725-8582.**

Additional information regarding the NMMSS transition and updates on data submission methods and phone numbers will be provided at the new NMMSS website. The internet address (URL) for the new NMMSS website is <http://www.hss.energy.gov/nmmss/>.
