To Whom It May Concern:

Enclosed please find two copies of the Notice of Decision (NOD) for the CEQA document prepared for Proposed amended Rule (PAR) – Emissions from Gaseous- and Liquid-Fueled Internal Combustion Engines (ICEs). The Final Environmental Assessment (EA) for PAR 1110.2 was prepared pursuant to CEQA and the South Coast Air Quality Management District's (SCAQMD) certified regulatory program. The CEQA documents were certified by SCAQMD's Governing Board at its February 1, 2008 Public Hearing. Please record and post the NOD according to the provisions of CEQA.

SCAQMD Rule 110 requires that written responses to public comments on a SCAQMD CEQA document be filed with the Secretary of Resources along with the Notice of Decision. One comment letter was received on the Draft EA for PAR 1110.2. The comment letter and the responses are located in the enclosed Appendix F from the Final EA for PAR 1110.2.

It was determined that the proposed project qualifies for the "no effect" fee exemption in accordance with recently revised Department of Fish and Game Code §711.4, Title 14, California Code of Regulations (CCR) and, therefore, a copy of the signed Fish and Game "no effect" fee exemption form is attached to prove compliance and ensure immediate posting of the NOD.

Please confirm receipt of one copy of the NOD and return it to the undersigned. Two return envelopes have been provided for your convenience (one for the confirmed copy upon receipt, and one for the original NOD to be returned after the posting period). If you have any questions, please call me at (909) 396-3054 or James Koizumi at (909) 396-3234.

Subject: FILING OF NOTICE OF DECISION IN COMPLIANCE WITH §21080.5 OF THE
PUBLIC RESOURCES CODE

Project Title: Final Environmental Assessment: Proposed Amended Rule (PAR) 1110.2 – Emissions
from Gaseous- and Liquid-Fueled Internal Combustion Engines (ICEs)

Lead Agency: South Coast Air Quality Management District

SCAQMD Number: 280307JK

Date Certified: February 1, 2008

Contact Person: James Koizumi

Telephone Number: (909) 396-3234

Project Location: South Coast Air Quality Management District area of jurisdiction: South Coast Air Basin (all of Orange County and the nondesert portions of Los Angeles, Riverside, and San Bernardino counties), and the Riverside County portions of the Salton Sea Air Basin and Mojave Desert Air Basin

Project Description: The objective of PAR 1110.2 is to reduce oxides of nitrogen (NO_x), volatile organic compounds (VOCs) and carbon monoxide (CO) emissions from gaseous and liquid-fueled ICEs. The proposed amendments would affect stationary, non-emergency engines. The proposed amended rule would increase monitoring requirements; require engines to meet emission standards equivalent to the current best available control technology (BACT); require new electrical generating engines to meet the same NO_x requirements as large central power plants, and clarify portable engine requirements. The proposed project was determined to be significant for particulate matter less than 2.5 microns in diameter (PM_{2.5}), carcinogenic health risk from diesel particulate matter from emergency engines at non-biogas facilities, hazards related to the storage of ammonia and storage and transport of liquefied natural gas (LNG), and aesthetics.

This is to advise that the South Coast Air Quality Management District has approved the above described project and has made the following determinations regarding the above described project:

1. The project will have a significant impact on the environment.
2. Mitigation measures were made a condition of the approval of this project.
3. A mitigation monitoring program under PRC § 21081.6 was adopted for this project.
4. Findings were adopted for this project.
5. A Statement of Overriding Considerations was adopted for this project.

The Final EA, supporting documentation, and record of project approval may be examined at: SCAQMD, 21865 Copley Drive, Diamond Bar, CA 91765.
