SUBJECT: Reaffirmation of Several Training Standards and Handbooks

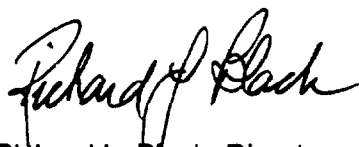

TO: George Detsis, EH-53
Technical Standards Manager

In accordance with the technical standards program procedures, reaffirmation notices were coordinated with the DOE technical standards managers to reaffirm several training standards and handbooks. A list of the training standards and handbooks to be reaffirmed is attached.

The first reaffirmation notice was transmitted on April 6, 1998 requesting comments on reaffirmation of the DOE Fundamentals Handbooks. The second reaffirmation notice was transmitted on January 14, 1999 requesting comments on reaffirmation of one training standard and three training handbooks.

Comments received agreed with the reaffirmation of each of the listed standards and handbooks. It is requested that the standards and handbooks be reaffirmed in accordance with the technical standards program procedures. Because of the large number of Fundamental Handbooks originally printed or distributed on CD ROM, it is also requested that reaffirmation be reflected only in the listing of approved standards on the technical standards program internet site, as permitted by standards program procedure (TSPP 9, section 4.2.2, table item b.).

If you have any questions regarding the reaffirmation of these standards and handbooks, please contact John A. Yoder, of my staff, at (301) 903-5650.
