\* = Bureau of Indian Affairs is not required to submit the Safe and Drug-Free Performance Report, and did not file a report for the 1999-00 reporting period.

MD = Missing data

NR = Non-response. State did not submit reporting form for the 1999-00 reporting year.

NA = Not Applicable. The Education Department General Administration Regulations (EDGAR) allow territories to elect to consolidate funds from several of the Department's state administered programs (Title I, II, IV, and VI) under one or more of those programs. Guam and the Virgin Islands elected to spend their allocation under an authority other than SDFSCA programs. As a result, they had no program data related to SDFSCA even though money was received and distributed.

NR = Non-response. State did not submit reporting form for the 1999-00 reporting year.

NA = Not Applicable. The Education Department General Administration Regulations (EDGAR) allow territories to elect to consolidate funds from several of the Department's state administered programs (Title I, II, IV, and VI) under one or more of those programs. Guam and the Virgin Islands elected to spend their allocation under an authority other than SDFSCA programs. As a result, they had no program data related to SDFSCA even though money was received and distributed.

\* = Bureau of Indian Affairs is not required to submit the Safe and Drug-Free Performance Report, and did not file a report for the 1999-00 reporting period.

MD = Missing data

NR = Non-response. State did not submit reporting form for the 1999-00 reporting year.

NA = Not Applicable. The Education Department General Administration Regulations (EDGAR) allow territories to elect to consolidate funds from several of the Department's state administered programs (Title I, II, IV, and VI) under one or more of those programs. Guam and the Virgin Islands elected to spend their allocation under an authority other than SDFSCA programs. As a result, they had no program data related to SDFSCA even though money was received and distributed.
