

Fiscal Year 2010 District Projects Submitted to the House Appropriations Committee

Bradenton Police Department:

Funding for patrol vehicles for \$600,000.

The entity to receive funding for this project is the City of Bradenton, 100 West 10th Street, Bradenton (FL) 34205.

The funding would be used for vehicles to be used in the patrol division to respond to calls for service and enforce all applicable law. This request will cover the cost for approximately 20 vehicles for the Bradenton Police Department.

Charlotte County:

US-41 enhancements in Charlotte County (FL) for \$4,000,000.

The entity to receive funding for this project is Charlotte County, 18500 Murdock Circle, Port Charlotte (FL) 33948.

The funding would be used to design road enhancements to US-41 – a congested section connecting Tampa to Miami.

A regional reclaimed water system for \$1,000,000.

The entity to receive funding for this project is Charlotte County, 18500 Murdock Circle, Suite 536, Port Charlotte (FL) 33948.

The funding would be used to design and construct a five mile reclaimed water transmission main, reducing the need for potable water in southwest Florida.

Child Protection Center:

Child advocacy center in Sarasota (FL) for \$300,000.

The entity to receive funding for this project is the Child Protection Center, Inc., 1750 17th Street, Bldg. L, Sarasota (FL) 34234.

The funding would be used to implement the Child Protection Center's "Pillar of Hope" program to provide expanded counseling and medical services to abused children.

City of Arcadia:

Local road improvements for \$750,000.

The entity to receive funding for this project is the City of Arcadia, P.O. Box 351, Arcadia (FL) 34265.

The funding would be used for Arcadia's roads, which need immediate attention.

Wastewater system repair for \$300,000.

The entity to receive funding for this project is the City of Arcadia, P.O. Box 351, Arcadia (FL) 34265.

The funding would be used for the next phase of the relining project to reline the majority of its waste water pipes to prevent ground water infiltration.

City of North Port:

Family services center in the City of North Port for \$450,000.

The entity to receive funding for this project is the City of North Port, 4970 City Hall Blvd., North Port (FL) 34286.

The funding would be used to construct a facility to house the city's Social Services Division as well as 12 other community agencies. This Center will bring a variety of health and human services to the citizens of North Port.

Streetscape improvements for the City of North Port (FL) for \$1,000,000.

The entity to receive funding for this project is the City of North Port, 4970 City Hall Blvd., North Port (FL) 34286.

The funding would be used to build and improve sidewalks for children walking to school in North Port.

Water Line Loop Project for \$800,000.

The entity to receive funding for this project is the City of North Port at 4970 City Hall Boulevard, North Port (FL) 34286.

The funding would be used to improve potable water distribution system to improve fire flow, water quality and pressure to its residents.

Water Control Structure #101 for \$3,000,000.

The entity to receive funding for this project is the City of North Port at 4970 City Hall Boulevard, North Port (FL) 34286.

The funding would be used to replace an antiquated structure with a modern structure.

City of Sarasota:

Lido Key Beach Re-nourishment project for \$500,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used to replenish the beach to deal with ongoing erosion.

Fruitville Road streetscape project for \$1,000,000.

The entity to receive funding for this project is City of Sarasota, 1565 First Street, Sarasota (FL) 34236.

The funding would be used on a project that requires roadway, sidewalk and streetscape improvements for Fruitville road from US-301 to US-41.

Robert L. Taylor Community Center for \$1,000,000.

The entity to receive funding for this project is the City of Sarasota, 1565 First Street, Sarasota (FL) 34236.

The funding would be used to revitalize the only government-sponsored/owned recreation center in Sarasota.

City of Venice:

Streetscaping improvements in downtown for \$650,000.

The entity to receive funding for this project is the City of Venice, 401 West Venice Avenue, Venice (FL) 34285.

The funding would be used for the City of Venice, which has been putting together a project that requires roadway, sidewalk and streetscape improvements beginning with the downtown core and extending in future phases to the rest of the downtown streetscaping improvements project.

Water treatment plant rehabilitation for \$1,300,000.

The entity to receive funding for this project is the City of Venice at 401 West Venice Avenue, Venice (FL) 34285.

The funding would be used to upgrade and rehabilitate the City's water treatment plant.

Emergency shelter improvement project for \$200,000.

The entity to receive funding for this project is the City of Venice at 401 West Venice Avenue, Venice (FL) 34285.

The funding would be used for the installation of a modernized energy generation system to provide power during storm events, allowing this facility to serve as a hurricane shelter, and also be designated as a special needs shelter.

City of Wauchula:

Water treatment expansion for \$2,000,000.

The entity to receive funding for this project is the City of Wauchula, 126 South 7th Avenue, Wauchula (FL) 33873.

The funding would be used for the drilling of a fifth water well. The new well will serve a two-fold purpose; (1) meet DEP regulation and (2) provide the city with protection against contamination and drought.

Girls Inc.:

“Girls Incorporated Micro Society” project for \$500,000.

The entity to receive funding for this project is Girls Inc., 201 South Tuttle Avenue, Sarasota (FL) 34237.

The funding would be used for this program, which has been cited by the U.S. Department of Education for its impressive results in serving children. This program makes a difference in the lives of young girls, leading them to self-sufficiency as they learn about a variety of career choices. For over thirty years, this program has provided vital educational programs to thousands of girls.

Hardee County:

US-17 in Hardee County (FL) for \$4,000,000.

The entity to receive funding for this project is Hardee County, 412 West Orange Street, Room 103, Wauchula (FL) 33873.

The funding would be used to construct a bridge as a part of a larger, four-lane expansion of US-17.

Jewish Family & Children’s Services of Sarasota-Manatee:

Building Strong Families Homeless Prevention Program for \$300,000.

The entity to receive funding for this project is the Jewish Family & Children’s Services of Sarasota-Manatee, Inc., located at 2688 Fruitville Road, Sarasota (FL) 34237.

The funding would be used for activities to support the program that will help respond to the growing problem of family homelessness.

Manatee County:

Wares Creek Flood and Coastal Damage Project for \$7,000,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used to continue an important dredging project for flood control purposes.

Intelligent Transportation System (ITS), also known as an Advanced Traffic Management System (ATMS) for \$5,000,000.

The entity to receive funding for this project is Manatee County, 1112 Avenue West, Bradenton (FL) 34205.

The funding would be used to upgrade a two-county traffic signal system in order to obtain a more advanced traffic management system.

Anna Maria Island bridge replacement on SR-64 for \$2,000,000.

The entity to receive funding for this project is Manatee County, 1112 Avenue West, Bradenton (FL) 34205.

The funding would be used for a new bridge. Currently, FDOT is conducting its PD&E phase, with completion expected in 2009. Design would then begin in 2010 and end in 2012. Construction would therefore begin in 2013, with overall completion of the project in 2016.

Anna Maria Island Beach Re-nourishment project for \$200,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used to complete the necessary studies to enroll certain portions of Anna Maria Island beaches into the federal beach re-nourishment program. The Jacksonville District will require a congressionally approved budget of approximately \$200,000 to work on plans and general design approval documents to enroll the City of Anna Maria's beaches.

County-wide GIS Storm-water layer development/mapping for \$750,000.

The entity to receive funding for this project is Manatee County, 1112 Manatee Avenue West, Bradenton (FL) 34205.

The funding would be used to inventory and update the storm-water and flood control infrastructure county-wide to respond efficiently and expediently to request for flood mitigation projects to reduce repetitive flood losses throughout the community.

Manatee School District:
Project Energy Education for \$500,000.

The entity to receive funding for this project is the School District of Manatee at 215 Manatee Ave., W., Bradenton (FL) 34205.

The funding would be used by the Manatee Technical Institute, which is considered a premier career training institute within the United States. This project will be an investment in curriculum development, training and community outreach in alternative energy.

Meta Center, Inc.:

Small Business Incubator for \$1,000,000.

The entity to receive funding for this project is 9001 Huntington Pointe Drive, Sarasota (FL) 34238.

The funding would be used for the proposed plan for META Center is to renovate and revitalize a building in central Sarasota. The renovated facility will aid small business to help facilitate growth and services guiding small businesses to success.

Mote Marine:

Ocean replenishment research for \$3,700,000.

The entity to receive funding for this project is Mote Marine Laboratory, located at 1600 Ken Thompson Parkway, Sarasota (FL) 34236.

The funding would be used for the Scientific Consortium for Ocean Replenishment (SCORE) – a multi-state initiative for the recovery of the nation’s ocean fisheries.

New College:

“Smart Library” for \$200,000.

The entity to receive funding for this project is New College of Florida, 5800 Bay Shore Road, Sarasota (FL) 34243.

The funding would be used to establish a joint-use library facility that will serve local higher education entities and the general public in the areas of community research and civic engagement.

Police Athletic League (PAL) Manatee County:

Renovation and Expansion for \$500,000.

The entity to receive funding for this project is the Police Athletic League and Charter Schools of Manatee County, Inc., 202 13th Avenue East, Bradenton (FL) 34208.

The funding would be used to develop new practice fields, implement a new drainage system, create a new parking lot, erect a maintenance facility, and make repairs to the PAL campus.

Port Manatee:

South Channel Extension project for \$2,500,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used to reimburse Port Manatee for the federal share of the South Channel extension. Port Manatee is the fifth largest of Florida's 14 freshwater ports.

Post Authorization for Port Manatee Harbor Basin for \$200,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used for maintenance of the Manatee Harbor Basin, if the Secretary determines that such maintenance is economically justified and environmentally acceptable and that the channel or breakwater was constructed in accordance with the applicable permits and appropriate engineering and design standards.

Planning, engineering and design and continued re-evaluation of the Tampa Harbor for \$500,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used for on-going U.S Army Corps of Engineers' General Re-evaluation Report.

Roskamp Institute:

Therapeutic Drug Discovery for Traumatic Brain Injury research for \$2,000,000.

The entity to receive funding for this project is the Roskamp Institute, 2040 Whitfield Avenue, Sarasota (FL) 34243.

The funding would be used to conduct cutting-edge Traumatic Brain Injury (TBI) research.

Sarasota County:

Health care facility in Englewood for \$1,000,000.

The entity to receive funding for this project is Sarasota County, 1660 Ringling Blvd., Sarasota (FL) 34236.

The funding would be used to construct a new health facility serving residents in southern Sarasota County and Charlotte County.

Expanding the Sarasota County (FL) Bus Rapid Transit system for \$2,000,000.

The entity to receive funding for this project is Sarasota County, 1660 Ringling Blvd., Sarasota (FL) 34236

The funding would be used to expand the county's transit system with fuel-efficient vehicles and the latest technology.

Public safety center for \$2,000,000.

The entity to receive funding for this project is Sarasota County, 1660 Ringling Blvd., Sarasota (FL) 34236.

The funding would be used to help relocate and construct a new Sarasota County Emergency Operation Center.

Sarasota Bay Ecosystem Restoration for \$3,000,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used for construction of a central sewer system and other needed infrastructure to replace approximately 14,000 individual septic systems.

A renewable and alternative energy center in Sarasota County (FL) for \$2,000,000.

The entity to receive funding for this project is Sarasota County, 1660 Ringling Blvd., Sarasota, FL 34236.

The funding would be used to design and construct an Applied Renewable Energy Center to implement technologies and building practices to minimize dependence on fossil fuels and the effects of greenhouse gases.

Truvine Missionary Baptist Church:

After School Program at the Truvine Job and Skills Training Institute Inc for \$475,775.

The entity to receive funding for this project is Truvine Missionary Baptist Church, 1947 31st Street, Sarasota (FL) 34234.

The funding would be used to provide a full capacity After School Program with a controlled and safe environment in the Newtown Community of Sarasota, FL.

University of South Florida:

Autism Services Knowledge Management Network for \$200,000.

The entity to receive funding for this project is the Center for Infants and Child Development, USF Spectrum Assessment and Treatment Clinic, 4202 East Fowler Avenue, Tampa (FL) 33620.

The funding would be used to form a single entry, multi-disciplinary system of coordinated care with expertise in research, diagnostics, policy development and advocacy, case management/services/support, treatment and pre-service teacher education by developing a knowledge web-based portal. Once operational, this template would become a best practice model that could be replicated nationally and promote coordination of information to expedite

the development of evidence based treatment and educational practices that have evolved from collaborative efforts.

Address Florida's nursing shortages for \$500,000.

The entity to receive funding for this project is the University of South Florida (USF) Sarasota-Manatee, 8350 North Tamiami Trail, Sarasota (FL) 34243

The funding would be used to establish a College of Nursing at the University of South Florida (USF) Sarasota-Manatee campus.

Wellness Community:

Building Hope project for \$500,000.

The entity to receive funding for this project is The Wellness Community, 3900 Clark Road P-3, Sarasota (FL) 34233.

The funding would be used to create a new, 11,200 square foot, state-of-the-art facility that will make it possible for the Wellness Community to serves thousands more cancer patients each year. The building will create the optimum healing environment for people affected by cancer.

West Coast Inland Navigation District:

Dredging of the Intracoastal Waterway, Caloosahatchee R to Anclote R, FL for \$5,000,000.

The entity to receive funding for this project is the U.S. Army Corps of Engineers – Jacksonville, located at 701 San Marco Boulevard, Jacksonville (FL) 32207-8175.

The funding would be used to perform maintenance dredging in the GIWW – an important transportation channel that runs through six Florida counties.

Zolfo Spring:

Wastewater treatment facility for \$2,475,000.

The entity to receive funding for this project is the Town of Zolfo Springs, 3210 U.S. Highway 17 S, Zolfo Springs (FL) 33890-0162.

The funding would be used to upgrade the wastewater treatment facility which is currently in non-compliance of DEP permit requirements and is under DEP consent order to correct the serious deficiencies in the system.
