Abstract: The Progress Measures Survey focuses on four elements of Title IV, Section 402 of the School-to-Work Opportunities Act: student participation in school-to-work; institutional and employer participation; leveraging of funds; and outcomes. The participation measures are designed to track elaboration of local partnership School-to-Work (STW) systems; the leveraging measures are intended to capture efforts to develop sources of funding that will enable STW to be self-sustaining after sunset of the legislation; and the outcomes measures are indicators of achievement of the Act's primary goals. These data, collected on a regular basis, will provide important evidence of state and local partnership commitments to the legislative mandate.
