Environmental Assessment (EA) and Finding of No Significant Impact (FNSI) for the BRAC 95 Realignment of Personnel and Functions to Fort Wainwright, AK

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: In accordance with Pub. L. 101-510, the Defense Base Realignment and Closure (BRAC) Commission recommended the realignment of the Northern Warfare Training Center (NWTC) and the Cold Regions Test Center (CRTC) from Fort Greely, Alaska, to Fort Wainwright, Alaska. The action could begin no earlier than July 1997 and is to be completed no earlier than July 2001.

The EA analyzed the environmental and socioeconomic realignment effects to Fort Wainwright and the adjacent Fairbanks area. In addition to the directed moves, discretionary moves of such units as the Aviation Detachment and Law Enforcement Command are planned. These units will be absorbed into similar activities at Fort Wainwright. A total of approximately 92 military and 47 civilian positions would be relocated from Fort Greely to Fort Wainwright.

BRAC-funded projects at Fort Wainwright are analyzed. These include two military construction projects—a Missile Test Facility to support the CRTC and four 5-bedroom housing units. Existing facilities will also be renovated for use as office space.

The EA considered five alternatives for effecting the realignment from Fort Greely to Fort Wainwright. These were: (1) constructing four 5-bedroom units for additional housing and upgrading existing on-post facilities for office space, (2) using off-base housing to meet housing needs and upgrading existing on-post facilities for office space, (3) constructing four 5-bedroom units for additional housing and constructing new on-post office facilities, (4) using

off-base housing to meet housing needs and constructing new on-post office facilities, and (5) no action, *i.e.*, continuation of existing conditions of the affected environment, without implementing the proposed action. Alternative 1 is the preferred alternative.

The Army has concluded that the realignment of the NWTC and the CRTC from Fort Greely to Fort Wainwright does not constitute a major Federal action significantly affecting the quality of the natural or human environment. Because no significant impacts would result from implementing the proposed action, an environmental impact statement is not required and will not be prepared.

DATES: Public comments must be submitted on or before April 20, 1998.

ADDRESSES: Copies of the EA and FNSI may be obtained by writing or inquiring to the U.S. Army Corps of Engineers, ATTN: CENPA-EN-CW-ER (Mr. Guy McConnell), P.O. Box 898, Anchorage, Alaska 99506-0898, or by telefax at (907) 753-2625. The EA is also available for review at the Environmental Office, Building 3023, Fort Wainwright, Alaska. Please contact Mr. Ken Spiers at (907) 353-6323.

Dated: March 18, 1998.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98–270–000]

ANR Pipeline Company; Notice of Application

March 16, 1998.

Take notice that on March 9, 1998, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed in Docket No. CP98–270–000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon by sale a subsea side valve assembly (Interconnection) at West Cameron Area Block 601, offshore Louisiana, to Tennessee Gas Pipeline Company (Tennessee) and Columbia Gulf Transmission Company (Columbia Gulf), all as more fully set forth in the application on file with the Commission and open to public inspection.

ANR states that the Interconnection, which was certificated in Docket No. CP81–281–000 along with other facilities, ties into pipeline facilities owned by Tennessee and Columbia Gulf. ANR also states that after the facilities authorized in Docket No. CP81–281–000 were placed in service, Samedan Oil Corporation (Samedan) tied its facilities into ANR's Interconnection. ANR states that the sale/abandonment of the Interconnection would allow Samedan to connect directly to Tennessee's and Columbia Gulf's facilities rather than indirectly through ANR.

ANR states that the proposed abandonment by sale will not result in any termination of service, and will not otherwise change the authorizations granted ANR in Docket No. CP98–281–000. ANR also states that the sale price will be the lesser of the net book value or \$243,680.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 6, 1998, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a

motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided or, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.

David P. Boergers,

Acting Secretary.
