Mr. Joel Szabat
Deputy Assistant Secretary for
Transportation Policy
United States Department of Transportation
1200 New Jersey Avenue, SE
Washington, DC 20590

Dear Mr. Szabat:

Reference is made to Arkansas' certification in accordance with Section 1511 of the American Recovery and Reinvestment Act of 2009 (ARRA).

The project list that accompanies Arkansas' current Section 1511 certification shows a total project cost of \$421,250,000 with a footnote that these projects will obligate \$335,832,190 in ARRA funds. Therefore, some projects will be partially funded with ARRA funds, with the balance funded from other Federal-aid, State and/or local funds as appropriate.

As requested, enclosed is a project list that shows the amount of ARRA funds that Arkansas intends to obligate for each certified project. These amounts are subject to change due to issues such as the award amounts for the individual projects or an update of the cost estimate upon completion of plan development. If there are major changes to the ARRA amounts shown on the enclosed list, a revised Section 1511 certification will be submitted.

If additional information is needed, please advise.

Sincerely,

A handwritten signature in black ink that reads "Scott E. Bennett". The signature is written in a cursive, flowing style.

I further certify that the specific information required by Section 1511 concerning each such investment (a description of the investment, the estimated total cost, and the amount of ARRA funds to be used) is enclosed and is provided on the Arkansas State Highway and Transportation Department's website, available to the public at www.arkansashighways.com.

I understand that the Arkansas State Highway and Transportation Department may not receive ARRA infrastructure investment funding unless this certification is made and posted.
