RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding three (3) Information Collection Requests (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB).

The RRB invites comments on the proposed ICR's to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the

quality, utility and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if RRB and OIRA receive them within 30 days of publication date

1. Employee Representative's Status and Compensation Reports; OMB 3220-0014

Under Section 1(b)(1) of the Railroad Retirement Act (RRA), the term "employee" includes an individual who is an employee representative. As defined in Section 1(c) of the RRA, an employee representative is an officer or official representative of a railway labor organization other than a labor organization included in the term "employer," as defined in the RRA, who before or after August 29, 1935, was in the service of an employer under the RRA and who is duly authorized and designated to represent employees in accordance with the Railway Labor Act, or, any individual who is regularly assigned to or regularly employed by such officer or official representative in connection with the duties of his or her office. The requirements relating to the application for employee representative status and the periodic reporting of the compensation resulting from such status is contained in 20 CFR 209.10.

The RRB utilizes Forms DC-2a, Employee Representative's Status Report, and DC-2, Employee Representative's Report of Compensation, to obtain the information needed to determine employee representative status and to maintain a record of creditable service and compensation resulting from such status. Completion is required to obtain or retain a benefit. One response is requested of each respondent.

No changes are proposed to Form DC-2a and Form DC-2. The completion time for Form DC-2 is estimated at 30 minutes per response. The RRB estimates that approximately 65 Form DC-2's are completed annually. The RRB estimates that less than 10 Form DC-2a's are completed annually.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (74 FR 17895 on April 17, 2009) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Estimated annual number of respondents: 65.

2. Employer's Deemed Service Month Questionnaire; OMB 3220–0156

Section 3 (i) of the Railroad Retirement Act (RRA), as amended by Public Law 98–76, provides that the Railroad Retirement Board (RRB), under certain circumstances, may deem additional months of service in cases where an employee does not actually work in every month of the year, provided the employee satisfies certain eligibility requirements, including the existence of an employment relation between the employee and his or her employer. The procedures pertaining to the deeming of additional months of service are found in the RRB's regulations at 20 CFR 210, Creditable Railroad Service.
