

**Office of Mental Health and Addiction Services
Children's System Change Initiative
Community-Based Services matched to Recommended Procedure Codes
For Services Provided on or after 04/01/05**

| Service | Code | Description | Service Criteria |
|------------------------------------------------------|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level of Need Determination (CASII Screening) | T1023 | Screening to determine the appropriateness of consideration of an individual for participation in a specified program, project or treatment protocol, per encounter | Screening or evaluation of the mental health service needs of clients for consideration of admission to inpatient hospital psychiatric programs, partial psychiatric hospital programs, residential treatment, or outpatient treatment services. This service differs from a mental health assessment in that the activity may require not only the evaluation of a client's treatment needs, but also an evaluation of available treatment options. |
| Child & Family Team Meeting | H0032 | Mental health service plan development by non-physician | Activities to develop, evaluate, or modify a client's mental health services plan. This would include the statement of treatment or service goals, of clinical interventions designed to achieve those goals, and an evaluation of progress toward those goals. This activity may be repeated periodically and the plan may be modified. |
| Care Coordination | T1016 | Case management | Services provided for coordinating the access to and provision of services from multiple agencies, establishing service linkages, advocating for treatment needs, and providing assistance in obtaining entitlements based on mental or emotional disability. |
| | 90882 | Environmental intervention with agencies, employers, or institutions | |

| | | | |
|-----------------|-------|---------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Case Management | T1016 | Case management | Services provided for coordinating the access to and provision of services from multiple agencies, establishing service linkages, advocating for treatment needs, and providing assistance in obtaining entitlements based on mental or emotional disability. |
| Skills Training | H2014 | Skills training and development, per 15 min | A program of rehabilitation designed to reduce or resolve identified barriers and improve social functioning in areas important to establishing and maintain clients in the community; e.g., home, peer group, work or school. Activities are delivered to more than one client and are designed to promote skill development in areas such as decision- making, anger management and coping, community awareness and mobility, self esteem and money management. Skills training reduces symptomatology and promotes community integration and job readiness. |
| | H2032 | Activity Therapy, per 15 min | Therapeutic activities in a structured setting designed to improve social functioning, promote community integration and reduce symptomatology in areas important to maintaining or reestablishing residency in the community. Activities may be delivered on an individual or group basis and are designed to promote skill development and meet specific goals and measurable objectives in the treatment plan. |

|--|-------|---------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | H0036 | Community psychiatric supportive treatment, face to face, per 15 mins | Structured developmental or rehabilitative programs designed to improve or remediate a person's basic functioning in daily living and community living. Programs shall include a mixture of individual, group, and activity therapy components and shall include therapeutic treatment oriented toward development of a person's emotional and physical capability in areas of daily living, community integration, and interpersonal functioning. |
| | G0176 | Activity Therapy related to the care and treatment of a person's disabling mental health condition, 45 minutes or more | Therapeutic activities designed to improve social functioning, promote community integration and reduce symptomatology in areas important to maintaining or reestablishing residency in community; e.g., home, work, school, peer group. Activities are delivered to more than one person and are designed to promote skill development in areas such as stress management, conflict resolution, coping skills, problem solving, money management, nutrition, and community mobility. |
| | G0177 | Training and educational services related to the care and treatment of person's disabling mental health condition, 45 minutes or more | Psychosocial skills development and rehabilitation services used to improve social functioning in areas important to maintaining or reestablishing residency in the community. Interventions are delivered on an individual basis and are individualized to meet specific goals and measurable objectives in the treatment plan. Interventions focus on developing and strengthening competencies in areas such as anger management, stress management, conflict resolution, money management, community mobility, symptom management and reduction. |

|----------------|---------------------------|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | H2021 (encounter only) | Community based wraparound services, per 15 min | Individualized, community-based clinical interventions, delivered as an alternative or addition to traditional services, that are as likely or more likely to effectively treat a client's mental health condition. Services may include informal supports and resources and are provided to a client and family members in order to promote, maintain or restore successful community living. Services are delivered as the result of a collaborative planning process and are provided in a manner or place different from the traditional manner or place of service delivery. |
| | H2022 (encounter only) | Community based wraparound services, per diem | Individualized, community-based clinical interventions, delivered as an alternative or addition to traditional services, that are as likely or more likely to effectively treat a client's mental health condition. Services may include informal supports and resources and are provided to a client and family members in order to promote, maintain or restore successful community living. Services are delivered as the result of a collaborative planning process and are provided in a manner or place different from the traditional manner or place of service delivery. |
| Family Support | H2021 (encounter only) | Community based wraparound services, per 15 min | Individualized, community-based clinical interventions, delivered as an alternative or addition to traditional services, that are as likely or more likely to effectively treat a client's mental health condition. Services may include informal supports and resources and are provided to a client and family members in order to promote, maintain or restore successful community living. Services are delivered as the result of a collaborative planning process and are provided in a manner or place different from the traditional manner or place of service delivery. |

| | H2022 (encounter only) | Community based wraparound services, per diem | Individualized, community-based clinical interventions, delivered as an alternative or addition to traditional services, that are as likely or more likely to effectively treat a client's mental health condition. Services may include informal supports and resources and are provided to a client and family members in order to promote, maintain or restore successful community living. Services are delivered as the result of a collaborative planning process and are provided in a manner or place different from the traditional manner or place of service delivery. |
| | H0038 (encounter only) | Self help/peer services, per 15 min | Services provided by peers (mental health consumers) include a wide range of supports, services, and advocacy that contribute to a client's ability to engage in ongoing treatment. These services may include but are not limited to: self-help support groups, drop-in centers, outreach services, education and advocacy. Persons performing this activity have experience in treatment and recovery. |
| | H2027 (encounter only) | Psychoeducational service, per 15 min | Activities to provide information and education to clients, families, and significant others regarding mental disorders and their treatment. This activity acknowledges the importance of involving significant others who may be essential in assisting a client to maintain treatment and to recover. |

Services are delivered as the result of a collaborative planning process and are provided in a manner or place different from the traditional manner or place of service delivery. |
| | T1005 (encounter only) | Respite care services, up to 15 min | Services provided in home or community to either a family or individual client, including services such as respite, aides, recreation, homemaker, behavior monitor, tutor or mentor, provided by agency staff under agency supervision. Agency supervision shall include training, supervision in adhering to the client treatment plan, and emergency back-up support. Travel time is factored into the rate and may not be billed under a separate code. Family support services are particularly appropriate when there are severe behavioral problems, which increase risk. |

| | | | |
|--|---------------------------|--------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | S9125 (encounter only) | Respite care services, in the home, per diem | Services provided in home or community to either a family or individual client, including services such as respite, aides, recreation, homemaker, behavior monitor, tutor or mentor, provided by agency staff under agency supervision. Agency supervision shall include training, supervision in adhering to the client treatment plan, and emergency back-up support. Travel time is factored into the rate and may not be billed under a separate code. Family support services are particularly appropriate when there are severe behavioral problems, which increase risk. |
| | H0045 (encounter only) | Respite care services, not in the home, per diem | Services provided in a properly licensed 24-hour facility by non-medical professionals within their scopes of licensure or certification. Services must be reasonably expected to improve or maintain the condition and functional level and prevent elapse or hospitalization. Services include assessment, supervision, structure and support, and case coordination. |
| | S5151 (encounter only) | Unskilled respite care, not hospice, per diem | Services provided in a properly licensed 24-hour facility by non-medical professionals within their scopes of licensure or certification. Services must be reasonably expected to improve or maintain the condition and functional level and prevent relapse or hospitalization. Services include assessment, supervision, structure and support, and case coordination. |
