Youth Motivating Others through Voices of Experience

YOUTH GUIDED

means

to value youth

as experts,

respect

their voice,

and to

treat them

as equal partners

in creating

system change

at the

individual,

state, and

national level.

MISSION STATEMENT: We the members of Youth MOVE will work as a diverse collective to unite the voices and causes of youth while raising awareness around youth issues. We will advocate for youth rights and voice in mental health and other systems that service them, in the process of empowering youth to be equal partners in the process of change.

VISION STATEMENT: We the members of Youth MOVE envision a system of care in which every young person that enters any youth-serving system is successfully prepared for life. We help guide the redevelopment of the system so that no youth falls through the cracks. We advocate for youth to utilize their power to foster change in their communities and in their own lives. Youth MOVE works toward the day when all people will recognize and accept the culture of youth, their families, and the communities that serve them in order to be truly culturally-competent. Youth MOVE looks forward to the day when youth are no longer treated as numbers, problems, or caseloads, but as individuals and humans. We will all stand as partners: youth, youth advocates, supporters, parents, and professionals, to see our youth become successful
