

Arizona Department of Education
Tom Horne, Superintendent of Public Instruction

August 7, 2009

Dear Principal:

My name is Ed. Specialist. I have been assigned to work with your school as an education specialist from the Title I School Improvement Unit for the 2009-10 school year. Recently, the Arizona Department of Education (ADE) released the Adequate Yearly Progress (AYP) determinations for all schools and districts as required by the *No Child Left Behind Act* (NCLB). Title I schools that do not meet AYP for two or more consecutive years must be identified for Title I School Improvement. **According to our records, your school did not meet AYP or made AYP and is currently “frozen” in Title I School Improvement – Year 2.**

Section 1116 of NCLB requires that schools that do not meet AYP for two or more consecutive years must be identified for Title I School Improvement. Once a Title I school is identified for improvement, it must meet AYP for two consecutive years in the same indicator before it is removed from improvement status. The consequences escalate for each subsequent year of not meeting AYP in the same indicator. A school in improvement will be “frozen” in its current status the following year if it makes AYP in the same indicator (Spring 2009). A second year (Spring 2010) of meeting AYP in the same indicator results in removal from Title I School Improvement.

As a result of being identified for Title I School Improvement – Year 2, your school is eligible for the following grant amount to assist in revising and implementing the Arizona School Improvement Plan (ASIP):

Title I School Improvement – Year 2 Grant (metro)*	Grant Amount:	\$53,000
Title I School Improvement – Year 2 Grant (rural) **	Grant Amount:	\$58,000

*Schools within Maricopa or Pima County boundaries

**Schools outside of Maricopa and Pima County boundaries

The immediate requirements for your school are:

The following information describes school improvement responsibilities in more detail.

ARIZONA SCHOOL IMPROVEMENT PLAN

The first step in the improvement planning process is to involve as many stakeholders as possible in a comprehensive needs assessment, utilizing the *Standards and Rubrics for School Improvement*. This instrument may be downloaded from ADE's website at: <http://www.ade.az.gov/schooleffectiveness/STDSRUBRIC.pdf>. Schools should then review the evidence gathered to determine the strengths and limitations and write goals with supporting strategies based on this evidence to assist the school in making AYP. The ASIP is designed to assist schools in using data to target all academic and/or non-academic goals to specifically address the reason(s) for not making AYP. **The web-based ASIP is available online via IDEAL web portal at <http://www.ideal.ade.az.gov>.**

PARENT NOTIFICATION

A district/charter holder shall promptly provide parent notification of each student enrolled in an elementary school or a secondary school identified for school improvement. **The required components of the parent notification** include:

- an explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary schools or secondary schools served by the district/charter holder involved and the state;
- the reasons for the identification;
- an explanation of what the school identified for school improvement is doing to address the problem of low achievement;
- an explanation of what the district/charter holder is doing to help the school address the achievement problem;
- an explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and

The required template letter and the instructions to compare the school's academic performance may be found at: <http://www.ade.az.gov/asd/Title1/AccountabilityGrants/supportdocs/default.asp> (Under Tab 4)

PUBLIC SCHOOL CHOICE/SUPPLEMENTAL EDUCATIONAL SERVICES

Districts/charters receiving funds under Title I are required to make Public School Choice (free transportation to a school not identified in need of improvement per NCLB) available to all students in Title I schools identified for improvement. Parents must be given at least two choices of schools that meet this requirement to which the parent may transfer their child. The district/charter is responsible for paying all or a portion of the transportation necessary for the implementation of Public School Choice. School districts may also consider forming a cooperative agreement with another district or charter for parents to transfer their child(ren).

Parents of students identified as the lowest income and lowest achieving must be offered free tutoring by an ADE approved provider. The ADE approved list of providers is available at <http://www.ade.az.gov/asd/Title1/SES/providers>. Districts and providers must use the ADE Supplemental Educational Services Agreement <http://www.ade.az.gov/asd/Title1/SES> which includes the description of services, the individual student goals, progress monitoring, and communication by the provider to the parent and district.

Questions regarding the Title I School Improvement process may be directed to Douglas Price, Director of Title I School and District Improvement at 602-542-1562 in the Title I School Improvement Unit.

Sincerely,

Nancy Konitzer
