#### Schedule of Events

#### **10:00 - 11:00 am General Membership Meeting**

Conference Room 103 (1st floor, opposite the elevator). Business meeting to conduct society business.

#### **11:00 am– 12 noon: Program**

Our May Program will be **Gerald S. Lenzen** presenting "**Footprints of Our Wanderers (America to Germany). How to research German ancestry from the USA**": Careful acquisition and examination of records on this side of the ocean helps determine where your ancestors may have originated on the other side. Learn how to scrutinize oral traditions and correspondence. Identify record types that point to family origins. Backtrack on the

trail your ancestors left to their original home.

Gerald S. Lenzen, a native of Wisconsin, lives in Portland, Oregon. He was educated at Portland State University. He retired from the Bonneville Power Administration in 1994 after 32+ years of service. Gerry Lenzen has been conducting historical and family research since 1963. He researched and co-authored several volumes of family history with his wife, Connie Miller Lenzen. Mr. Lenzen has traveled and researched extensively throughout the United States. He has done on-site research in Prussia and Bavaria where his father's ancestors originated. He teaches and lectures at local, state and national seminars and conferences. He has served, and is serving, as a board member of the St. Paul Mission (Oregon) Historical Society, the Archdiocesan Historical Commission of Portland, Oregon, the statewide Genealogical Council of Oregon, and on committees of the Genealogical Forum of Oregon. He holds current, past, and life memberships in many historical, family history, and genealogical societies throughout the U.S.

#### **1:00 pm—Beginners' Class**

The Beginner's Class will be conducted by **Joan Kaiser** in Conference Room 202 (2nd floor, turn right from elevator). Pre-registration not required. There is no charge, but we suggest a \$1.25 donation toward the cost of printed handouts.

This will be class #3 in the series, **Maps; Wills and Probate Records; Military Records**. **Joan** will cover how to use maps and land records, genealogical information in wills and probate records and the importance of military records.

***The Oregon State Library Genealogy/Reference Room (north end of 2nd floor hall) will be open to the public on May 10th from 10:00 a.m. to 4:00 p.m. for genealogical research. Use the Winter St. entrance.***

**Willamette Valley Genealogical Society's DNA Project**

WVGS has started a DNA Project for both men and women. To join under WVGS...

1. Go to the State Library URL at: <http://oregon.gov/OSL/GRES/genealogy.shtml>
2. Click on Genealogy Research on the left.
3. Click on WVGS DNA Project
4. Click on the Family Tree DNA icon in the middle of the page.
5. Scroll to the bottom of the next page and complete the form
6. Click CONTINUE to complete the next screen
7. Be sure to click only once when you are done so you order just one test.

You will receive a confirmation in your email box that your order was taken. Remember: Only men can order the Y-DNA test, but both men and women can order the mtDNA. It is cheaper to order the Y-DNA 37 marker test as it will tell you that you have a common ancestor within genealogical time for persons you match. Lesser tests (12 markers) provide information on older ancestors prior to 600 years ago. However, you may wish to start small and upgrade. For the mtDNA order both the HVR1 and HVR2 panels (mtDNA plus) as this will give you the best information on your ethnic origins. Again, you can start small and upgrade, if needed.

**Questions?...**

More information on Genetic Genealogy can be found at the following website by linking to its various pages (Click LEARN on the right side of the page):

**[www.familytreedna.com](http://www.familytreedna.com) If any of you have questions regarding DNA and which tests to order, please email Emily Aulicino at: [aulicino@hevanet.com](mailto:aulicino@hevanet.com)**

**The DNA Project is open to anyone, not just WVGS members. You are not charged until you send in your test kit. You can do the DNA testing through WVGS and submit it to other groups.**

**WVGS Volunteers**

Our agreement with the Oregon State Library relies on volunteers to allow WVGS to use the building. Each month this year there will be an article featuring one of the volunteers. If you would like to volunteer, contact **Susie Niggli**, the Volunteer Coordinator.

**Susan Niggli**

**Susie Niggli** is a volunteer on Tuesday afternoons. She has been a volunteer for 4 years, after retiring from working for more than 30 years at the Oregon State Library. She has been interested in genealogy since the 7th grade when her teacher had a project about where students' ancestors were from. Susie's grandparents came from Switzerland in 1896 and have had family reunions since 1962.

Susie really got started on genealogy though when she started working at OSL. She has tracked her Swiss ancestors back to the 1500's and is still working on her mother's side. Her ancestry is Swiss, Scotch, Welsh, English and German.

Working at the Family History Centers helped her a lot initially. At OSL [ancestry.com](http://ancestry.com) is a big help now. There are also a lot of maps, history on all states, and many magazines and periodicals (she'll be presenting the program on this in June). Genealogy is more interesting than just a name and dates if you have pictures, stories and historical perspective to go with it. Genealogy projects make nice gifts to family members too.

Susie enjoys volunteering and helping people learn something when they come. Adoptees often come in to find out about their parents, but this is often a hard task. You can't always answer the "why's" without considering the social and historical aspects of the time. Susie also enjoys having more time now to work on her own family. She is also the volunteer trainer, a great asset to WVGS with her knowledge of what's available at the Library.

**This is of interest if you go to the Genealogical Forum in Portland for research (forwarded from Emily):**

*Colleagues: This is to notify you that today I've received from Redside Development, our landlord, official confirmation that GFO members and visitors may park in non-GFO slots anywhere in the parking lot after 5:00 p.m. weekdays and anytime Saturdays and Sundays. A copy of the permission message will be filed with the lease. Those of you who have special interest groups may wish to confirm this with your members. I will also post a notification at the reception desk. -*

The April Program was presented by WVGS member **Sue Bell**, talking about Serendipity in Genealogy. Whether you call it coincidence or serendipity (or sometimes a miracle), it happens when you least expect it. Sue recounted examples of "being in the right place at the right time" and intuition leading to finding a clue or unknown fact. Members also recounted instances from their genealogical research. A recommended book is "Psychic Roots" by Henry Z. Jones, Jr., also "More Psychic Roots". It was a very enjoyable presentation about "DBU's, as Sue calls them (Delightful But Unexplained)!"
