

What is Alive at 25?

Alive at 25 is a highly interactive four-hour program for drivers age 14 – 24. The National Safety Council reports that students who complete Alive at 25 are 96% less likely to be killed in a car crash than youths who have not taken the course. Alive at 25 is taught exclusively by trained Professionals and Law Enforcement. Alive at 25 teaches young adults that:

- People in their age group are more likely to be hurt or killed in a vehicle crash.
- Inexperience, distractions, and peer pressure cause unique driving hazards.
- Speeding, Alcohol, and “party drugs” greatly increase their risk of injury or death.
- As a driver or passenger, they can greatly reduce their risk by taking control.
- Committing to changing their driving behavior makes personal, legal and financial sense.
