

Arizona Proposed Amendment Examples

Example #1

LEA Improvement Scenario - Entrance:

An LEA that is a high school district (grades 9-12) missed graduation rate for two consecutive years.

Consequence: Placed in LEA Improvement – Year One

LEA Improvement Scenario - Exit:

The same LEA in the next two years made graduation rate; however, in the second year the LEA missed Reading – Grade 10.

Consequence:

The LEA moves out of LEA Improvement Year One for having made graduation rate, but it is placed on the Watch List for missing Reading for the first time. If the LEA missed reading the next year, then it would be placed in Year One of LEA Improvement.

Example #1	Reading	Math	Graduation Rate	Attendance	LEA Status
Year 1	made	made	missed	made	not in LEA Improvement
Year 2	made	made	missed	made	Year I LEA Improvement
Year 3	made	made	made	made	Year I LEA Improvement - frozen
Year 4	missed	made	made	made	Watch List - LEA Improvement
Year 5	missed	made	made	made	Year I LEA Improvement

Example #2

LEA Improvement Scenario - Entrance:

An LEA that is a Unified School District (grades K-12) missed the reading indicator for grade spans 3 – 5, 6-8, and 10 for two consecutive years.

Consequence: Placed in LEA Improvement – Year One

LEA Improvement Scenario - Exit:

The same LEA in the next two consecutive years made Reading in grade spans 3-5, 6-8, and grade 10; however, missed Graduation Rate in the second of the two years.

Consequence:

The LEA moves out of LEA Improvement Year One for having made reading, but it is placed on the Watch List for missing Graduation Rate for the first time. If the LEA missed Graduation Rate the next year, then it would be placed in Year One of LEA Improvement.

Example #2	Reading	Math	Graduation Rate	Attendance	LEA Status
Year 1	missed	made	made	made	not in LEA Improvement
Year 2	missed	made	made	made	Year I LEA Improvement
Year 3	made	made	made	made	Year I LEA Improvement - frozen
Year 4	made	made	missed	made	Watch List - LEA Improvement
Year 5	made	made	missed	made	Year I LEA Improvement

Example #3

LEA Improvement Scenario - Entrance:

An LEA that is a Unified School District (grades K-12) missed the reading indicator for grade spans 3 – 5 and 6-8 and 10 for three consecutive years.

Consequence: Placed in LEA Improvement – Year Two

LEA Improvement Scenario - Exit:

The same LEA in the next two consecutive years made reading in grade spans 3-5, 6-8, and grade 10; however, missed the math indicator in grade span 6-8 in the second of the two years.

Consequence:

The LEA is out of LEA Improvement for reading but placed on the Watch List for missing math for the first time in year 5. If the district missed reading again in Year 6, then the LEA would be placed in Year One of LEA Improvement

Example #3	Reading	Math	Graduation Rate	Attendance	LEA Status
Year 1	missed	made	made	made	not in LEA Improvement
Year 2	missed	made	made	made	Year I LEA Improvement
Year 3	missed	made	made	made	Year 2 LEA Improvement
Year 4	made	made	made	made	Year 2 LEA Improvement - frozen
Year 5	made	missed	made	made	Watch List - LEA Improvement
Year 6	made	missed	made	made	Year I LEA Improvement
