

Individual Language Learner Plan (ILLP) Training

Tuesday, August 18 - Webinar

The ILLP webinar will be offered **from 2:00PM – 4:00PM on Tuesday, August 18**. The webinar will include a power point presentation and narration. You will be able to post text questions and receive answers during the session. Please note that both this webinar and the in-person training at EVIT on August 19 will cover the same material.

As English language learners become proficient and are reclassified, there will be fewer of them to be instructed in English Language Development (ELD) in an SEI classroom.

The method of delivery of this ELD instruction for those ELLs in the mainstream classroom will be through the use of an ILLP, or Individual Language Learner Plan.

Guidance will be given on the preparation and the implementation of the ILLP for English language learners in the mainstream classroom. Attachment A, enriched with sample activities in the content areas of math, science and social studies, will be discussed. These samples will address the elementary, middle, and high school levels.

Prior to the webinar, please plan to download and review the ILLP documents located under the heading 'Structured English Immersion Program Models' at the OELAS website, <http://www.ade.az.gov/oelas>.

Please be aware that a live training will also be offered at 10:00AM on Wednesday, August 19 for those who prefer this delivery. See the OELAS website for more detailed information on how to register for this event.

You may register directly for this training at https://ilinc.ade.az.gov/iLinc/lms/event.pl?div_view=reg&event_user_id or through the OELAS website.

Please contact Pat.Scott@azed.gov with questions. Any technical questions should be directed to your IT staff.
