Oregon Guide to

Medigap, Medicare Advantage & Prescription Drug Plans

Senior Health Insurance **Benefits Assistance** 

The plan information in this guide was received in October 2008 from all companies authorized to sell Medicare-related health/prescription drug insurance in Oregon. If a company is not listed, it may not be authorized to sell insurance in Oregon or it did not submit information for this consumer guide.

This guide is a publication of SHIBA, the Senior Health Insurance Benefits Assistance program, with assistance, in whole or in part, through a grant from the Centers for Medicare and Medicaid Services, the federal Medicare agency.

Information supplied in this guide is in the public domain and may be copied and distributed without permission.

#### This booklet is produced by the Senior Health Insurance Assistance Program, or SHIBA.

SHIBA is a state volunteer network that helps all Oregonians make educated Medicare decisions.

# To get help

Call SHIBA: 1-800-722-4134. You will be asked to use the telephone keypad to enter your *ZIP Code*. Depending on where you live, your call will be routed to a volunteer in your area or returned by one of the state SHIBA staff.

If you need to talk to state SHIBA staff, do not enter your ZIP Code and your call will be directed to the Salem office.

# ◆ To give help

Become a SHIBA volunteer. Call SHIBA: 1-800-722-4134. Volunteers complete an application and training program and work with a SHIBA coordinator in their community.

**SHIBA:** Recipient of the Governor's Outstanding Statewide Volunteer Program award, 2007. Learn more about SHIBA at: <u>www.oregonshiba.org</u>.

"As a SHIBA volunteer, I have opportunities to impact clients' lives in matters that make a difference to their daily experience."

Linda Lord, Clackamas County volunteer

# START HERE

You have **Original Medicare** Parts A and B, see benefits, pages 6-7.

Parts A and B are what most people think of as traditional Medicare. They cover basic hospital and medical services but leave "gaps" in coverage. Many people with Parts A and B buy a Medigap supplement policy to cover more of the medical bills. If they want prescription drug coverage, they also need to buy a prescription drug plan. Others take a different route and combine all their Medicare coverage in a private Medicare Advantage plan. These plans may or may not include drug coverage.

If you want supplemental medical coverage

### The ABCs – and D – of Medicare

#### What is Medicare?

Medicare is health insurance for:

- People 65 years of age and older
- People under age 65 receiving Social Security Disability Insurance (SSDI) for more than 24 months
- People with End-Stage Renal Disease (ESRD)

Because Medicare is health insurance, you share the costs of your care.

### Part A: Hospital Insurance

See chart on page 6 for what Part A covers

Part A helps pay for hospital stays and some skilled nursing facility stays. Most people get Part A without having to pay for it.

#### **Help Paying Part A Premiums**

If you do pay a premium for Part A and have limited income, Medicare Savings Programs may help you pay.

To see if you qualify, contact your local office of Seniors and People with Disabilities for an application. This office is part of Oregon's Department of Human Services (DHS). To find your local office on the Internet go to: http://www.oregon.gov/DHS/spwpd/offices.shtml, or call DHS at (800) 282-8096.

#### Part B: Medical Insurance

See chart on page 7 for what Part B covers

Part B helps pay for doctor and outpatient services such as X-rays and physical therapy. Most beneficiaries pay a monthly premium of \$96.40 in 2009.

Many health insurance experts recommend that you buy Part B when you are first eligible. Here's why:

- Health insurers will not sell you a Medicare Advantage or Medigap plan if you don't have Parts A and B.
- Some employer group health plans only pay claims beyond what Part B would cover and you would have to pay the rest.
- You may be charged a Part B premium penalty and your coverage may be delayed if you don't enroll in Part B when first eligible.

#### **Help Paying Part B Premiums**

You may receive help paying your Part B premium. To see if you qualify, contact your local office of Seniors and People with Disabilities for an application. This office is part of Oregon's Department of Human Services (DHS). To find your local office on the Internet go to: http://www.oregon.gov/DHS/spwpd/ offices.shtml, or call DHS at (800) 282-8096.

# Medicare Supplements, also called Medigap plans

See pages 24-25 for a chart of what the different Medigap plans cover.

See pages 26-51 for a list of Medigap policies.

Medicare Parts A and B do not cover all your health care costs. For example, you pay a \$135 deductible and 20 percent of doctor bills under Medicare Part B. Because of these "gaps" in coverage, you may want to buy additional insurance. Private companies sell Medigap plans (Plans A-L) that cover some of these gaps.

No Medigap plan sold after January 1, 2006 includes prescription drug coverage.

# Some of the items *NOT* covered by Parts A or B

- Custodial care (such as help dressing or bathing)
- Routine dental care and dentures
- Most prescription drugs
- Routine physical exams
- Acupuncture; most chiropractic services
- Hearing aids/exams for fitting hearing aids
- Eyeglass exams (except those needed for cataract surgery); eyeglasses or contact lenses in most cases
- Routine foot care
- Long-term care
- Travel outside the U.S., with limited exceptions

### Part C: Medicare Advantage Plans

See pages 52-127 information on Medicare Advantage plans

Private Medicare Advantage plans combine all your Medicare-covered benefits into a single package that may offer more services, such as dental and vision, than a Medigap plan. Typically, you must live in the plan's service area and use doctors and hospitals in the plan's network or pay extra to go outside the network. You can purchase Medicare Advantage plans with or without prescription drug coverage.

### Part D: Prescription Drug Coverage

See pages 12-19 and 128-129 for information on prescription drug coverage

Medicare offers prescription drug insurance to all people with Medicare, regardless of income or health. Private companies sell prescription drug plans. You may want to purchase a prescription drug coverage plan if:

- You have Parts A and/or B and no other drug coverage
- You have parts A and B and a Medigap plan
- You have a Medicare Advantage Private Fee-For-Service Plan with no drug coverage. (Contact your plan and ask about options.)

# Part A – Original Medicare hospital insurance

| Service  | Benefit  | You pay (coinsurance)   |  |  |  |
|--|--|---|--|--|--|
| Hospitalization Semiprivate room and board,                        | First 60 days  | \$1,068 deductible per benefit period •                                     |  |  |  |
| general nursing, and miscellaneous                                 | Days 61-90   | \$267 a day   |  |  |  |
| hospital services and supplies                                     | Days 91-150 <b>①</b>   | \$534 a day   |  |  |  |
|  | Beyond 150 days  | All costs   |  |  |  |
| Skilled Nursing Facility (SNF) care                                | Days 1-20 <b>4</b>   | Nothing   |  |  |  |
| After three midnights inpatient hospitalization, within 30 days of | Days 21-100  | Up to \$133.50 a day  |  |  |  |
| discharge, in a facility approved by Medicare. <b>2</b>            | Beyond 100 days  | All costs   |  |  |  |
| Home health care Medically necessary skilled care.                 | Visits limited to part-time or intermittent skilled nursing care | Nothing for services  |  |  |  |
| Hospice care Available only to the terminally ill.                 | As long as a doctor certifies medical need                       | Limited cost-sharing option for outpatient drugs and inpatient respite care |  |  |  |
| Blood  | Blood  | First three pints unless replaced <b>3</b>                                  |  |  |  |

These figures are for 2009 and are subject to change each year.

- 60 reserve days may be used only once; days used are not renewable.
- Medicare and private Medicare health insurance will not pay for most nursing home care. You must pay for custodial care.
- 1 You may meet this deductible under either Part A or Part B. You don't have to meet it twice.
- A hospital or SNF benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and associated SNF for 60 days in a row.

Remember: Medicare pays only for Medicare-approved charges, not for all costs of medical services provided.

# Part B – Original Medicare medical insurance

| Covered services  | You pay ❺  |
|---|--|
| Physician services, including anesthesia and the doctor's nurse                   | Annual deductible (\$135) plus 20% of balance  |
| Clinical laboratory services (blood and urine tests)                              | Nothing – Medicare pays 100%   |
| Diagnostic lab (X-rays and EKGs)  | Deductible plus 20%  |
| Limited drugs  ■ For example, drugs and biologicals administered by professionals | You pay 20% of the Medicare-approved amount for covered prescription drugs. See pages 10-11 for more information about Part B's limited prescription drug coverage                                 |
| Transfusions of blood, beginning with the fourth pint                             | All costs of first three pints of blood, then 20% of the cost for additional pints once the deductible is met.   |
| Physical, occupational and speech therapy, and speech pathology                   | You pay deductible plus 20% coinsurance or a co-pay for each service. Annual cap on amount Medicare covers. However, caps do not apply to outpatient therapy services <i>billed by hospitals</i> . |
| Ambulance transportation  | Deductible plus 20%  |
| Some home health care (part-time or intermittent nursing care)                    | Nothing  |
| Some outpatient mental health treatment   | 50% for most outpatient mental health care.  |
| Preventive services   | See pages 8-9  |

**16** The Part B deductible: You pay the first \$135 yearly for Part B-covered services or items. Medicare pays its share after that. **Remember:** The figures above apply only to **Medicare-approved services and Medicare-approved amounts.** You may have additional costs for services not approved by Medicare or for charges in excess of what Medicare allows.

### 8

# Part B Medicare preventive services

**Note:** You may have to help pay for some of these services. The amount depends on what services you need and the kind of Medicare health plan you have. Ask your doctor about costs. For more information on who is covered for various tests: (800) 633-4227 (Medicare) or <a href="https://www.medicare.gov">www.medicare.gov</a> or (800) 722-4134 (SHIBA).

| Services  | Frequency of coverage  |
|---|--|
| "Welcome to Medicare" visit                       | One-time visit. Must occur within first 12 months you have Part B. The purpose of this visit is to identify preventive benefits you might need. Visit covers recording height, weight, and blood pressure, an EKG, fall risk assessment, and education, counseling, BMI and end of life planning (advanced directive), and referral for other preventive services.  You pay 20% of the Medicare-approved amount.               |
| Abdominal aortic aneurysms (ultrasound screening) | Only covered by Medicare if referred during "Welcome to Medicare" visit.   |
| Bone mass measurements                            | At least once every 24 months for people at risk for osteoporosis.  You pay 20% of the Medicare-approved amount after the yearly Part B deductible.  |
| Cardiovascular screenings                         | Blood test for detection of heart disease/stroke. Tests for cholesterol, lipid and triglyceride levels. Covered every five years for all people with Medicare. (Free)  |
| Colorectal cancer screening                       | For people age 50 or older or those at high-risk for colorectal cancer. Covers one or more of the following tests: <i>FREE</i> for fecal occult blood only. For all other tests, you pay 20% of Medicare-approved amount after yearly Part B deductible. If flexible sigmoidoscopy or colonoscopy is done in a hospital outpatient department, you pay 25% of the Medicare-approved amount after the yearly Part B deductible. |
| Diabetes screening                                | Covered for people with risk factors-high blood pressure, high cholesterol, obesity or history of high blood sugar. Tests determine the frequency of screenings. <i>(Free)</i>   |
| Flu shots   | Once a flu season for all those with Medicare. (Free)  |

# Part B Medicare preventive services, continued

| Services                             | Frequency of coverage  |  |  |  |  |  |
|--------------------------------------|--|--|--|--|--|--|
| Glaucoma tests                       | Once every 12 months for those at high risk for glaucoma.  You pay 20% of the Medicare-approved amount after the yearly Part B deductible.   |  |  |  |  |  |
| Hepatitis B shots                    | Covered for people at high or medium risk for Hepatitis B. You pay 20% of the Medicare-approved amount after the yearly Part B deductible.   |  |  |  |  |  |
| Mammograms                           | Once every 12 months for women age 40 and older. You pay 20% of the Medicare-approved amount with no Part B deductible.  |  |  |  |  |  |
| Medical nutrition therapy services   | For people with diabetes or kidney disease; your doctor refers you for the service. You pay 20% and deductible   |  |  |  |  |  |
| Pap test/pelvic exam/<br>breast exam | Every 24 months for all women; 12 months for high risk.  You pay nothing for the pap lab test. For pap test collection and pelvic and breast exams, you pay 20% of the Medicare-approved amount with no Part B deductible. |  |  |  |  |  |
| Pneumonia vaccination                | Most people need this shot once in their lifetime. Covered for everyone with Medicare. (Free)  |  |  |  |  |  |
| Prostate cancer screening            | Once every 12 months for all men over age 50.  Digital rectal: You pay 20% of the Medicare-approved amount after the yearly Part B deductible.  PSA (Prostate-specific antigen) test. (Free)                               |  |  |  |  |  |
| Stop smoking counseling              | For those with an illness caused or complicated by tobacco use and those who take medication affected by tobacco.  You pay 20% of the Medicare-approved amount after the yearly Part B deductible.                         |  |  |  |  |  |

# Part B Prescription drugs

Most outpatient prescription drugs are covered by Medicare Part D plans that are sold by private insurance companies. Or, drug coverage may be included in Medicare Advantage plans. See the Medicare Part D section for details.

**Part B** makes payments to physicians for drugs or biologicals that are not usually self-administered. This means that coverage is usually limited to drugs or biologicals administered by someone in your provider's office.

In some cases, a drug might be covered by Part B or Part D, depending on how it is being used by the patient or other factors. If covered by Part B, you will have to have paid the annual deductible before Medicare shares in the cost. After that, you pay 20 percent of the cost of the drug unless you have a supplement to help pay. If you have a Medicare Advantage plan, your costs may vary.

### Covered drug classes

**Antigens:** These drugs are administered in the provider's office, most often to treat some type of allergy.

Durable Medical Equipment (DME) Supply Drugs: Drugs that are used in a covered DME item. These include inhalation drugs used in a nebulizer and some chemotherapeutic agents used in an infusion pump, or insulin administered by insulin pump. **Erythropoietin (EPO):** Drug used for the treatment of anemia for persons with chronic renal failure who are on dialysis.

**Hemophilia Clotting Factors:** Drugs used to control bleeding. This coverage also includes the items needed for administration of the drug.

**Hepatitis B Vaccine:** This is covered for those individuals considered at moderate to high risk for contracting the disease.

**Immunosuppressive Drugs:** Covered by Part B for people who had a Medicare-covered transplant or a transplant paid by private insurance as a primary payer to patient's Part A coverage. Otherwise, Part D is billed.

#### Injectable/Intravenous Drugs:

- Administered "incident to" a physician service and
- Considered by Part B carrier as "not usually self-administered."

If a beneficiary's claim for a particular drug is denied because the drug is subject to the "self-administered drug" exclusion, the beneficiary may appeal the denial.

Intravenous Immune Globulin (IVIG): Drugs used to treat primary immune deficiency disease. Certain conditions apply.

### Part B Prescription drugs, continued

**Oral Anti-Cancer Drugs:** Part B covers some drugs taken by mouth if the same drug is available in injectable form. Currently, these drugs (brand names in parenthesis) include:

- Capecitabine (Xeloda)
- Cyclophosphamide (Cytoxan)
- Methotrexate
- Temozolomide (Temodar)
- Busulfan (Myleran)
- Etoposide (VePesid)
- Melphalan (Alkeran)

**Oral Anti-Emetic Drugs:** Oral anti-nausea drugs, given within 48 hours of cancer chemotherapy, that replace the intravenous drugs that would be given in the provider's office.

**Parenteral Nutrition:** Drugs used to treat individuals who cannot absorb nutrients through their intestinal tract.

Pneumococcal and Influenza Vaccines: These are covered when ordered by a physician.

#### A word about Veterans' benefits and Medicare

Veterans may receive services through the Veterans Administration health care system and Medicare. For some veterans the health care they receive is free, while others may be responsible for making co-payments, including for medications. These co-payments are not reimbursable by Medicare. Although the VA cannot currently bill Medicare for your services, any Medicare supplemental insurance you may have can be billed for that portion of the costs that the supplemental policy covers.

VA drug coverage is considered Medicare creditable, which protects against being penalized for not enrolling in a Medicare Part D plan. Some veterans benefit from using both their VA drug benefits and enrolling in a Part D plan for drugs that the VA may not cover. Every county is assigned a Veterans Affairs officer to assist you with your VA benefits.

# Part D Prescription drug coverage

#### Medicare Part D

- Medicare offers prescription drug insurance to all people who have Medicare, regardless of income or health. Many people benefit from joining a plan. The plans cover generic and brand-name prescription drugs at a pharmacy in your area.
- Private companies sell the prescription drug plans. Because this is insurance, plans require monthly premiums, co-pays and/or deductibles. Each plan varies in cost and the drugs that are covered. Medicare will help people with limited incomes pay some of the costs.
- Part D coverage is available through plans that cover drugs only ("stand-alone" plans) as well as from Medicare Advantage plans that combine health and drug coverage.

### Do I need prescription drug coverage?

Medicare Part D is like all insurance. It protects you against future prescription costs (perhaps catastrophic ones) and provides coverage now. If you don't already have coverage, joining a plan may save money now and in the future if your drug needs change. If you don't enroll in a Prescription Drug Plan (PDP) when first eligible, you may pay a late-enrollment penalty.

### Existing prescription coverage?

If you already have prescription coverage through an employer, a union or a government agency (such as the Veterans Administration), you will want to stay with your existing plan if the drug benefits are "creditable" (as good or better than Medicare's). If you don't have a letter telling you whether your existing coverage is as good as Medicare's, contact your benefits administrator and request one. If you do have a letter, keep it.

### How much does drug coverage cost?

This depends on the plan you choose and whether you receive extra help paying for the costs. While Medicare requires plans to meet a minimum benefit level, the plan benefits and costs vary. Some plans have a higher monthly premium, for example, but may offer better coverage for certain drugs.

### Types of costs

- 1. **Monthly premium:** Plans have a premium. This is an amount you pay every month even if you don't buy any prescription drugs. Oregon stand-alone drug plan premiums in 2009 range from about \$16 to \$120 monthly.
- 2. **Deductible:** Some plans have a yearly deductible. You pay this amount before the insurance plan pays its part of your prescription drug costs. This amount can be up to \$295. After you have paid your plan's deductible, the plan typically pays most of your drug costs up to a point.
- 3. **Coinsurance or co-pays:** Even when the plan starts to pay for covered drugs, you still pay at the pharmacy for prescriptions. This might be a percentage of the drug cost (coinsurance) or a flat amount (such as a \$15 co-pay).
- 4. **Coverage gap:** Once total drug costs reach \$2,700, you may have to pay *all* the costs of your drugs. This is referred to as the "coverage gap." Some plans cover some prescription drugs during the "gap." They may charge a higher monthly premium.
- 5. Catastrophic coverage: There is a limit to how much you have to spend each year on drugs that are covered by your plan, \$4,350 in 2009. When you reach catastrophic coverage, you pay only a small amount (5 percent or a small co-pay for each drug) for the rest of that year.

### Extra help for people with limited income

You may qualify for help paying for a prescription drug plan *if:* 

- Your monthly income in 2008 was below \$1,300 (\$1,750 for a married person living with a spouse)

  AND
- Your resources in 2008 were less than \$11,990 (\$23,970 for a married person living with a spouse)

These amounts will change in early 2009.

Call the Social Security Administration for an application, (800) 772-1213, visit <u>www.ssa.gov</u>, or call SHIBA.

If you qualify for the Limited Income Subsidy (LIS), you get help paying: your drug plan's monthly premium, the yearly deductible **and** the coinsurance/co-payments. **Your level of assistance will depend on your income.** You won't have a **coverage gap**. If you select an enhanced plan (for extra coverage), you must pay a portion of the premium.

See cost example, next page

- 1 The amount you will pay before your annual deductible of \$295 is met.
- 2 The amount you will pay before your total drug costs exceeds \$2,700.
- **3** The amount you will pay in the coverage gap.
- 4 The amount you will pay when your True Out-Of-Pocket (TrOOP) drug costs exceed \$4,350.

This bar graph depicts an estimate of your monthly prescription drug costs, including any applicable premium. *Actual costs may vary. This graph's costs include a monthly premium of \$20.30.* 

### Standard benefit 2009

#### Medicaid/SSI

You automatically qualify for financial help to pay almost all of your drug costs if:

- You get both Medicare and Medicaid or
- The state pays your Medicare premiums *or*
- You get Supplemental Security Income.

If you don't select a plan by a certain time, the state **will assign you** to a prescription drug plan. However, you will have the right to change plans at any time.

Contact your caseworker or call Department of Human Services — Seniors and People with Disabilities at (800) 232-3020.

### Prescription drug plans

While there are dozens of plans to choose from, most fall into two categories:

■ Medicare Advantage (starting on page 66)

Some managed care plans offer health and prescription drug coverage combined.

If you already have a Medicare Advantage plan, contact your plan before making changes so that you don't accidentally lose health benefits by selecting a new drug plan.

#### ■ Stand-alone plans (starting on page 128)

You may buy a prescription drug plan by itself. You might want to if you have:

- Original Medicare (Part A and B),
- Original Medicare plus a Medigap policy, or
- A Medicare Advantage Private Fee-For-Service Plan.

# When you first become eligible for Medicare you may join a plan:

- During the period that starts three months before the month you turn 65
- The month you turn 65
- The three-month period after you turn 65.

If you receive Medicare due to a disability, you can join three months before and after your 24th month of cash disability benefits.

If you already have Medicare, you may add prescription drug coverage every year from Nov. 15 through Dec. 31.

■ You will face a penalty if you could have enrolled earlier but didn't. The sooner you enroll in a plan, the smaller your penalty. See page 17 for details.

### The late penalty

You are charged an extra 1 percent of Medicare's national average drug insurance premium for each month that you did not have prescription drug coverage as good as Medicare's but could have. (If you have other coverage, the person who administers your benefits can tell you whether your coverage is "creditable," as good as Medicare's.) This percentage grows until you enroll in a drug plan.

**Example:** Sarah turns 65 in February 2009. She has through May 2009 (three months after she turns 65) to enroll in a plan without penalty. Although she has no other drug coverage, Sarah chooses not to enroll in a prescription drug plan.

In August 2009, she becomes ill and decides drug coverage is a good idea. She can't enroll until the next opportunity, which is Nov. 15, 2009. Her coverage starts January of 2010. She is now seven months late in enrolling (June through December), and must pay an extra 7 percent in monthly premiums as long as she has prescription drug coverage.

### How do I join a plan?

The only way to pick the best drug plan out of the 48+ available is to use the Web tool on <u>www.medicare.gov</u>. This tool allows you to enter your unique list of drugs and then searches all plans and forms a list of choices starting with the least expensive.

You can enroll yourself on this Web site by clicking on Enroll and following the enrollment process, or you can enroll directly with the plan. You can call drug plan phone numbers provided or visit the plan's Web site if you want more detailed information about specific drugs. If you need assistance contact a local SHIBA counselor. The <a href="https://www.medicare.gov">www.medicare.gov</a> Web site is estimated costs while the insurance plans Web site is closer to actual cost.

If you don't take any drugs but choose to enroll in a plan to avoid a penalty the best plan is the one with *the lowest premium and no deductible*.

### Can I switch plans?

Since plans change from year to year, Medicare recommends that you review your drug plan each fall. You can change plans from November 15 through December 31, the Annual Enrollment Period.

If you change plans, here's how:

- Enroll in your new plan. You will automatically be dropped from your previous drug plan.
- Do NOT take any action to end your prior drug coverage. You are only allowed to make one change during an enrollment period. If you drop your drug plan before you enroll in a new one, that is your one change. You will have no drug coverage and you won't be able to enroll in a new drug plan until the next Annual Enrollment Period.

### What if a drug I need isn't covered?

Each plan has a list of drugs (called a formulary) that it covers. In selecting a plan, it is important to make sure all or most of your drugs are covered. However, you may ask your drug plan for an exception if you and your doctor believe you need a drug that isn't on your plan's formulary. A plan may change its formulary each year. It must give you 60 days notice if one of your drugs is being removed. This allows time for you or your doctor to apply for an exception or appeal or find a covered drug that meets your needs.

# What if I live in different states during a year?

Some companies offer prescription drug plans that are available nationally. These plans are listed as a "National Plan" under the service area information for each plan. You can also check to see if your plan has a mail order service that can mail your prescriptions to a different address.

### Things to look for in a drug plan

**Drug list:** Also known as a "formulary," each drug plan will have a list of prescriptions drugs that it will cover. The plans all have different formularies and different cost for the same drugs.

**Tier levels:** There are different levels of co-payments for drugs in the plans. Your co-payment for a drug depends on the type of drug. The lowest co-payment is for generic

drugs (Tier 1), followed by preferred brand-name drugs (Tier 2). Non-preferred brands (Tier 3) and specialty drugs (Tier 4) are the most expensive.

#### Restrictions

All plans are allowed to apply restrictions to the drug formulary. Below are the types of restriction and the limitations imposed.

**Prior authorization:** Your doctor must contact the plan and request authorization to write the prescription for the drug or the plan will not cover its share of the cost. This usually applies to non-preferred or very expensive drugs.

**Quantity limits:** For cost or safety reasons, some plans may limit the quantity of drugs that they cover over a period of time. If you require more than allowed your doctor must verify it as medically necessary and the plan may grant an exception to the limit.

**Step therapy:** In most cases you must try certain less expensive drugs on the plans formulary first before you can get a more expensive brand-name drug covered. If you have previously tried the similar drug and it didn't work, or if your doctor believes because of your medical condition it is medically necessary for you to be on the drug, the doctor can contact the plan to request an exception. If the plan approves the request, then the drug will be covered.

Picking a plan with the fewest or no restrictions, even if you end up paying a somewhat higher price overall, may be a good choice. It will lessen the amount of delay and paperwork to receive your preferred drugs.

# Where can I get help choosing a prescription drug plan?

- 1. Visit www.medicare.gov on the Web
- 2. Call Medicare at (800) 633-4227
- 3. Call SHIBA (Senior Health Insurance Benefits Assistance program) at (800) 722-4134

### More ways to pay for prescription drugs

- Veterans Health Administration. Call the VA Health Benefits Service Center, toll-free (877) 222-8387. One may have both VA Rx and a Part D Plan.
- TRICARE for Life for military retirees and their dependents. For eligibility information, call the Department of Defense at (800) 538-9552.
- Pharmacy discount cards. Ask your pharmacist for information. Also, always ask for the lowest retail price on the drug you are purchasing.
- Drug manufacturers' discount programs or prescription-assistance programs. Some are available if you enrolled in Part D and still can't afford your drugs.
- Many employer group health plans cover prescription drugs. Check with your benefits administrator for your coverage information.

■ Oregon Prescription Drug Program. The program is available at no cost to Oregonians. You must reside in Oregon. Apply at <a href="https://www.opdp.org">www.opdp.org</a> or call toll-free (800) 913-4146. You will receive an identification card that gives discounts at participating pharmacies. The largest discounts are on generic drugs. All major pharmacy chains are included in the network. You will receive a list of participating pharmacies. They are also listed at <a href="https://www.opdp.org">www.opdp.org</a>.

You may have Part D **and** an OPDP card. This may be helpful when you are purchasing drugs that are not covered by your plan.

# About Medigap plans

### What is a Medigap supplement?

Medicare does not pay all the costs of a person's medical care. Because of these "gaps" in coverage, private insurance companies sell Medicare insurance policies, also known as Medigap supplement plans.

You must have Medicare Parts A and B to purchase Medigap supplement plans.

If you are in Original Medicare (Parts A and B) and buy a Medigap supplement policy, Medicare will pay its portion of your medical costs first. Then, your Medigap supplement policy will pay its portion.

The Medigap supplement plans are named by letter, Plan A through Plan L. (These are not to be confused with Medicare Parts A and B; they are different.)

A Medigap supplement cannot pay if you enroll in a Medicare Advantage plan.

#### Plan benefits

See pages 24-25 for additional information

Medigap Plan A is the basic plan. Each plan after that adds more benefits and covers more of the "gaps." Plan B, for example, has more benefits than Plan A. Plan C has more benefits than Plan B, and so on. All plans with the same letter name offer the same benefits nationwide. Plan "A" in Oregon offers the same benefits as Plan "A" in New York, even if sold by different insurance companies. This is because the U.S. Congress standardized Medigap supplement plans in 1990.

#### Plan costs differ

The monthly bill (premium) for the policy, however, varies by insurance company. Also, policies may have different waiting periods before they cover pre-existing conditions. (See Will I have to wait to use my Medigap? on page 21).

#### Plans K and L

Plans K and L offer an out-of-pocket maximum. This means that once you spend this amount of money, the plan will pay 100 percent of your covered medical expenses and deductibles under Medicare Parts A and B. See chart on pages 24-25.

### When can I buy a Medigap policy?

You can apply for a Medigap policy any time, but insurance companies may consider your medical history (underwriting) and do not have to issue you a policy. However, the companies **must** sell you a Medigap policy during your *Open Enrollment Period, and Guaranteed Issue periods, pages 21 and 23.* 

#### **■** Open-Enrollment Period (OEP)

Your Open-Enrollment Period for Medicare supplement plans begins when your Medicare Part B begins. It ends six months later. During your Open-Enrollment Period, all Medigap insurers doing business in Oregon must accept you for any plan they offer in this state and they can not base your premium on your medical history.

### About Medigap plans, continued

#### ■ Guaranteed issue

Certain special circumstances trigger Guaranteed Issue (GI) situations. (See page 23 for the list of them.) At these times you are entitled to the same protections for buying a Medigap supplement as during the six-month Medigap OEP. These GI protections last for a 63-day period.

### ■ Medigap for disabled and End-Stage Renal Disease (ESRD) enrollees

People who receive Medicare due to a disability and those with ESRD (permanent kidney failure) have **two opportunities for open-enrollment rights** for Medigap insurance:

- 1. During the six months after their Medicare Part B begins
- 2. When they turn 65.

In Oregon, people younger than 65 who receive Medicare due to disabilities or ESRD have the same rights to purchase Medigap supplement insurance as those who are 65 and older.

### Will I have to wait to use my Medigap?

Medigap policies can have a pre-existing conditions look-back/waiting period of up to six months before the policy will pay certain benefits or before specific illnesses are covered by a health insurance policy. In the "Note" boxes on *pages 26-51* this is what a 0/0 or 6/6 or 6/3 or 3/3 or 6/0 refers to – how many months back the company looks at for pre-existing conditions/how many months you must wait before the Medigap policy will

cover those pre-existing conditions. Not all companies' policies have waiting periods.

### Medigap waiting periods

#### ■ Can I get credit for my prior coverage?

If you apply for a Medigap policy during your Open-Enrollment Period or replace a Medigap policy with a new policy that has a waiting period for pre-existing conditions, you may qualify for credit for pre-existing conditions. The new Medicare supplement plan will accept month-for-month prior coverage as your waiting period if you submit written verification from your prior insurer that you have not had a break in coverage of more than 63 days.

# Qualifying coverage must be from one of the following:

- Group or individual health-care program, including a COBRA policy
- Medicare or Medicaid
- Military-sponsored health-care program
- Indian Health Service or tribal health-care program
- State health-benefits high-risk pool (OMIP)
- Certain public health plans
- Federal Employees Health Benefits Program
- Peace Corps health-benefit plan

For more information, please contact SHIBA at (800) 722-4134 or see Medicare publication 02110, "Choosing A Medigap Policy."

# About Medigap plans, continued

### **Medigap PROs and CONs**

#### © PROs

- If a doctor, hospital or medical facility accepts
  Medicare, then they accept all Medicare Supplement
  Plans. (I.e. there are no networks Medicare
  Supplements are not HMOs or PPOs). You do not
  ever need a referral to see a doctor or specialist.
  The doctors generally don't deal with the Medicare
  Supplement company anyway. They submit their
  claims to Medicare, Medicare pays their part,
  then Medicare sends the balance to the Medicare
  Supplement company to "pay the rest."
- Medicare Supplement insurance pays "after" Medicare pays.
- There are generally no co-pays when services are rendered.
- Medigap plans are standardized (A-L) so you can compare prices from one company to another and always know you are comparing the same exact coverage. (Plan F with one company is IDENTICAL to Plan F with every other company).
- Medigap policies are "guaranteed renewable." You can never lose the coverage as long as you continue to make the premium payments.
- If you move to another city or state, your Medigap policy moves with you.

#### © CONs

- Medigap Supplement premiums can be expensive. However, some Medicare Supplement companies offer discounts for things such as no tobacco use, spousal discounts, etc.
- You pay the monthly premium even if you never visit a doctor or hospital during the year.
- Since 2006, no new Medigap policy includes prescription coverage. You need to get a separate Medicare Part D plan to cover your prescriptions.
- The majority of plans are attained-age rated and over the long term become expensive.

# About Medigap plans, continued

Guaranteed-Issue Situations (see page 21 for additional information)

In these cases, the insurance company must sell you the plans listed here and cover your pre-existing conditions.

| Guaranteed issue  | Medigap plan choices                                    |
|---|---|

# Medigap plan benefits 2009

There are 12 Medigap plans that help fill the gaps in Medicare coverage. Not all plans may be available in your area. The plans offer the same benefits from company to company. *The only difference between companies is cost.* The most popular plans are C and F.

Rate comparisons begin on page 26.

| Benefits Plans   | Α | В |
|--|---|---|
| Hospital coinsurance Coinsurance for days 61-90 (\$267) and days 91-150 (\$534) in hospital; Payment in full for 365 additional lifetime days.   | х | Х |
| Part B coinsurance Coinsurance for Part B services, such as doctors' services, laboratory and X-ray services, durable medical equipment, hospital outpatient services, and Medicare-covered preventative services. | х | X |
| First three pints of blood, per calendar year  | X | X |
| Hospital deductible — Covers \$1,068 in each benefit period.   |   | X |
| Skilled Nursing Facility (SNF) daily coinsurance — Covers \$133.50 a day for days 21-100 each benefit period.  |   |   |
| Part B annual deductible — Covers \$135.   |   |   |
| Part B excess charges benefits — 80% or 100% of Part B excess charges. Under federal law, the excess limit is 15% more than Medicare's approved charge when provider does not take assignment.                     |   |   |
| Emergency care outside the United States — 80% of emergency care costs during the first 60 days of each trip, after an annual deductible of \$250, up to a maximum lifetime benefit of \$50,000.                   |   |   |
| At home recovery benefit Up to \$40 each visit for custodial care after an illness, injury, or surgery, up to a maximum benefit of \$1,600 a year.   |   |   |
| Preventive medical care — Up to \$120 a year for non-Medicare covered physicals, preventive tests and services.  |   |   |
| Hospice care — Coinsurance for respite care and other Part A-covered services.   |   |   |
| *Out-of-pocket maximum Pays 100% of Part A and B coinsurance after annual maximum out-of-pocket has been spent.  |   |   |

Plan J High

Attained age rating: Premium increases as your age increases.

Plan F High

**Crossover:** Medicare auto bills Medigap for provider's remaining balance.

**Issue age rating:** Premium increases for inflation or rising costs but not for increased age.

Attained age rating: Premium increases as your age increases.

Crossover: Medicare auto bills Medigap for provider's remaining balance.

**Issue age rating:** Premium increases for inflation or rising costs but not for increased age.

Attained age rating: Premium increases as your age increases.

Crossover: Medicare auto bills Medigap for provider's remaining balance.

**Issue age rating:** Premium increases for inflation or rising costs but not for increased age.

Crossover: Medicare auto bills Medigap for provider's remaining balance.

**Issue age rating:** Premium increases for inflation or rising costs but not for increased age.

Plan J High

Attained age rating: Premium increases as your age increases.

Plan F High

Crossover: Medicare auto bills Medigap for provider's remaining balance.

**Issue age rating:** Premium increases for inflation or rising costs but not for increased age.

## About Medicare Advantage Plans

### Medicare Advantage

Private companies contract with Medicare to offer managed care and private fee-for-service health insurance plans. Medicare pays these plans to provide all your Medicare-approved services.

When you join a Medicare Advantage (MA) plan, you agree to that plan's terms and conditions. You *will* receive the same benefits as in **Original Medicare**, but not at the same payment rates. You will still pay the Part B premium, plus a premium to the plan, co-payments, or coinsurance for certain services. MA plans may offer additional services, such as vision, dental, or annual physicals.

Medicare Advantage plans renew their contracts with the Centers for Medicare and Medicaid Services (CMS) annually. This means the policies are not guaranteed renewable. However, if you join a plan and that plan decides not to renew its contract, you have protections under the law that enables you to join another plan or purchase a Medigap policy.

In most Medicare Advantage plans, you must reside in a specific ZIP-code area. You can find out if the plan covers your area by calling the company or by reviewing the plan on Medicare's Web site, <u>www.medicare.gov</u> or the chart on pages 58-61.

# Can anyone join a Medicare Advantage plan?

Most people who have Medicare Part A and Part B and live in the plan's service area can join a plan. Beneficiaries who have End-Stage Renal Disease (ESRD) are not eligible to join a plan. However, if you are already in a plan and develop ESRD, you can stay in the plan. If you've had a successful kidney transplant, you may be able to join a plan.

For more information on what is offered to beneficiaries with ESRD, see Medicare publication #10128, "Medicare Coverage of Kidney Dialysis and Kidney Transplant Services."

# Medicare Advantage enrollment and election periods

You may join, leave, or switch Medicare Advantage plans during your Initial Enrollment Period (when you are new to Medicare), or during the yearly Annual Election Period (Nov. 15-Dec. 31) and Open Enrollment Period (January through March). These are detailed in the charts on *pages 56-57*. Also, see the next section, "Special Circumstances," for rules for other situations, such as when you move.

### About Medicare Advantage Plans, continued

### Special circumstances

Sometimes you are given the opportunity to make plan changes outside of the standard enrollment periods. This can happen when you lose your coverage through no fault of your own, such as the MA plan breaks or does not renew its contract. At these times, you have 63 days in which you may:

- Use a Special Election Period (SEP) to join a different Medicare Advantage plan, *or*
- Return to having only Original Medicare, or
- Return to Original Medicare and have Guaranteed Issue to purchase a Medigap supplement (see page 23).

Moving permanently outside your plan's service area also grants an SEP; time frames may vary.

Any coverage changes may affect your prescription drug coverage. Please contact SHIBA or Medicare for assistance in reviewing your options.

#### Disenrollment and election period actions

If you want to switch from one Medicare Advantage plan to another, simply enroll in your new plan. You will be automatically disenrolled from your old plan.

Medicare allows you only *ONE* action per enrollment period, and the rules are very specific. Any coverage changes may affect your prescription drug coverage.

Before taking *any* disensellment action, it is strongly recommended you contact SHIBA for assistance in reviewing your options.

For additional information on specific Enrollment Periods refer to Enrollment Deadline charts on pages 56-57.

#### Medicare Advantage plan types

(See glossary for definitions, pages 130-134)

**HMO** Health-maintenance organization

MSA Medical savings account

PFFS Private fee-for-service plan

POS Health-maintenance organization with point-of-service option

**PPO** Preferred-provider organization

SNP Special needs plan

### Managed Care and Private Fee-For-Service (PFFS) compared

Most Medicare Advantage plans used to be health maintenance organizations. Today, there are many more choices in how your health care will be delivered and what it will cost. Here are the types of plans available and some of the pros and cons of each.

### **Managed Care PROs and CONs**

| Plan type   | © PROs  | ⊗ con  |
|---|---|--|
| Health Maintenance<br>Organizations (HMOs)                                    | ■ Total medical costs likely lower and more predictable than with fee-for-service health insurance.   | ■ HMOs limit choice. Usually, choices of doctors and hospitals are limited to those who have agreements with the HMO.  |
|   | HMOs do not require claim forms for<br>office visits or hospital stays.   | ■ HMOs influence how much health care you use — e.g., they might require approval before allowing admission to a hospital.   |
|   |   | ■ You usually cannot see a specialist without a referral from your primary care physician (PCP).   |
|   |   | You may have to wait longer for an<br>appointment than you would with a fee-for-<br>service health insurance plan.   |
| Health Maintenance Organizations with Point-Of-Service option (HMOs with POS) | <ul> <li>Members may refer themselves outside the plan and still get some coverage.</li> <li>If the doctor makes a referral out of the network, the plan pays all or most of the bill.</li> </ul>             | If you refer yourself to a provider outside the<br>network and the service is covered by the<br>plan, you will have to pay coinsurance.  |
| Preferred Provider Organizations (PPOs)                                       | When you use providers designated as<br>"preferred" (or "network") providers, most<br>of your medical bills are covered.  | ■ Like an HMO, limited number of doctors and hospitals to choose from – a network of Medicare doctors and hospitals.   |
|   | <ul> <li>In a PPO, you may use doctors and hospitals who are not "preferred" and still receive some coverage, but with some added expense to you.</li> <li>Some people like the PPO option because</li> </ul> | ■ You may receive care from doctors or hospitals not in the network and still receive some coverage, but at these times, you will pay a larger portion of the bill (and also fill out the claims forms). |
|   | even if their doctor is not a part of the network, it means they do not have to change doctors to join a PPO.   | If you want drug coverage and your HMO or PPO offers it, you must enroll in <i>their</i> plan. You may not choose a stand-alone prescription drug plan.  |

### **Private Fee-For-Service PROs and CONs**

| Plan type                          | © PROs  | © CONs   |
|------------------------------------|---|--|
| Private Fee-For-<br>Service (PFFS) | <ul> <li>Offers the most choices of doctors and hospitals, no provider network. Enrollees may access any provider that accepts Medicare and the administrative terms of the health plan.</li> <li>It has all the flexibility of Original Medicare, plus the coverage of essentially a Medigap policy, but at a substantially lower price.</li> <li>Most fee-for-service plans have a "cap" – the most you will have to pay for medical bills in any one year.</li> <li>Only plan that may combine MA medical benefits and a stand-alone drug plan.</li> <li>Provides Medicare Advantage options in rural counties.</li> </ul> | <ul> <li>It is up to physicians whether to take you or not; not all providers that accept Medicare will accept all PFFS plans.</li> <li>Physicians can opt to decline a PFFS plan at any time during the year.</li> <li>You may have to fill out forms and send them to your insurer.</li> <li>Some services are limited or not covered at all.</li> <li>In a Private Fee-For-Service plan, beneficiaries might have to pay up to 15% more than the Original Medicare approved amount to a plan provider.</li> </ul> |

# MA Open Enrollment Period (OEP) limits: January 1 — March 31 every year

| If coverage <u>you have</u> is                                  | Can use OEP to get   | Cannot use OEP to get   |
|---|--|---|
| Medicare Advantage with prescription drug coverage (MA-PD)      | A different MA-PD <b>or</b> Original<br>Medicare + PDP <b>or</b> MA-PFFS<br>+ PDP                  | MA-only <b>or</b> Original Medicare only (cannot drop drug coverage)                        |
| Medicare Advantage with no prescription drug coverage (MA-only) | A different MA-only <b>or</b><br>Original Medicare only  | MA-PD <b>or</b> Original Medicare + PDP (cannot add drug coverage)                          |
| MA-only PFFS + PDP  | MA-PD <b>or</b> different MA-only<br>PFFS and same PDP <b>or</b> Original<br>Medicare and same PDP | MA-only <b>or</b> Original Medicare only (cannot drop drug coverage)                        |
| Original Medicare and a prescription drug plan (PDP)            | MA-PD <b>or</b> MA-PFFS and the same PDP   | MA-only <b>or</b> A different PDP to use with Original Medicare (cannot drop drug coverage) |
| Original Medicare only  | MA-only  | MAPD <b>or</b> Original Medicare + PDP (cannot add drug coverage)                           |
| MSA   | Not applicable   | The MA OEP does not apply to enrollment into <b>or</b> disenrollment from an MSA plan       |

- To switch from one Medicare Advantage plan to another Medicare Advantage plan, just enroll in the new plan. **Don't disenroll from the old plan.**
- When going from a Medicare Advantage Plan to Original Medicare *disenroll from the Medicare Advantage* plan in writing.

<sup>\*</sup> This plan did not submit benefit information by our publication deadline. Please contact the plan or visit <u>www.medicare.gov</u> (click on "Compare Health Plans") for plan details.

<sup>\*\*</sup> Includes AARP MedicareComplete provided by SecureHorizons and SecureHorizons by UnitedHealthcare and SecureHorizons MedicareDirect plans.

## Medicare Special Needs Plans (SNPs)

These are specially designed MA plans with membership limited to certain groups of people. Medicare SNPs must provide all Medicare Part A, Part B, and Part D health care, services, and prescription drug coverage. People who have both Medicare and Medicaid (dual eligibles), or those who reside in institutions such as nursing homes, or those who have been diagnosed with certain chronic or disabling diseases may be eligible to join one of these plans.

New enrollees to SNPs have a once-only Special Enrollment Period (SEP) to enroll for the first time at any time during the year. After that, any changes must occur during Annual Election Period (AEP), Nov. 15-Dec. 31, or MA Open Enrollment Period (OEP), Jan. 1-Mar 31.

## Choosing a Medicare Advantage plan

The following pages describe Medicare Advantage plans from the companies that submitted this information. On pages 126-127 are the names and contact information of additional plans that did not submit information by our deadline.

This guide does not separate plans with prescription drug coverage from those without this coverage. At the bottom of the page for each plan we provide information on the Part D prescription drug benefit.

#### How do I select a plan?

- What plans are offered in my area? See Medicare Advantage Plan Availability charts on pages 58-61.
  Look in the upper right-hand corner of each plan description page under "Plan service areas" to see what plans are available to you.
- Will your doctor and hospital accept the plan?
  Ask your doctor(s) and hospital what plans they accept. Even though a plan may be offered in your area, providers do not have to participate. In some plans, if your doctor is not part of the preferred network, you will have to pay more to see that doctor. It's VERY IMPORTANT to understand whether the plan you're considering includes your doctors and hospital of choice.
- Call for the above information for yourself. Web pages and printed materials can be incorrect and an agent wanting to sell you a plan may be misinformed.

■ Can I afford the plan?

Make sure you understand the coverage, including premiums and out-of-pocket costs. The following pages list your share of the costs. Here are some of the words you'll want to understand:

- Premiums: The amount you pay monthly to have the plan and Part B Medicare premium.
- Maximum out-of-pocket costs: This is the most you have to pay in a year for covered services, excluding Part D drugs, before the plan starts paying 100 percent. Caution: Not all covered services may count toward out-of-pocket total.
- Co-pays: This is a fixed amount you pay when you visit a doctor or other provider.
- Coinsurance: A percentage of costs that you pay for the service.
- Prescription drug coverage

Do you want prescription drug coverage with your Medicare Advantage plan? Most HMO/PPO plans offer prescription drug coverage. MA/PFFS plans allow you to buy a stand-alone prescription drug plan.

#### Help comparing plans

A SHIBA volunteer can help you compare the plans, and the plan rules, such as how and when you may disenroll. For a SHIBA contact in your area, call (800) 722-4134, visit <u>www.medicare.gov</u>, or call (800) MEDICARE.

# Glossary

**Actual charge:** This is the amount a physician or supplier actually bills a patient for a particular medical service or supply. This may differ from the allowable amount under Medicare.

**Assignment:** A method of payment under Medicare Part B. The doctor agrees to accept the amount of the Medicare approved charge as full payment.

**Attained-age policies:** Insurance policies whose premiums increase based on the age of the insured.

**Benefit period:** The period for which benefits are payable. In Original Medicare Part A, for example, your benefit period begins on the first day of hospitalization and ends when you have been out of the hospital or associated SNF for 60 consecutive days.

Catastrophic coverage: The highest amount of money paid out-of-pocket before a health plan pays the majority or all copayment amounts. Medicare Part D catastrophic coverage begins at \$4,350 out-of-pocket and \$6,153.75 in total drug costs (total drug costs include what the beneficiary and other payers have paid.)

CMS: Centers for Medicare and Medicaid Services.

**Coinsurance:** A fixed percentage paid per service received or prescription filled.

**Co-payment:** A fixed dollar amount paid per service received or prescription filled.

**Community rating (no-age):** A rating method that assigns a single rate to all ages and classes of individuals in the group, regardless of risk factors such as age or health.

**Cost-sharing tier:** Different levels of co-payment amounts depending on the type of drug. The lowest co-payment is for generics, followed by formulary brands, and a non-formulary co-payment is in the highest tier.

**Creditable coverage:** An insurance policy that is determined to be as good or better than Medicare coverage.

**Crossover claim participant:** A Medigap company that pays to have claims submitted to them electronically, directly from Medicare. This eliminates the need for the beneficiary to submit claims to a secondary payer.

**Deductible:** A dollar amount determined by an individual's insurance policy (including Medicare) that must be paid by the insured individual for covered services before Medicare or the insurance policy begins paying.

**Demonstration project:** A government-sponsored experimental program offered in particular areas. Participants have the same rights and protections with a demonstration project as with any other plan.

**Diagnosis related groups (DRGs):** Categories of illnesses assigned a dollar amount by the federal government to determine the actual payment Medicare will make to a hospital for treatment of a specific illness.

Dual eligible: A person who has Medicare and Medicaid.

**Effective date:** The date on which an insurance policy is in effect and its coverage begins.

**Election period:** The period during which an eligible person may join or leave Original Medicare or a Medicare Advantage plan.

**Electronic Funds Transfer (EFT):** The transfer of funds from one account to another by computer.

Elimination period: See Waiting period.

**End-Stage Renal Disease (ESRD):** A medical condition in which a person's kidneys no longer function, requiring dialysis or a kidney transplant to maintain life.

**Excess charge:** The difference between a health-care provider's actual charge and the Medicare-approved amount. The maximum amount that providers, who do not accept assignment, can charge for a covered service is 15 percent above Medicare's approved amount. This is an additional cost to the beneficiary above the 20 percent coinsurance payment. (See Assignment.) Medigap plans F, G, I, and J will pay part or all of excess charges.

**Federal poverty level (FPL):** The income level set by the federal government to determine eligibility for many needsbased programs.

**Foreign travel benefits:** Medicare supplement coverage for medically necessary emergency care in a foreign country; covers 80 percent of billed charges not covered by Medicare for Medicare-eligible expenses. Subject to time limits, deductibles, and a lifetime maximum.

**Formulary:** A list of drugs that a health plan will cover. Formulary drugs usually have lower co-payments than nonformulary drugs. A formulary is also known as a Preferred Drug List.

**Guaranteed-issue rights:** A consumer's right to purchase insurance policies during certain periods and under certain circumstances in which insurance companies are required by law to offer them. For more information, see the topics "When can I buy a Medigap policy?" and "Can I get credit for my prior coverage?" on pages 20-21. Some companies offer guaranteed-issue policies beyond those required by law.

**Guaranteed renewable policy:** A policy that cannot be canceled as long as the policyholder continues to pay the premium. All standard Medigap policies are guaranteed renewable.

Health Maintenance Organizations (HMO): A type of Medicare Advantage Plan that is available in some areas of the country. Plans must cover all Medicare Part A and Part B health care. Some HMOs cover extra benefits, like extra days in the hospital. In most HMOs, you can only go to doctors, specialists, or hospitals on the plan's list except in an emergency. Your costs may be lower than in the Original Medicare Plan.

High-deductible Medigap policies: Two standardized Medigap policies that have the same benefit packages as Plan F or Plan J, except that the policies have a high deductible (\$2,000 in 2009). The beneficiary is responsible for payment of expenses up to this amount; the policy pays 100 percent of covered out-of-pocket expenses once the deductible has been met. These plans are referred to as "High F" and "High J."

Home health care: Skilled nursing care and support services for individuals who do not need institutional care. Such services are provided during intermittent home visits and may include nursing care, physical therapy, speech and hearing therapy, occupational therapy, social services, and some support services.

## Glossary, continued

**Initial Enrollment Period (IEP):** The seven-month period surrounding your 65th birthday. (Three months prior to your birth month plus your birth month plus the three months following your birth month.)

**Issue-age policies:** Policies whose premiums are based on your age when you buy them. Premiums will not increase due to your increase in age; however, premiums may increase for other reasons.

**LIS (Low income subsidy):** The LIS program is operated by the Social Security Administration and provides extra help with prescription drug costs for individuals who meet the income and asset requirements.

LTC: Long term care.

**MA:** Medicare Advantage Plans (currently known as Medicare Managed Care organizations. They replace Medicare + Choice plans.)

**MAPD:** Medicare Advantage Plan with prescription drug coverage.

Managed Care Organization (MCO): In most managed care plans, you can only go to doctors, specialists, or hospitals on the plan's list except in an emergency. Plans must cover all Medicare Part A and Part B health care. Some managed care plans cover extra benefits, like extra days in the hospital. In most cases, a type of Medicare Advantage Plan that is available in some areas of the country. Your costs may be lower than in the Original Medicare Plan.

**Medicare cost plan:** Centers for Medicare and Medicaid Services (CMS) is not approving new cost plans. Medicare cost plans are carried forward from the early days of Medicare.

Medicare Medical Savings Account (MSA): A high-deductible MA plan combined with a savings account. The plan deposits money from Medicare to the account; you can use this money to pay your medical expenses until the deductible is met. MSAs do not include prescription drug coverage; enroll in a stand-alone PDP for drug coverage.

Medicare risk plan: Centers for Medicare and Medicaid Services (CMS) pays an HMO an amount equal to 95 percent of the average adjusted per capita cost (AAPCC) for each enrollee in the plan. The HMO uses these funds to provide care to Medicare-eligible enrollees. Competition for enrollees often is so intense that HMOs offer enrollees incentives, such as discounts on prescription drugs and dental and vision care coverage, to join their plans.

Medicare Select plans: Medicare Select plans (a type of Medigap plan) are standardized plans that require insureds to use specific hospitals and doctors to get full insurance benefits (except in an emergency.) For this reason, Medicare Select policies generally have lower premiums. Medicare Select policyholders who don't use Medicare Select providers for non-emergency services have to pay what Medicare does not pay. Medicare will pay its share of approved charge no matter what provider you choose.

**Medicare Summary Notice (MSN):** A document that explains to beneficiaries what Medicare has and has not paid for; formerly called the "Explanation of Medicare Benefits."

Medigap plans: Standardized Medicare Supplement plans.

**MMA:** Medicare Prescription Drug, Improvement and Modernization Act.

**Open Enrollment Period (OEP):** The period when plans must accept applicants, as long as the plan has not met its maximum enrollment capacity.

**Original Medicare:** This coverage includes Part A, hospital expenses, and Part B, medical expenses.

**Out-of-pocket cost:** The patient's share of any medical care costs not covered by insurance and Medicare. These are the deductibles, coinsurance, and co-payments that beneficiaries are required to pay.

**Out-of-pocket maximum:** A limit, in some plans, on out-of-pocket expenses. Insureds whose out-of-pocket expenses exceed the maximum don't have financial responsibility for covered benefits.

Outpatient Prospective Payment System (OPPS): System under which Medicare pays a set amount for covered outpatient services. You or your insurer are responsible for your deductible and a co-payment amount that may vary according to the service.

**Program of All-Inclusive Care (PACE):** A combination of medical, social and long-term care services for frail elderly people. *Available in Portland only.* 

PDP: Prescription Drug Plan.

**Penalty:** An amount added to your monthly premium for Medicare Part B or for Medicare Part D if you do not join when you are first eligible. You pay this higher amount as long as you have Medicare. There are some exceptions.

**Point-Of-Service (POS) option:** An HMO option that lets you use doctors and hospitals outside the plan for an additional cost.

**Pre-existing condition:** A medical condition diagnosed, treated, or needing treatment prior to the purchase of an insurance policy. A pre-existing condition may be excluded for a period specified in the policy. Look for "Pre-ex" in this publication's list of Medigap companies; the first number following "Pre-ex" refers to the number of months of your health history that the insurer will review to determine your pre-existing conditions. The second number is the number of months for which the insurer will not cover expenses related to a pre-existing condition. For example, 6/3 means that if you received medical advice or treatment for a condition within six months of the policy's effective date, the insurer will not cover that condition for the first three months the policy is in effect. If you met a previous policy's six-month pre-existing-condition waiting period, you may be exempt from the new policy's waiting period by qualifying for creditable coverage.

Preferred Provider Organization (PPO) plan: A type of Medicare Advantage Plan in which you pay less if you use doctors, hospitals, and providers that belong to the network. You can use doctors, hospitals, and providers outside of the network for an additional cost.

**Premium:** The amount paid to a plan for insurance coverage. The amounts listed in this guide are current as of the print date and are subject to change.

**Primary insurer:** When a person has more than one health insurance plan, the primary insurer is the one that covers the initial payments after the deductible, usually paying the largest share. The secondary insurer pays next.

## Glossary, continued

Private fee-for-service plan: A type of Medicare Advantage Plan in which you may go to any Medicare-approved doctor or hospital that accepts the plan's payment. The insurance plan, rather than the Medicare Program, decides how much it will pay and what you pay for the services you get. You may pay more or less for Medicare-covered benefits. You may have extra benefits the Original Medicare Plan doesn't cover.

Prospective Payment System (PPS): Also called Inpatient Prospective Payment System (IPPS), this system is used by Medicare to pay its bills. Medicare pays hospitals a predetermined rate based on categories of diagnoses. Federal law requires hospitals to accept the prospective payment rate as payment in full for in-hospital stays.

**Reserve days:** 60 additional days that may be used in conjunction with a hospital stay. These days are non-renewable and can only be used once per lifetime.

**Secondary insurer:** When a person has more than one health insurance plan, the secondary insurer pays after the primary insurer, and supplements the primary coverage.

**Service area:** The specified counties and/or ZIP codes that plans have agreed to cover. If there is a specific service area that is covered, it is listed with each plan.

**Skilled care:** Care which can only be provided by a licensed professional, such as a physical therapist, occupational therapist, R.N., etc.

**Skilled nursing facility (SNF):** A facility at which medically necessary (prescribed) care is provided by licensed health-care professionals.

**Special Enrollment Period (SEP):** Opportunity to join or leave a plan.

**Special Needs Plan (SNP):** Special needs plans are private insurance plans that provide Medicare benefits including drug coverage. Includes people eligible for Medicare and Medicaid, those living in certain LTC facilities and those with severe chronic or disabling conditions.

**Supplemental Security Income (SSI):** Monthly amount paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 or older.

**SSA:** Social Security Administration.

**Social Security Disability Insurance (SSDI):** Determined by Social Security, a monthly benefit for eligible people who are unable to work for a year or more due to a disability.

Troop: True Out-of-Pocket costs.

**Underwriting:** The process health insurance companies use to determine an applicant's insurability by asking potential policyholders questions and reviewing their health history and physical condition.

**Usual, customary, and reasonable (UCR) charges:** Fees commonly charged by physicians or other providers for particular services, treatments, or supplies. UCRs may vary throughout a state.

**Waiting period:** The amount of time that must pass before benefits will be paid or before pre-existing conditions or specific illnesses are covered by a health insurance policy.

"Exercise your brain... Volunteer with SHIBA"

"I often find my clients' cases lead me into dimensions of Medicare I never explored, so I'm always learning and I find that very stimulating!"

Linda Lord, Clackamas County volunteer

When I saw that seniors were going to be expected to access the Web to ascertain the best prescription drug plan for themselves, and I saw there was an opportunity to help with that, I had to leap right in."

Jim Knutson, Lincoln County volunteer

## **About SHIBA**

The Senior Health Insurance Benefits Assistance (SHIBA) program is part of the Oregon Department of Consumer & Business Services (DCBS). SHIBA is a statewide network of trained volunteers who provide one-on-one assistance to people with Medicare. The goal of these volunteers is to help people make better decisions about health insurance by providing confidential and objective health-insurance counseling.
