Subcommittee, Agency and Account Information

Subcommittee

Transportation, HUD

Agency

Department of Transportation (DOT), Office of the Secretary (OST)

Account

Transportation Planning, Research, and Development

Project Information

Project Name

The Peru Center Road Safety Study & Roadway Slide Repair Project

Project Description

The project would fund an Engineering and Environmental Study and Development of approximately 2.5 miles of Peru Center Road that connects U.S. Route 20 in Monroeville with S.R. 113. The Study will study & evaluate Seven (7) Roadway Slide Areas that exist along the east side of Peru Center Road. Each of these areas present a Safety Concern that an embankment failure would result in a lost of part or the roadway's entire pavement. The results of this Phase 1 would develop the preferred alternate for each of the areas and detailed construction estimates and schedules for the permanent repairs.

Amount Requested

\$200,000

State/Local Share of project cost

20% or \$50000

How much of the request can be spent in this fiscal year?

\$200,000

If this is a highway, transit, rail, or aviation request, did you check eligibility with the State DOT, FTA, FRA, or FAA?

No

If yes, did the State DOT, FTA, FRA, or FAA indicate the project is eligible under the account requested?

If this is an FHWA request, is the project considered by the State and/or regional transportation officials as critical to their needs?

Please include with the letter you deliver to the subcommittee a letter of support from these officials, and if you cannot, in this field explain why not

Intended Recipient of Funds

Huron County Engineer
150 Jefferson Street
Norwalk, OH 44857

Is the recipient a for-profit entity?

No

Explanation of the request (must include purpose and why it is a valuable use of taxpayer funds)

The project would fund an Engineering and Environmental Study and Development of approximately 2.5 miles of Peru Center Road that connects U.S. Route 20 in Monroeville with S.R. 113. The Study will study & evaluate Seven (7) Roadway Slide Areas that exist along the east side of Peru Center Road. Each of these areas present a Safety Concern that an embankment failure would result in a lost of part or the roadway's entire pavement. The results of this Phase 1 would develop the preferred alternate for each of the areas and detailed construction estimates and schedules for the permanent repairs.
