

THE GOLF COURSE: At 2530 yards for 9 holes, the AFRH Golf Course is not long, but still a challenging test of golf through rolling hills and tree-lined fairways. The course plays to a par of 35; the 1st hole a 460-yard par 5, two challenging par 3's and six par 4's that range from 225 to 370 yards. Play the golf course twice from two different sets of tees to make an 18-hole round, and you will also play our alternate green on hole number 11 – a bit more challenging than the approach to the 2nd hole. Most of the greens are generous in size, but can be tricky to putt.
