(If a relocation, indicate current and proposed addresses.) Any person wishing to comment on this application may file comments in writing with the licensing manager (*insert address of appropriate district office*) or (*appropriate Internet E-mail address*) within 30 days (*15 days for short-distance relocations*) of the date of this publication.

Specific Publication Requirements

Messenger Service or Mobile Branch — Publication in several newspapers may be required to establish messenger services or mobile branches that will serve several communities or geographic areas. Jointly Owned Branch — The publication must list all national banks that would own the branch.

Confidentiality

Any Applicant desiring confidential treatment of specific portions of the application must submit a request in writing with the application. The request must discuss the justification for the requested treatment. The Applicant's reasons for requesting confidentiality should demonstrate specifically the harm (for example, loss of competitive position, invasion of privacy) that would result from the public release of information (5 USC 552). Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section); (2) separately bound; and, (3) labeled "Confidential." The Applicant should follow the same procedure when requesting confidential treatment for the subsequent filing of supplemental information to the application.

The Applicant should contact the agency for specific instructions regarding requests for confidential treatment. The agency will determine whether the information submitted will be treated as confidential and will advise the Applicant of any decision to publicly release information labeled as "Confidential."

Filing Fees

The OCC does not require a corporate filing fee for a branch that will be located in an area that meets the following two requirements:

- The area is a low- or moderate-income area.¹
- No other depository institution operates a branch or main office in that area.

¹A low- or moderate-income area is a census tract or a block numbering area delineated by the United States Bureau of the Census in the most recent decennial census if median family income in that area is less than 80 percent of the median family income for the MSA if the area is located in an MSA or less than 80 percent of the statewide nonmetropolitan median family income if the area is located outside of an MSA.
