**SUPPLEMENTARY INFORMATION:** On May 8, 2008, the Alcohol and Tobacco Tax and Trade Bureau (TTB) published Notice No. 83, Proposed Revision of Distilled Spirits Plant Regulations, in the **Federal Register** (73 FR 26200). In that notice of proposed rulemaking, TTB requested public comment on its proposed comprehensive revision of the regulations governing distilled spirits plants. The 90-day comment period for Notice No. 83, when published, was scheduled to close on August 6, 2008.

After publication of Notice No. 83, TTB received a request from E. & J. Gallo Winery to extend the comment period for Notice No. 83 for an additional 120 days. Gallo, which operates three distilled spirits plants in California in addition to its wineries, noted in support of its request that it is preparing for the upcoming harvest season, "the busiest and most important months of the year for our company." As a result, Gallo noted that it would be difficult for the company to focus its attention on the complexities of the proposed rule.

In response to this request, TTB extends the comment period for Notice No. 83 for an additional 90 days, which together with the original 90-day comment period will leave Notice No. 83 open to public comment for 6 months. We believe this time period will allow industry members and the public to fully consider the proposals outlined in Notice No. 83. Therefore, comments on Notice No. 83 are now due on or before November 5, 2008.

*Drafting Information:* Michael D. Hoover of the Regulations and Rulings Division drafted this notice.

Signed: July 29, 2008.
