MEMORANDUM

DATE: June 17, 2008

TO: Barry Wallerstein, D. Env., Executive Officer

FROM: Mohsen Nazemi, P. E. Deputy Executive Officer *Mohsen Nazemi*

SUBJECT: Issuance of Notice of Violation to TXI/Riverside Cement Company

Based on our continued surveillances and inspections conducted at TXI/Riverside Cement Company (TXI/Riverside), located at 1500 Rubidoux Blvd, Riverside, we have determined that TXI/Riverside has operated in violation of AQMD Rules and Regulations. Therefore, on June 8, 2008, the Engineering & Compliance staff issued the following Notice of Violation to TXI/Riverside :

Notice of Violation #P10403 (copy attached), for violating the following rule on June 7, 2008:

↳ Rule 1156 (d)(1)(C)

Creating or allowing visible dust plumes exceeding 100 feet in length.

This violation was observed by AQMD inspectors during surveillance and inspection activities conducted at or about 2:30 a.m. on June 7, 2008.

My staff will continue our inspections and surveillances and evaluate and review additional information and records to ensure that TXI/Riverside is operating in compliance with all applicable air quality rules and regulations. Please let me know if you have any questions or need additional information. Thanks.
