

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 300**

[FRL-7933-1]

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List**AGENCY:** Environmental Protection Agency.**ACTION:** Notice of intent to delete the Fadrowski Drum Disposal Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 5 is issuing a notice of intent to delete the Fadrowski Drum Disposal Superfund Site (Site) located in Franklin, Wisconsin, from the National Priorities List (NPL) and requests public comments on this notice of intent. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at appendix B of 40 CFR part 300 of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Wisconsin, through the Wisconsin Department of Natural Resources, have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" section of today's **Federal Register**, we are publishing a direct final notice of deletion of the Fadrowski Drum Disposal Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final deletion. If we receive no adverse comment(s) on this notice of intent to delete or the direct final notice of deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will withdraw the direct final notice of deletion and it will not take effect. We will, as appropriate, address all public comments in a subsequent final deletion notice based on this notice of intent to delete. We will not institute a second comment period on this notice of intent to delete. Any parties interested in commenting must do so at this time. For additional information, see the direct final notice of deletion which is located

[ET Docket No. 05-24; FCC 05-121]

DTV Tuner Requirements**AGENCY:** Federal Communications Commission.**ACTION:** Proposed rule.

SUMMARY: This document proposes to advance the date on which all new television receiving equipment must include the capability to receive over-the-air DTV broadcast signals from July 1, 2007, to a date no later than December 31, 2006. This revision would require all television receivers to include DTV tuners on a schedule not later than the statutory target date for the end of the DTV transition, when analog television service is to end. This proposal is intended to apply the DTV tuner requirement to all TV receivers on an advanced schedule that will allow a more rapid completion of the DTV transition while providing manufacturers with adequate time to include DTV tuners in all their TV products.
