## Roseburg Office Heating, Ventilating, and Air Conditioning (HVAC) System Replacement – #36

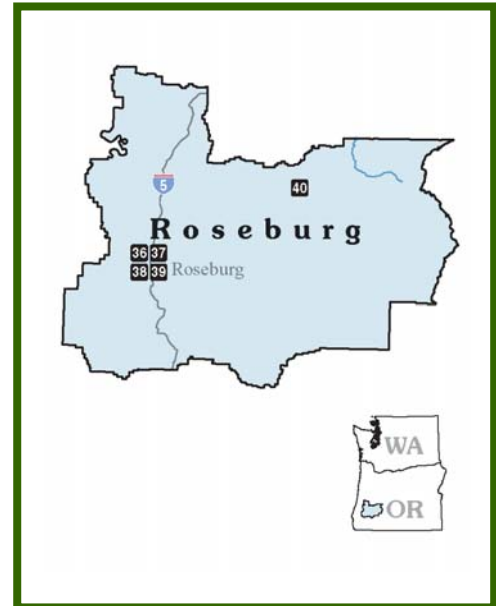

**Need:** The existing HVAC system for the BLM owned Roseburg District Office is over 35 years old. The system is inefficient, requires a high level of maintenance and repair and needs to be replaced.

The project would replace the existing system with a modern, energy-efficiently designed HVAC system.

**Recovery Act Funding:** Work will begin immediately after the contracts have been awarded and will continue for the next 12 to 18 months creating 3 to 4 jobs.

The project will use architectural and engineering, engineers, and construction contractors for system evaluation, engineering design, materials and labor, heavy equipment and operators for construction and installation, and inspectors.

**Benefits:** The upgraded HVAC system will be more energy-efficient and cost effectiveness than the existing system.

### More Information: BLM Roseburg District

Jay Carlson, District Manager  
777 NW Garden Valley Blvd., Roseburg, OR 97471  
(541) 440-4930

Robert Hall, Public Affairs Officer
