¹ The out-of-pocket maximum is the annual limit on the amount of covered expenses that a participant or a family must pay after the deductible has been satisfied. Once reached, covered expenses are fully reimbursed for the rest of the year.

² The percentile groupings are based on the average wage for each occupation surveyed, which may include workers both above and below the threshold. The percentile values are based on the estimates published in the "National Compensation

Survey: Occupational Earnings in the United States, 2007." See Technical Note for more details.

NOTE: Dashes indicate that no data were reported or that data do not meet publication criteria. For definitions of major plans, key provisions, and related terms, see the "Glossary of Employee Benefit Terms" at www.bls.gov/ncs/ebs/glossary20082009.htm.
