How to Apply for Grants

OJP encourages all interested applicants to register to apply for funding. Potential applicants need to obtain a DUNS (Data Universal Numbering System) number and register with the Central Contractor Registration (CCR) registrant database. A DUNS number is a unique number that identifies an organization and helps track the distribution of grant money. The CCR is a central repository of organizations working with the federal government.

Applications must be submitted through OJP's online Grants Management System (GMS).

To access the system, please visit:

<https://grants.ojp.usdoj.gov>. Applicants should begin the process immediately to meet the GMS registration deadline, especially if this is the first time they have used the system. Each application requires a separate GMS registration. The registration process for organizations includes: (1) Obtaining a Data Universal Numbering System (DUNS) number; (2) Registering your organization with the Central Contractor Registration (CCR) database; and (3) Registering with GMS prior to applying.

Most state agencies and units of local government (towns, townships, villages, parishes, cities, counties, and other general purpose political subdivisions of a state) have already established a DUNS number. First tier subawardees must also have a DUNS number and register with the CCR. Please check with your grants administrator or chief financial officer to see if your organization has a DUNS number. To obtain a DUNS number, call the Dun & Bradstreet (D&B) Customer Resource Center at 1-866-705-5711 or visit <http://fedgov.dnb.com/webform/displayHomePage.do>.

To verify or renew a CCR registration, visit <http://www.ccr.gov/>. If your organization is not registered with CCR, identify a primary contact who should register your organization. Keep in mind that your organization must receive a DUNS number before it can register with CCR. Organizations must update or renew their CCR registration at least once per year to maintain an active status. Please allow up to three weeks to complete the CCR registration process.
