**Re: 16 CFR Part 303 – Textile Rule 8, Mohawk, DuPont, and PTT Canada Comment  
Matter No. P074201**

To Whom It May Concern:

I have been selling Mohawks polyester PET for several years. We have had very few problems with this yarn. Then Mohawk came out with Sorona or SmartStrand or PTT. It is truly been a wonder time to be in flooring and sell this new product. This fabric is truly unique and not only I but my customers love it. I have sold this to people who are really hard on carpet. But the carpet performs like nothing I have ever sold before. It is truly a tough fabric that can really take a beating.

Mohawk Industries wants to have this fabric reclassified. They have every right to be considered for this. PTT, Sorona and SmartStrand should all just be called SmartStrand. This is what I call this fabric to my customers and they understand. They really understand after they have bought SmartStrand.

Please work with Mohawk Industries to reclassify this fabric. It is so much more than just polyester.
