#### ~WHAT IS A FREEHOLDER?~

A Freeholder is the elected county government representative in New Jersey who serves on the county's main governing body, the Board of Chosen Freeholders.

The Sussex County Board of Chosen Freeholders sets policy for five County departments and 13 divisions, plus a number of boards, commissions, authorities and committees. The Freeholders appoint a county administrator to supervise the actual day-to-day operation of county government.

#### ~ABOUT COUNTY GOVERNMENT IN NEW JERSEY~

The word "freeholder" traces its origin to medieval England. It was introduced here by the British colonists who brought with them the concept of the county as the local unit of government. When the British settled in the "new world," they also brought with them the idea that only those who owned land free of any debt could vote and hold public office. Those who could vote were known as "free-holders" and those who were elected to office were the "chosen free-holders."

The basic law establishing the freeholder form of county government in New Jersey was enacted in 1798. In the beginning, each corporate municipality was represented by a freeholder on the county governing board. But as the number of municipalities increased to the point where some boards were bogged down by sheer weight of numbers, the law was changed. In 1912 the "Small Board" Act was adopted, permitting counties to elect freeholders from the county at large. The exact number of freeholders making up each county board was to be determined by the respective county's population. The law was permissive, and subject to approval by the voters at a referendum.

Since its enactment, 17 of New Jersey's 21 counties have taken advantage of this Act. Only four: Gloucester, Salem, Atlantic and Cumberland, retain the historic form with one freeholder elected from each governing body or subdivision. Sussex County has five freeholders. A county may have between three and nine, depending on its population and classification.

The freeholders are elected at-large to serve three-year staggered terms. The five freeholders elect a director from among themselves to run their meetings and to serve as spokesperson for the board.

New Jersey is the only state whose elected county representatives are called **freeholders**.

#### **#SUSSEX COUNTY FLAG#**

The flag, with its background of warm, vibrant yellow, represents the sun or a harvest moon as it spreads its light over the mountains, hills and valleys.

The gentle blue is the reflection of the tonality of the sky upon our beautiful crystal lakes while the stars remind us of our high ideals.

The gentle waving wheat gives living evidence of the fertility of thought, words and deeds. This is Sussex County.

#### **#SUSSEX COUNTY SEAL**#

The colors are gold and blue featuring a sheaf of wheat. It is a Gold Seal with a solid blue circle in the middle. In the blue circle is a sheaf of wheat and three white stars. Below the circle is a ribbon with Sussex County and the date 1753.

#### **#AN INVITATION TO SUSSEX COUNTY #**

Sussex County, located in the northwest corner of New Jersey, is well-known as a four-season recreational community. With its mountains and more than 80 lakes and streams, thousands of visitors are attracted here each year to enjoy camping, hiking, picking apples in the fall, swimming, boating and fishing, as well as, skiing on our popular slopes for wintertime fun. State parks located within its boundaries also offer campers and other devotees of outdoor life, opportunities for year-round recreational fun.

Approximately 40 miles of the Appalachian Trail traverses through the northern section of Sussex County. The western section of the County is located in the Appalachian Zone, known here as the Kittatinny Valley and Mountains, where a great variety of mineral deposits have been discovered. Comprised mainly of granite and gneiss, the eastern third of the County is almost entirely in the Highlands, and forms part of the oldest geological strata in North America.

Rich in folklore and wealthy in history, Sussex County is one of the last of the 21 counties in New Jersey to retain its rural characteristics. Visitors to Sussex County can take a step back in time and view 100-year-old homes and one-room schoolhouses preserved to perfection, or spend a day browsing in the many antique shops located throughout the region.

Whether you enjoy science, history or the beautiful natural resources so plentiful to our region, spending a day or a week with us, Sussex County has something to offer to satisfy everyone's recreational and educational interests.

Come visit us soon, and see what you've been missing!
